Peter Gray, Kendrick Oliver, 2004-09-04 Memories of catastrophes both those which occur naturally and those which are consequences of human actions loom large in the modern consciousness The volume opens with an investigation of the concepts of catastrophe and collective memory and the relationships between them Arguing that a pervasive catastrophic memory may be as disabling as it is instructive Gray and Oliver stress the necessity of rendering the phenomenon subject to secular critical inquiry The value of such an approach is then demonstrated in a series of case studies Autobiography / Autofiction Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers The Oxford Encyclopedia of American Military and Diplomatic History Timothy J.
