Meadow Lake Gold Town:

Meadow Lake: Gold Town Paul Fatout, 1969 **Meadow Lake: Gold Town** Paul Fatout, 1969 *Death Valley to Deadwood; Kennecott to Cripple Creek* United States. National Park Service. Division of National Register Programs, 1990
Papers address concerns by contractors and agencies in how to survey and nominate properties to the National Register of Historic Places and how to mitigate adverse actions on significant resources management concerns related to historic mining sites on public lands and interpretation and display of mining sites and materials The focus is on the western United States but other parts of the U S and western Canada are covered **Nine Miles In** Doug A. Garton, 2017-07-31 *Nine Miles In* recounts the incredible adventures of Doug Garton the first caretaker to ever live year round at beautiful and historic Webber Lake Ranch in the northern Sierra Nevada Mountains of California Doug and his first and second wife endured fierce isolating yet stunningly beautiful winters The property contains numerous historic buildings and sites the most notable being the 1860s Webber Lake Hotel an original stage stop and resort on the famed Henness Pass Road This self made man narrates his nail biting life and death rescues and close calls while taking the reader through twenty five years of what times were like managing incredible Webber Lake Ranch *After The Boom In Tombstone And Jerome, Arizona* Eric L. Clements, 2014-10-01 Focusing on two Arizona towns that had their origins in mining bonanzas Tombstone and Jerome historian Eric L Clements offers a rare study dissecting the process of bust itself the reasons and manners in which these towns declined as the mining booms ended Tombstone was the site of one of the great silver bonanzas of the nineteenth century a boom that started in the late 1870s and was over by 1890 Jerome s copper deposits were mined for much longer beginning in the 1880s and enduring until the 1930s But when the mining booms ended each town faced its decline in similar ways The process of decline was more complex than superficial histories have indicated and Clements discusses the role of labor unions in trying to stave off collapse the changing demography of decline the nature and expression of social tensions the impact on institutions such as churches and schools and the human responses to continued economic depression But bust involved more than a steady decline into ghost town status Clements discovers the towns remaining residents employed numerous strategies to survive and reduce household expenses In the end both towns reinvented themselves as late twentieth century tourist attractions **The Genesis of Reno** Jack Harpster, 2016-09-13 Over 157 years ago before there was a Reno Nevada before there was a state of Nevada and even before there was a Nevada Territory there was a bridge over the Truckee River at a narrow deeply rutted cattle and wagon trail that would one day become Virginia Street There was also a small rustic inn and tavern occupying a plot of ground at the southern end of the log and timber bridge catering to thirsty cowboys drovers and miners The inn and the bridge were the first two structures in what would one day be a bustling metropolitan area and to this day they still form the nucleus of the city The Genesis of Reno traces their history up to the present day The 111 year old concrete bridge that was replaced in 2016 by a magnificent new structure was honored for its
