My Village In Israel:

My Village in Israel Sonia Gidal, 1959 Twelve year old Samuel describes life in the children's community of a village founded by his parents and friends years ago Grades 4-6 *My Village in Israel* Sonia Gidal, Tim Gidal, 1963-01-01 *My Village in Israel* S. Gidal, T. Gidal, 1996 **Struggle and Survival in Palestine/Israel** Mark LeVine, Gershon Shafir, 2012-09-01 This wonderful volume illuminates the human dimensions of the complex and often painful history of modern Palestine/Israel by vividly relating the life stories of a variety of individuals and exploring how their experiences have been profoundly shaped by the recurrent struggles over this land. It highlights the importance of human agency in shaping history but also the impact of historical events and processes on individuals' life choices. This book is not only a valuable resource for teaching but is also of great value to anyone interested in the Israeli-Palestinian conflict and in the perspectives and destinies of those who have lived in its shadows. Zachary Lockman, New York University. This book is a welcome and essential addition to the extensive literature on the conflict in Israel/Palestine that tends to overlook the individual and their personal experiences. It is through these personal stories that one best appreciates the complex realities of this land. Each of the powerful narratives chosen by the contributors to this valuable volume is like a microcosmos that teaches us about the diverse realities in Israel and Palestine as a whole. This is a refreshing and original contribution to a field of inquiry that is craving for such a novel approach. Ilan Papp, author of *The Rise and Fall of a Palestinian Dynasty* **Ethiopian Jewish Immigrants in Israel** Tanya Schwarz, 2016-03-23 This is an ethnographic study of Ethiopian Jews or Beta Israel a few years after their migration from rural Ethiopia to urban Israel. For the Beta Israel the most significant issue is not as is commonly assumed adaptation to modern society but rather belonging in their new homeland and the loss of control they are experiencing over their lives and those of their children. Ethiopian Jewish immigrants resist those aspects of the dominant society which they dislike; they reject normative Jewish practices and uphold Beta Israel religious and cultural ones; ideologically counteract disparaging Israeli attitudes; develop strong ethnic bonds and engage in overt forms of resistance. The difficulties of the present are also overcome by creating a perfect past and an ideal future in what the author calls the homeland postponed. All Jews will be united in a colour-blind world of material plenty and purity *Entangled Histories in Palestine/Israel* Dafna Hirsch, 2024-04-16 This edited volume offers a new critical approach to the study of Zionist history and Israeli-Palestinian relations based on the encounter between history and anthropology. Informed by the anthropological method of setting large questions to intimate settings, the book examines processes of Zionist colonization, nation building and Palestinian dispossession by focusing on encounters between members of different national, religious and ethnic groups from below through paying close attention to life stories and reconstructing everyday practices and micro-histories of places and communities. Thus it tells a complex story in which the practices of historical actors are not simply reducible to a single underlying logic of colonization even as they participate in the production and reproduction of colonial structures. This

approach effectively undermines the prevailing tendency to study national communities in isolation projecting onto the past an essentialist and rigid separation Rather than assuming two clearly bounded and monolithic national groups caught from the start in perpetual conflict this volume probes their historical production through their evolving relationships and their varied and shifting political social economic and cultural manifestations The book will be of interest to students and researchers in an array of fields including the history of Israeli Palestinian relations anthropological perspectives on settler colonialism and Zionism

Cooley,2015-05-22 In March 1968 Palestinian guerrillas and Jordanian troops combined forces to respond to Israeli raids into Jordan provoking visions of new unity and future military success Yet by September 1970 mounting friction between the Palestinian guerrillas in Jordan and King Hussein s regime came to a head with the hijackings at Dawson s Field and the defeat by Jordan s forces of the Palestinians The savagery of the fighting and the bitter consequences for the Palestinian guerrillas gave this month the name Black September a name that was to reappear ominously in months to come Who are the Palestinians Many people only became aware of their existence because of terrorism particularly the Black September operation at the Munich Olympics Yet the Palestinians are at the very heart of the Middle East problem and this book first published in 1973 tells their story The core of the book describes the emergence of the various guerrilla groups joined by Palestinians hopeful of regaining lost land and lost dignity and the ideologies and differences of the groups There are personal interviews with some of the main leaders and other chapters examine the relationships and interaction between the Palestinian groups and the Soviet bloc the Chinese the Third World the West and most important the Israelis themselves

Israel's Colonial Project in Palestine Elia Zureik, 2015-11-19 Colonialism has three foundational concerns violence territory and population control all of which rest on racist discourse and practice Placing the Zionist project in Israel Palestine within the context of settler colonialism reveals strategies and goals behind the region s rules of governance that have included violence repressive state laws and racialized forms of surveillance In Israel s Colonial Project in Palestine Brutal Pursuit Elia Zureik revisits and reworks fundamental ideas that informed his first work on colonialism and Palestine three decades ago Focusing on the means of control that are at the centre of Israel s actions toward Palestine this book applies Michel Foucault s work on biopolitics to colonialism and to the situation in Israel Palestine in particular It reveals how racism plays a central role in colonialism and biopolitics and how surveillance in all its forms becomes the indispensable tool of governance It goes on to analyse territoriality in light of biopolitics with the dispossession of indigenous people and population transfer advancing the state s agenda and justified as in the interests of national security The book incorporates sociological historical and postcolonial studies into an informed and original examination of the Zionist project in Palestine from the establishment of Israel through to the actions and decisions of the present day Israeli government Providing new perspectives on settler colonialism informed by Foucault s theory and with particular focus on the role played by state surveillance in controlling the Palestinian population this book is a valuable resource for students and scholars interested in the Arab Israeli Conflict and Colonialism

Israel/Palestine Alan Dowty, 2005-06-20 Of all the hot spots in the world today the apparently endless clash between the Jews and the Arabs in the Middle East seems unique in its longevity and resistance to resolution This text places the conflict in its broad historical context before presenting an overview that serves as a road map to a long term resolution
