Japan and Japonisme in Late Nineteenth Century Literature Naomi Charlotte Fukuzawa, 2024-10-07 This book examines the transnational phenomenon of Japonisme in the exoticist and autoexoticist literature of the late nineteenth century. Focusing on the way in which reciprocal processes of transcultural acquisition by Japan and from Japan were portrayed in the medium of literature, the book illustrates how literary Japonisme and the wider processes whereby Japan with its alien exotic culture and unique refined aestheticism was absorbing Western civilization in its own way in the late nineteenth century at the same time as the phenomenon of Japonisme was occurring in Western fine arts which were inspired by traditional Japanese artistic practices. Specifically, the book focuses on the literary works of Lafcadio Hearn and Pierre Loti who travelled from France and America respectively to Japan and Mori Gai and Natsume Soseki who in turn went respectively to Germany and England from Japan. Exploring the eclectic hybridity of Japan's modernization during the late nineteenth century, this book will appeal to students and scholars of Japanese Studies, Postcolonial Studies and Comparative Literature.

Butterfly's Sisters Yoko Kawaguchi, 2010-11-30 In this fascinating and wide-ranging book, Yoko Kawaguchi explores the Western portrayal of Japanese women and geishas in particular from the mid-nineteenth century to the present day. She argues that in the West, Japanese women have come to embody certain ideas about feminine sexuality, and she analyzes how these ideas have been expressed in diverse art forms ranging from fiction and opera to the visual arts and music videos. Among the many works Kawaguchi discusses are the art criticism of Baudelaire and Huysmans, the opera *Madama Butterfly*, the sculptures of Rodin, the Broadway play *Teahouse of the August Moon*, and the international best-seller *Memoirs of a Geisha*. *Butterfly's Sisters* also examines the impact on early twentieth-century theatre, drama, and dance theory of the performance styles of the actresses Madame Hanako and Sadayakko, both formerly geishas. *Madame Prune (Classic Reprint)* Pierre Loti, 2015-07-19 Excerpt from *Madame Prune*: To my good companions of the Redoubtable in memory of their true comradeship during our twenty-two months' voyage, I dedicate this book in which I have aimed at recording only some few of the things which amused us without laying stress upon our fatigues and our labours. Throughout it is but surface-skimming, written from day to day nearly three years ago, before the Japanese had yet begun to sprinkle with their blood the plains of Manchuria. To-day, despite the brutality of their initial attack, their courage beyond question deserves one's homage, and I wish to salute here deeply and seriously the heroic little yellow soldiers fallen before Port Arthur or on the way to Moukden. But it does not appear to me that the respect due to so many dead obliges me to alter the picture which remains with me of their country.
