Macedonia Jovan Pavlovski, Mishel Pavlovski, Zaharija Pavlovska, Blagoya Drnkov, 2004 *The Macedonian Question and the Macedonians* Alexis Heraclides, 2020-12-31 This book is a comprehensive and dispassionate analysis of the intriguing Macedonian Question from 1878 until 1949 and of the Macedonians and of their neighbours from the 1890s until today with the two themes intertwining The Macedonian Question was an offshoot of the wider Eastern Question i e the fate of the European remnants of the Ottoman Empire once it dissolved The initial protagonists of the Macedonian Question were Greece Bulgaria and Serbia and a Slav speaking population inhabiting geographical Macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the Macedonians something unacceptable to its three neighbours Alexis Heraclides analyses the shifting sands of the Macedonian Question and of the gradual rise of Macedonian nationhood with special emphasis on the Greek Bulgarian and Serbian claims to Macedonia 1870s 1919 the birth and vicissitudes of the most famous Macedonian revolutionary organization the VM O RO and of other organizations 1893 1940 the appearance and gradual establishment of the Macedonian nation from the 1890s until 1945 Titos s crucial role in Macedonian nationhood cum federal status the Greek Macedonian name dispute 1991 2018 including the skeletons in the cupboard the deep seated reasons rendering the clash intractable for decades the final Greek Macedonian settlement the 2018 Prespa Agreement the Bulgarian Macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the Macedonian language and the Macedonian national historical narrative The author also addresses questions around who the ancient Macedonians were and the fascination with Alexander the Great This monograph will be an essential resource for scholars working on Macedonian history Balkan politics and conflict resolution *The New Macedonian Question* J. Pettifer, 1999-05-19 The Macedonian question has been at the heart of the Balkan crisis for most of the twentieth century This important book is the first to bring together international experts to analyse the recent history of Macedonia since the break up of Yugoslavia and includes seminal analyses of key issues in ethnic relations politics and recent history It is edited by James Pettifer a British authority on the southern Balkans and is likely to prove a landmark in its field *The Macedonian Times* , 2004 **The New York Times Current History** , 1915 *The Macedonian Question, Yesterday and To-day* Georgi Bazhdarov, 1926 **Macedonia Yesterday and Today** S. E. L. Barrey, 1987-01 **Diplomacy on the Edge** Geert-Hinrich Ahrens, 2007-03-06 Ahrens provides the general history of the conflicts and brings the story up through 2004 *New York Times Current History* , 1915 **Minorities in the Balkans** Vladimir Ortakovski, 2021-10-25 This unique book examines the international law of minority rights as it has been applied in the Balkans since the First World War contending that this region where minority rights issues are acute and abundant holds the promise of an enforceable regime of international minority rights that would promote both human rights law and peace in the Balkans Published under the Transnational

Current History and Forum ..., 1915 **The Unknown Europe** James R. Payton Jr., 2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don't know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world *La Macedonia Ieri E Oggi. Macedonia Yesterday and Today. (Translated by Ian Robert Turnage.) With Illustrations, a Portrait and a Bibliography of the Author's Works.* Giorgio NURIGIANI, Ian Robert TURNAGE, 1967 *Culture and Sustainability in European Cities* Svetlana Hristova, Milena Dragičević Šešić, Nancy Duxbury, 2015-04-21 European cities are contributing to the development of a more sustainable urban system that is capable of coping with economic crises ecological challenges and social disparities in different nation states and regions throughout Europe This book reveals in a pluralistic way how European cities are generating new approaches to their sustainable development and the special contribution of culture to these processes It addresses both a deficit of attention to small and medium sized cities in the framework of European sustainable development and an underestimation of the role of culture artistic expression and creativity for integrated development of the city as a prerequisite to urban sustainability On the basis of a broad collection of case studies throughout Europe representing a variety of regionally specific cultural models of sustainable development the book investigates how participative culture community arts and more generally creativity of civic imagination are conducive to the goal of a sustainable future of small and medium sized cities This is an essential volume for researchers and postgraduate students in urban studies cultural studies cultural geography and urban sociology as well as for policymakers and practitioners wanting to understand the specificity of European cities as hubs of innovation creativity and artistic industriousness Newcomers No More? Contemporary NATO and the Future of the Enlargement from the Perspective of "Post-Cold War" Members Robert Czulda, Marek Madej, 2015 The central aims of the book is to present in the form of a collection of papers a variety of views on NATO from member states formerly known as new and to assess in this context the prospects for NATO enlargement

Therefore the book consists of two parts The main objective of the first part is to present how NATO is now perceived in Central and South Eastern Europe Papers collected here offer an opportunity to reflect on the impact of the enlargements starting from 1999 on NATO functioning and evolution roles tasks and capabilities The issue of how accession has transformed accessioning states will also be discussed Last but not least the perspective of new members on NATO s future will be presented The authors of the articles in this part mainly come from those countries that joined the Alliance after the end of the Cold War The second part is devoted strictly to the topic of enlargement In this part we asked experts from NATO members both old and new potential candidates and other NATO partners including Russia Georgia Ukraine Azerbaijan Sweden Finland etc how they view the future of NATO cooperation with external partners in Europe and the prospects for enlargement of the Alliance
