## **Madman In A Lifeboat:**

**Madman in a Lifeboat** Gladwin Hill, 1973      Titanic's Unlucky Seven James W Bancroft, 2024-07-31 The disaster which befell RMS Titanic has become one of the most investigated and analyzed maritime tragedies of all time Yet there is much still to be untangled from the web of mystery which still surrounds this confused catastrophic event The people on board were proud to be part of the ship's highly publicised first voyage but as the first batch of officers reported for duty in Belfast to prepare her for her trial trip to Southampton and beyond they could not have imagined the fate which awaited them Titanic was after all unsinkable It is exclusively through the eyes of seven unlucky men the small group of officers onboard for that doomed voyage that the author reveals the tragedy as it unfolded that night in April 1912 From their assignment to the White Star liner through to their eventual fates Each one of these seven men behaved with great courage and discipline in a situation beyond anything they had previously experienced and some of the officers left accounts of the horrors they witnessed Of this small group four were members of the Royal Naval Reserve this included Charles Lightoller who was the Second Officer and in charge of loading passengers into lifeboats on the port side He was noted for strictly enforcing the women and children only principle allowing only those men needed for manning the boats to join them Four of the seven officers survived the ordeal As the author reveals one of them had only been formally appointed to the crew the day before Titanic sailed on its climatic maiden voyage This was Henry Tingle Wilde who was scheduled to sail with Titanic's sister ship Olympic but who was switched to Titanic as the Chief Officer He reported for duty on the very day the ship departed Southampton This move meant a reshuffle of the officers and as only seven officers were deemed necessary Second Officer David Blair was removed from the crew list and sent ashore He was certainly the luckiest of all The unfortunate Wilde went down to the bottom with his ship Of the many questions asked about that night is that of the fate of Captain Edward Smith His body was never recovered and it had naturally been assumed that he too had been lost In Titanic's Unlucky Seven James Bancroft questions if this might not actually be the case There is evidence that Smith may have survived the sinking and was seen and spoken to months after the event by a man who had sailed with him and who had known him personally for most of his life Certainly Smith had good reason to disappear into obscurity For the first time a clear picture of the incidents actions and events leading up to and during the sinking of Titanic can be seen through the stories of the seven men in charge that night      Titanic's Lifeboats James W Bancroft, 2025-11-30 A dramatic retelling of the personal stories of the men women and children survivors of the Titanic lifeboats Foot by foot Titanic's lifeboat No 11 slowly jerked its way down the sides of the great ocean liner as it slipped beneath the cold dark waters of the Atlantic For the fifty or so men women and children crammed into the lifeboat survival was all that mattered Even then though the American fashion designer Edith Rosenbaum Russell ferociously clung to her pig shaped music box until she was rescued its tunes helping to quell the fears of the frightened children onboard Unlike so many of those onboard Titanic that fateful night in April 1912 everyone in lifeboat No

11 would be rescued Bridget McDermott had brought a new hat before she set off for America Bridget climbed into one of the lifeboats believed to be No 13 before realising she had left her precious purchase behind She climbed out of the lifeboat retrieved her hat from her cabin ran back to the open deck and jumped fifteen feet from a rope ladder onto the lifeboat Other garments played an important part in the survival of one of the lifeboats which sprung a leak with the people onboard using clothes to plug the hole Charles Joughin the head baker aboard Titanic floated in the near freezing ocean for around two hours before being pulled out of the water onto one of the lifeboats He had not succumbed to the cold due to the amount of alcohol he had drunk Masabumi Hosono a civil servant from Tokyo was the only Japanese passenger onboard Titanic and being a man he accepted that the women and children first policy had sealed his fate However when a crew member shouted that there were two spaces left in a lifeboat No 10 Hosono jumped in As Japanese honour considered it far better for a man to suffer an honourable death than to survive in a shameful manner when he reached his homeland he was ostracized by his family and lost his job When it sailed Titanic carried twenty lifeboats that between them could accommodate 1 178 people a little over half of the 2 209 on board the night the liner sank Eighteen of these life saving craft were used that night but tragically only 706 people found a space in them This is the dramatic and moving story of the men women and children who made it into the lifeboats that fateful night in April 1912 The Man Who Went Down With His Ship Hugh

Fleetwood, 2013-11-21 The Man Who Went Down with His Ship 1988 finds Hugh Fleetwood moving from Manhattan and Paris to winter bound London from Tuscany and Sardinia to Mexico and Egypt Yet wherever his characters roam their fate awaits them like the proverbial appointment in Samarra In the title story poet Alfred Albers attempts to confront with honesty an event from his past that has always haunted him only to learn anew that no good deed goes unpunished In The Nature of Angels Maria longs for deliverance from a life made moribund but is finally forced to ponder exactly what kind of power would answer our prayers This edition includes two later Fleetwood stories L I and Why Are You Wearing My Daughter's Earrings Fleetwood reaches down and stirs with venomous delight the nameless faceless things swimming far below the level of consciousness Scotsman **Science-fiction** Everett Franklin Bleiler, Richard Bleiler, 1998 Complementing Science Fiction The Early Years which surveys science fiction published in book form from its beginnings through 1930 the present volume covers all the science fiction printed in the genre magazines Amazing Astounding and Wonder along with offshoots and minor magazines from 1926 through 1936 This is the first time this historically important literary phenomenon which stands behind the enormous modern development of science fiction has been studied thoroughly and accurately The heart of the book is a series of descriptions of all 1 835 stories published during this period plus bibliographic information Supplementing this are many useful features detailed histories of each of the magazines an issue by issue roster of contents a technical analysis of the art work brief authors biographies poetry and letter indexes a theme and motif index of approximately 30 000 entries and general indexes Science Fiction The Gernsback Years is not only indispensable for
