Walter W Powell, Patricia Bromley

On Being Nonprofit A Conceptual And Policy Primer:

On Being Nonprofit Peter Frumkin, 2009-07 This concise and illuminating book provides a road map to the evolving conceptual and policy terrain of the nonprofit sector Drawing on prominent economic political and sociological explanations of nonprofit activity Peter Frumkin focuses on four important functions that have come to define nonprofit organizations The author clarifies the debate over the underlying rationale for the nonprofit and voluntary sector s privileged position in America by examining how nonprofits deliver needed services promote civic engagement express values and faith and channel entrepreneurial impulses He also exposes the difficult policy questions that have emerged as the boundaries between the nonprofit business and government sectors have blurred Focusing on nonprofits growing dependence on public funding tendency toward political polarization often idiosyncratic missions and increasing commercialism Peter Frumkin argues that the long term challenges facing nonprofit organizations will only be solved when they achieve greater balance among their four central functions By probing foundational thinking as well as emergent ideas the book is an essential guide for nonprofit novitiates and experts alike who want to understand the issues propelling public debate about the future of their sector By virtue of its breadth and insight Frumkin s book will be an invaluable resource for anyone interested in understanding the complex interplay of public purposes and private values that animate nonprofit organizations

Local Government Budget Stabilization Yilin Hou, 2015-05-28 This book is the first comprehensive full scale treatment of the politics law and economics with regard to the policies and policy instruments for budget stabilization at the local level It examines budget stabilization in the United States from the 1910s to 2010 from adoption of public budgeting in this country through the Great Recession In addition it provides details on the methods and results of empirical tests of the effects of budget stabilization instruments on government operations key basic services provision and some other aspects of social and economic life at the local level including full purpose governments county metro city municipality township and village as well as special single purpose governments like school districts and transportation districts This book dissects an important and pressing issue in public financial administration analyzes a lesson that has been in the learning process especially in the United States and identifies theoretical threads for scholarly refinement which will be put into specific contexts of policy design and implementation This book will be of interest to scholars in political science economics public choice and in public administration where it will also appeal to policy makers

Understanding Nonprofit Work Matthew A. Koschmann, Matthew L. Sanders, 2020-07-28 Offers a valuable resource for scholars teachers students and nonprofit practitioners interested in understanding nonprofit work from a communication perspective This sophisticated yet accessible book explores the dynamics of organizational communication in the context of nonprofit work It delves deeply into the subjects of communication and social construction and develops several key subject areas and issues including leadership management and governance the marketization of nonprofit work collaboration and organizational partnerships meaningful

labor and international nonprofit work

Understanding Nonprofit Work A Communication Perspective is the first resource to bring together the considerable and voluminous amount of communication scholarship and nonprofit research available in academia Moving beyond the simplistic notion of communication as merely the transmission of information it instead develops a more insightful approach to nonprofit work based on the concept of communication as social construction explaining the implications and applications of this distinct communication perspective in ways that will benefit both communication scholars and nonprofit practitioners Additionally this book Brings together a wealth of information in communication theory and nonprofit organizations in a thoughtful approachable style Demonstrates the application and utility of a communication perspective across several key aspects of nonprofit work Written by two well known scholars in the field with considerable experience in nonprofit work teaching research volunteering consulting and board membership **Understanding Nonprofit Work** is an ideal book for advanced undergraduate and graduate level students in courses on nonprofit work or broader classes on organizational communication and public administration that have units on the nonprofit sector This book is also perfect for nonprofit professionals looking to develop a more sophisticated and insightful approach to their work **Reimagining Nonprofits** Eva Witesman,Curtis Child,2024-02 Authors from around the world critique and expand on nonprofit sector theories from a diverse range of contexts and perspectives ***Nonprofit Management*** Michael J. Worth,2024-02-20 **Nonprofit Management Principles and Practice** provides a comprehensive insightful overview of key governance and management topics nonprofit leaders encounter daily **Between Power and Irrelevance** George E. Mitchell,Hans Peter Schmitz,Tosca Bruno-van Vijfeijken,2020-05-28 Geopolitical shifts increasing demands for accountability and growing competition have been driving the need for change within transnational nongovernmental organizations TNGOs As the world has changed and TNGOs ambitions have expanded the roles of TNGOs have shifted and their work has become more complex To remain effective legitimate and relevant in the future necessitates organizational changes but many TNGOs have been slow to adapt As a result the sector s rhetoric of sustainable impact and social transformation has far outpaced the reality of TNGOs more limited abilities to deliver on their promises **Between Power and Irrelevance** openly explores why this gap between rhetoric and reality exists and what TNGOs can do individually and collectively to close it George E Mitchell Hans Peter Schmitz and Tosca Bruno van Vijfeijken argue that TNGOs need to change the fundamental conditions under which they operate by bringing their own forms and norms into better alignment with their ambitions and strategies This book offers accessible future oriented analyses and lessons learned to assist practitioners and other stakeholders in formulating and implementing organizational changes Drawing upon a variety of perspectives including hundreds of interviews with TNGO leaders firsthand involvement in major organizational change processes in leading TNGOs and numerous workshops training institutes consultancies and research projects the book examines how to adapt TNGOs for the future **The Psychology of Trust** Martha Peaslee Levine,2023-01-18 Trust has

always been complicated This book works to examine aspects and theories of trust Chapters look at trust in the workplace It considers types of leadership and how that influences the trust of employees As workplaces and societies become more diverse there can be an impact on trust Many times individuals will have implicit biases that can influence their perception of others and their ability to trust Trust has also become more complicated with the advent of the internet We can now connect with more ideas and individuals Yet is the person who communicates back with us real Is it someone with a fake account or maybe not even a person at all but a robot Even though trust is complicated and we can sometimes be taken advantage of we still need to find ways to trust others in our lives Trust allows us to develop a community We have always needed the community to be safe both physically and emotionally This book allows you to connect with new ideas and aspects of trust

Non-profit Organizations and Co-production Caitlin McMullin, 2022-10-07 Non profit Organizations and Co production The Logics Shaping Professional and Citizen Collaboration develops a novel framework for analyzing the practices of co production between citizens and professionals in the non profit sector Analysing organizations in three contexts Sheffield England Lyon France and Montreal Quebec Canada the book examines the international differences between non profits evidenced by the way that they variously blend or assimilate the logics of the market state and community and how this shapes the motivations for and approaches to co production at the micro level in each context This book presents a major step forward in comparative non profit studies and the co production of public services This book will be of interest to researchers policymakers practitioners and graduate postgraduate students in public administration and management particularly within Public Nonprofit Management and Organization Studies The book speaks directly to key contemporary debates in these fields including the nature of organizational hybridity public service innovation and approaches to service user involvement

Law and Economics Aristides N. Hatzis, Nicholas Mercuro, 2015-02-11 The Law and Economics approach to law dominates the intellectual discussion of nearly every doctrinal area of law in the United States and its influence is growing steadily throughout Europe Asia and South America Numerous academics and practitioners are working in the field with a flow of uninterrupted scholarship that is unprecedented as is its influence on the law Academically every major law school in the United States has a Law and Economics program and the emergence of similar programs on other continents continues to accelerate Despite its phenomenal growth the area is also the target of an ongoing critique by lawyers philosophers psychologists social scientists even economists since the late 1970s While the critique did not seem to impede the development of the field it certainly has helped it to become more sophisticated inclusive and mature In this volume some of the leading scholars working in the field as well as a number of those critical of Law and Economics discuss the foundational issues from various perspectives philosophical moral epistemological methodological psychological political legal and social The philosophical and methodological assumptions of the economic analysis of law are criticized and defended alternatives are proposed old and new applications are discussed The book is ideal for a main or supplementary

textbook in courses and seminars on legal theory philosophy of law jurisprudence and of course Law and Economics **The Future of Human Service Organizational & Management Research** Bowen McBeath, Karen Hopkins, 2020-09-10 This book provides panoramic overviews of critical human service organizational and management practice challenges as well as new and needed research frontiers The Future of Human Service Organizational and the rise and uncertain effects of new developments in social work public policy and public management and other helping professions The contributors identify how future generations of macro practitioners and scholar researchers can Improve service delivery and program effectiveness Implement evidence based practices and evidence informed practices Promote leadership and social innovation Build linkages across micro meso and macro levels of practice Train organizational leaders and educate practitioners and Advocate for more socially just visions of social welfare and society This edited collection argues that human service organizational and management practice and research are needed to support new discoveries in social welfare social work and related professions This book was originally published as a special issue of the journal Human Service Organizations Management Leadership Governance *Preparing Leaders of Nonprofit Organizations* William A Brown, Matthew Hale, 2022-07-14 There are more than 1 8 million nonprofits in the United States and at least 3 times that many internationally Workers in these nonprofits and civil society organizations increasingly look to academic programs to provide leadership and management training This edited volume is designed to provide new and experienced faculty and program administrators with a broader conception of how the nonprofit leaders of the future are and could be educated The chapters are written by experienced nonprofit program leaders who provide guidance on all aspects of building and more importantly maintaining a successful nonprofit program Many of the chapters are written by former leaders of the nonprofit Academic Centers Council NACC a recognized international leader in nonprofit management curricular development while others are written by successful founders and administrators of nonprofit programs both in the US and internationally All chapters are however grounded in the experience of the authors supplemented with research on best practices and focusing on future trends in the field *Preparing Leaders of nonprofit Organizations* examines key issues and challenges in the field from multiple perspectives some of which are curricular and intellectual while others are related to program administration and oversight The text explores core concepts distills distinctive features of new or emerging academic programs and identifies ways program leadership might ensure those features are reflected in their programs regardless of where these are housed within a university The book is an essential resource for faculty and administrators who work with or are seeking to develop a nonprofit education program It is also a useful guide for graduate students seeking a career in the nonprofit academy

Leadership in Nonprofit Organizations Kathryn A. Agard, 2011 *Leadership in Non Profit Organizations* tackles issues and leadership topics for those seeking to understand more about this dynamic sector of society A major focus of this two volume reference work is on the specific roles and skills required of the non profit leader in voluntary organizations Key
