Madame Ambassador Anne Guthrie,1963 **The Century's Midnight** Clive Bush,2010 The Century's Midnight is an exploration of the literary and political relationships between a number of ideologically sophisticated American and European writers during a mid twentieth century dominated by the Second World War Clive Bush offers an account of an intelligent and diverse community of people of good will transcending national ideological and cultural barriers Although structured around five central figures the novelist Victor Serge the editors Dwight Macdonald and Dorothy Norman the cultural critic Lewis Mumford and the poet Muriel Rukeyser the book examines a wealth of European and American writers including Hannah Arendt Simone de Beauvoir Walter Benjamin John Dos Passos Andr Gide Henry Miller Ana s Nin George Orwell Boris Pilniak Albert Camus Jean Paul Sartre Ignacio Silone and Richard Wright The book's central theme relates politics and literature to time and narrative The author argues that knowledge of the writers of this period is of inestimable value in attempting to understand our contemporary world *Cosmopolitan Elites* Kira Huju,2023-11-13 *Cosmopolitan Elites* narrates the birth everyday life and fracturing of a Western dominated global order from its margins It offers a critical sociological examination of the elite Indian Foreign Service and its members many of whom were present at the founding of this order Kira Huju explores how these diplomats set out to remake the service in the name of a radically anti colonial global subaltern but often ended up seeking status within its hierarchies through social mimicry of its most powerful actors This is a book about the struggles of belonging it revisits what it takes to be a recognized member of international society and asks what the experience of historically marginalized actors inside the diplomatic club can tell us about the evident woes of global order today In interrogating how Indian diplomats learned to live under a Westernized world order it also offers a sociologically grounded reading of what might happen in spaces like India as the world transitions past Western domination An awkward balancing act animates the order making of India's cosmopolitan diplomats despite a genuine desire to strive toward a postcolonial world founded on diversity difference and the symbolic representation of a global subaltern there is a strong sense of a lingering caricature like notion of a white European dominated homogenous club to which Indian diplomats feel a deep rooted and colonially embedded desire to belong Cosmopolitanism operates inside this balancing act not as an international ethic upholding an equal tolerant or liberal global order but rather as an elite aesthetic which presumes cultural compliance diplomatic accommodation and social assimilation into Western mores Based on 85 interviews with Indian diplomats politicians and foreign policy experts as well as archival work in New Delhi the book asks what the experience of historically marginalized actors inside the diplomatic club tells us about the social hierarchies of race class religion gender and caste under global order *Women of India* Harshida Pandit,2017-04-07 The status and position of

Women and the UN Rebecca Adami, Dan Plesch, 2021-07-28 This book provides a critical history of influential women in the United Nations and seeks to inspire empowerment with role models from bygone eras. The women whose voices this book presents helped shape UN conventions, declarations, and policies with relevance to the international human rights of women throughout the world today. From the founding of the UN up until the Latin American feminist movements that pushed for gender equality in the UN Charter and the Security Council Resolutions on the role of women in peace and conflict, the volume reflects on how women delegates from different parts of the world have negotiated and disagreed on human rights issues related to gender within the UN throughout time. In doing so, it sheds new light on how these hidden historical narratives enrich theoretical studies in international relations and global agency today. In view of contemporary feminist and postmodern critiques of the origin of human rights, uncovering women's history of the United Nations from both Southern and Western perspectives allows us to consider questions of feminism and agency in international relations afresh. With contributions from leading scholars and practitioners of law, diplomacy, history, and development studies, and brought together by a theoretical commentary by the Editors, *Women and the UN* will appeal to anyone whose research covers human rights, gender equality, international development, or the history of civil society.
