Management Theorists Kristin S. Williams, 2022-09-30 Emerging research interrogates the role of management history in the neglect of women and their accomplishments Williams builds expertly on this research bridging feminist theory and critical historiography Historical Female Management Theorists is essential reading for both feminist scholars and management historians **A World Scientific Encyclopedia Of Business Storytelling, Set 1: Corporate And Business**

Strategies Of Business Storytelling (A 5-volume Set), 2023-08-17 This set of multi reference works is meant to be read together as the five volumes interlace one another like the laces of a shoe in the famous painting by Vincent van Gogh Who will wear the shoes is a question long debated in art history and philosophy If we take these five volumes from different points of view on the theory and practice of business storytelling then we have a crisscrossing a new and impressive dialogue for the reader This set is presented as a new way to lace up the laces of business storytelling Volume 1 aims to recount narratives in a variety of ways so that the precepts of entrepreneurial storytelling can be made accessible to a variety of audiences academic practitioner student and community member Entrepreneurship has a long history and tradition but there are disputed ways of doing business storytelling in entrepreneurship that the next four volumes articulate Volume 2 provides insights into stories fostering the idea of business and not necessarily business itself It focuses specifically on history contributing to the current debates within management and organizational history around the idea of the historic turn It reflects on the idea of business and beyond could there be more to history and business storytelling than what has previously been accepted in the field This book sets out to explore a diverse array of alternative modes and multiple ways of storying organizations The editors intentionally sought to involve an international network of authors with diverse storytelling accounts of history as a way of helping build out this new storytelling paradigm in a diverse and inclusive ethic As a result this volume showcases a broad spectrum of critical storytelling from geographically diverse authors working in universities small businesses and public service throughout Brazil Canada Finland the United Kingdom and the United States To reflect these dynamics and for the stories in this volume to fit together chapters were organized into three themes stories of

processing history tales of history as method and narratives of history through a business opportunity Volume 3 features stories that reflect the exacerbated inequalities of race gender and income across the world These inequalities and power relations remain continuously contested particularly in these trying times despite being captive to a particular economic ideology built on the premise of exploitation and subjugation The stories told in this volume tell against the orthodoxy the colonizer and the seemingly powerful They are organized as stories of resistance emancipation and transformation They invite us to rethink the multiple ways to restructure power relations between the colonizer and the colonized and open up spaces for the marginalized underprivileged voices Volume 4 is designed to create a new business storytelling paradigm that critically approaches business narratives that have historically privileged a corporate agenda It explores the various ways that images of the other in business are developed presented and accounted for through powerful and dominant narratives The stories in this volume collectively help readers to understand resist and provide strategies for change through various analyses of how business narratives come to develop get written are legitimized are challenged and get changed over time Volume 5 brings together the practices specific to the socioeconomic approach to management SEAM SEAM is a method of change management developed through research interventions carried out in more than 2 000 companies and organizations since 1975 This method is systemic it considers the whole company and tends to simultaneously increase social and economic performance by focusing mainly on the development of human skills and behaviors making it possible to reduce dysfunctions and recycle hidden costs into added value

Capitalism and Colonialism: The Making of Modern Canada 1890–1960 Bryan D. Palmer, 2025-09-02 This second volume of Bryan Palmer's history of Canada covers 1890 to 1960 Weaving together themes that include business labour politics and social history this account brings the experiences of Indigenous peoples into the centre of the narrative Canada experienced extraordinary growth during these decades notably after the Second World War when many Canadians quickly became far better off Yet vast inequalities persisted Indigenous peoples experienced ongoing and often worsening deprivation and ordinary people saw little or no real improvement in their lives These realities set the stage for the interplay of reform resistance and reaction that followed after 1960 Palmer examines the continuing role of capitalism and colonialism in structuring Canada in the period between 1890 and 1960 from capital's conflicts and fragile ententes with labour to the struggles of Indigenous Peoples and francophone Canada and the changing role of Canadian capital internationally Relying on the work of scholars who have produced a vast academic literature on a wide range of topics in Canadian history Bryan Palmer offers a new history of Canada which reflects the knowledge and values of 21st century Canadians

White Gloves Off Beth Atchseon, Lorna Marsden, 2018-04-24 [Canada's 1960s](#) Bryan Palmer, 2008-03-29 Rebellious youth the Cold War New Left radicalism Pierre Trudeau Red Power Quebec's call for Revolution Marshall McLuhan these are just some of the major forces and figures that come to mind at the slightest mention of the 1960s in Canada Focusing on the major movements and personalities of the time as well as the lasting influence of the

period Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity. Bryan D. Palmer demonstrates how after massive postwar immigration, new political movements and at times violent protest, Canada could no longer be viewed in the old ways. National identity, long rooted in notions of Canada as a white settler Dominion of the North, marked profoundly by its origins as part of the British Empire, had become unsettled. Concerned with how Canadians entered the Sixties relatively secure in their national identities, Palmer explores the forces that contributed to the post-1970 uncertainty about what it is to be Canadian. Tracing the significance of dissent and upheaval among youth, trade unionists, university students, Native peoples, and Québécois, Palmer shows how the Sixties ended the entrenched nineteenth-century notions of Canada. The irony of this rebellious era, however, was that while it promised so much in the way of change, it failed to provide a new understanding of Canadian national identity. A compelling and highly accessible work of interpretive history, *Canada's 1960s* is the book of the decade about an era many regard as the most turbulent and significant since the years of the Great Depression and World War II.

Countercurrents Amanda Ricci, 2023-06-15 In the decades following the Second World War, women from all walks of life became increasingly frustrated by the world around them. Drawing on long-standing political traditions, these women bound together to revolutionize social norms and contest gender inequality. In Montreal, women activists inspired by Red Power, Black Power, and Quebec liberation, among other social movements, mounted a multifront campaign against social injustice. *Countercurrents* looks beyond the defining waves metaphor to write a new history of feminism that incorporates parallel social movements into the overarching narrative of the women's movement. Case studies compare and reflect on the histories of the Quebec Native Women's Association, the Congress of Black Women, the Front de libération des femmes du Québec, various Haitian women's organizations, and the Collectif des femmes immigrantes du Québec, and the political work they did. Bringing to light previously overlooked archival and oral sources, Amanda Ricci introduces a new cast of characters to the history of feminism in Quebec. The book presents a unique portrait of the resurgence of feminist activism, demonstrating its deep roots in Indigenous and Black communities, its transnational scope, and its wide-ranging inspirations and preoccupations. Advancing cross-cultural perspectives on women's movements, *Countercurrents* looks to the history of women's activism in Montreal and finds new ways of defining feminist priorities and imagining feminist futures.

Toronto's Poor Bryan D. Palmer, Gaétan Héroux, 2016-11-23 *Toronto's Poor* reveals the long and too often forgotten history of poor people's resistance. It details how people without housing, people living in poverty, and unemployed people have struggled to survive and secure food and shelter in the wake of the many panics, downturns, recessions, and depressions that punctuate the years from the 1830s to the present. Written by a historian of the working class and a poor people's activist, this is a rebellious book that links past and present in an almost two-hundred-year story of struggle and resistance. It is about men, women, and children relegated to lives of desperation by an uncaring system and how they have refused to be defeated. In that refusal and in winning better conditions for themselves, *Toronto's*

poor create the possibility of a new kind of society one ordered not by acquisition and individual advance but by appreciations of collective rights and responsibilities
