*The Workbook on the Ten Commandments* Maxie Dunnam, Kimberly Dunnam Reisman, 2017-02-15 Our culture is debating about when it is permissible to display the Ten Commandments said a reviewer of this book *The Workbook on the Ten Commandments* will help them be displayed in the one place that matters your life Small groups looking for Bible study that meets real life will welcome this skillfully presented study of the Ten Commandments Biblical context and contemporary application are woven throughout eight weeks of study Reflection questions draw the reader deeper into God's purpose for each commandment in our lives today A clearly outlined group meeting plan caps each week These sessions include community building exercises time for singing hymns and discussion and time to pray together *Quarterly Review of the Evangelical Lutheran Church*, 1917 *The Lancaster Law Review*, 1909 **The United Methodist Periodical Index**, 1977 **The Islamic Review**, 1926 **The Lawyer & Banker and Southern Bench & Bar Review** Charles E. greatest critics I have ever encountered does Edwin Howard Memphis Business Journal The Western Case for Monogamy over Polygamy John Witte, Jr,2015-04-30 For more than 2 500 years the Western tradition has embraced monogamous marriage as an essential institution for the flourishing of men and women parents and children society and the state At the same time polygamy has been considered a serious crime that harms wives and children correlates with sundry other crimes and abuses and threatens good citizenship and political stability The West has thus long punished all manner of plural marriages and denounced the polygamous teachings of selected Jews Muslims Anabaptists Mormons and others John Witte Jr carefully documents the Western case for monogamy over polygamy from antiquity until today He analyzes the historical claims that polygamy is biblical natural and useful alongside modern claims that anti polygamy laws violate personal and religious freedom While giving the pro and con arguments a full hearing Witte concludes that the Western historical case against polygamy remains compelling and urges Western nations to hold the line on monogamy The North American Review ,1885 **Religious Books 1876-1982** ,1983 The Literary World ,1892
