Shaping the Journey Daniel Ethan Harris, 2025-08-21 How do the theological impulses of evangelical pietism and contemplative monasticism converge in the modern spiritual formation movement Shaping the Journey brings John Wesley and Thomas Merton into critical dialogue examining their distinct yet complementary contributions to Christian spirituality With Wesleyan evangelicalism as a thesis and Mertonian monasticism as antithesis this study argues that the spiritual formation movement represents a meaningful synthesis of these traditions Central to this synthesis is the work of M Robert Mulholland Jr whose integrative vision of spiritual formation clearly reflects the influences of Wesley and Merton and the evangelical and monastic traditions they represent Engaging history theology and spirituality this work offers a vital resource for understanding the roots and trajectory of Christian spiritual formation *The Use of Classical Spiritual Disciplines in Evangelical Devotional Life* Daniel D. The Final Elegy: the Consolation of the Classics in Old Age Richard Oliver Brooks, 2022-08-01 Old age is a time of losses permanent cumulative and irreversible These losses include our loss of work in retirement the eclipse of our past our biological decline dependency resulting from such decline the foreshortening of our future the abandonment of belief in our own improvement and our society's progress and of course our death This book views these losses as part of an elegy of old age Elegy is a poetic or prose mourning of loss Sadness and other emotions result With elegiac understanding we detach ourselves from these losses to seek and find consolation This book is concerned with achieving intellectual detachment through meditative reflection with the help of reading and appreciating the classics The final stage of the old age elegy consolation can be found at least in part within the classics the garlands of repose The classics are broadly defined by Matthew Arnold as the best that has been thought and said or found in the fine arts To benefit from the classics requires a life long liberal education This education begins with an introduction to the classics in youth makes use of them during our adult lives and supplies their conclusion for old age meditation Such significant works enable us to place the losses we suffer within an intellectual framework of perennial ideas It is by means of such an intellectual framework that we secure consolation in old age Classic works familiarize us deeply with the losses and emotions we endure suggest substitutes for the goods of the life we have lost in old age offer opportunities of catharsis for the sadness we experience and help us transform ourselves in old age Classics help us see old age and its losses as part of a complete life which hold a unique value of its own while remaining part of larger nature processes history and intellectual traditions *The Art of Losing Control* Jules Evans, 2017-04-25 Since the Enlightenment western culture has written off ecstatic experience as a form of mental illness But why should rationality be considered the highest part of human nature when we are capable of so many more states of experience Piecing together interviews analysis of ancient and modern philosophy and his own eclectic encounters with the sublime philosopher Jules Evans mounts an investigation into what we can gain from mastering the art of losing control From Aristotle and Plato to the Bishop of London and Sister Bliss radical jihadis to Silicon Valley transhumanists *The Art of Losing Control* is a funny life enhancing journey that will change the way you think about how you feel *The Practice of Contemplation According to John of the Cross* James R. Kinn, 2009 This book is for anyone who now meditates regularly or who practiced meditation in the past As we grow in our prayer life John of the Cross is an excellent and encouraging guide to show us the way to the practice of contemplative prayer More Information Many of us learned about mediation from spiritual directors or books We practiced a reliable form of mediation for some years with varying degrees of success Over time however our prayer slowed down and became simplified We didn't find many new ideas to occupy our intellect and our emotions quieted down In time many of us experienced a crisis in our prayer life our prayer became so simple that it almost disappeared We tried different forms of prayer but we seemed to be reaching a dead end Throughout all of this we were

never told that our payer was developing naturally and positively What we were experiencing was not a dead end but the threshold of a new way of prayer What we needed was an experienced guide to show us the road ahead Enter John of the Cross He encourages us to see that the place we came to is a necessary state of our progress in prayer John teaches us that we come to contemplation not by struggling harder to pray but by calming remaining quiet before God He encourages us to realize that we have not come to the end of the road but are being made ready to be transported on a wonderful journey There is no better or more encouraging guide for us on this journey than John of the Cross The entire focus of this book is quite narrow it concentrates on John s teaching about the beginning of contemplation *Let Your Heart Pray* Michael J. Cunningham,2009 Innocence Uncovered Elizabeth Dodd,Carl Findley III,2016-09-13 Innocence is a rich and emotive idea but what does it really mean This is a significant question both for literary interpretation and theology yet one without a straightforward answer This volume provides a critical overview of key issues and historical developments in the concept of innocence delving into its ambivalences and exploring the many transformations of innocence within literature and theology The contributions in this volume by leading scholars in their respective fields provide a range of responses to this critical question They address literary and theological treatments of innocence from the birth of modernity to the present day They discuss major symbols and themes surrounding innocence including purity and sexuality childhood and inexperience nostalgia and utopianism morality and virtue This interdisciplinary collection explores the many sides of innocence from aesthetics to ethics from semantics to metaphysics examining the significance of innocence as both a concept and a word The contributions reveal how innocence has progressed through centuries of dramatic alterations secularizations and subversions while retaining an enduring relevance as a key concept in human thought experience and imagination *Embracing Contemplation* John H. Coe,Kyle C. Strobel,2019-02-26 What does a Christian life lived by the Spirit look like Bringing together Protestant scholars and practitioners of spiritual formation this volume offers a distinctly evangelical consideration of the benefits of contemplation Drawing on historical examples from the church including John Calvin Richard Baxter Jonathan Edwards and John Wesley this book considers how contemplative prayer can shape Christian living today *Contemplation in a World of Action* Thomas Merton,1998-02-15 The spiritual and psychological insights of these essays were nurtured in a monastic milieu but their issues are universally human Thomas Merton lays a foundation for personal growth and transformation through fidelity to our own truth and inner being His main focus is our desire and need to attain a fully human and personal identity This classic is a newly restored and corrected edition and the inaugural volume of Gethsemani Studies in Psychological and Religious Anthropology a series of books that explores through the twin perspectives of psychology and religion the dynamics and depths of being fully human When I speak of the contemplative life I do not mean the institutional cloistered life I am talking about a special dimension of inner discipline and experience a certain integrity and fullness of personal development Discovering the contemplative life is a new self discovery One might

say it is the flowering of a deeper identity on an entirely different plane Thomas Merton from the book *The Seer* James W. Goll, 2005-01-28 The prophetic movements in church history and in contemporary life are fed by two mighty streams the prophet whose revelation is primarily verbal and the seer whose revelation is more visionary in nature While the role of the prophet is familiar less is known about the seer dimension To many people these visionary prophets remain mysterious otherworldly and even strange Knowledge dispels misunderstanding Join author Jim W Goll on an exciting and insightful journey into this lesser known dimension the visionary world of the seer You will discover the prophetic power of dreams visions and life under the open heavens How does visionary revelation happen Can it be trusted Where does it fit into the life of the church today Can any believer become a seer or is this a prophetic dimension reserved for the specially gifted The Seer answers these questions and will move your heart and stir up your hunger for intimacy with God because The Seer's goal is to reveal the man Christ Jesus

Abide and Go Michael J. Gorman, 2018-07-26 The Gospel of John would seem to be both the spiritual Gospel and a Gospel that promotes Christian mission Some interpreters however have found John to be the product of a sectarian community that promotes a very narrow view of Christian mission and advocates neither love of neighbor nor love of enemy In this book for both the academy and the church Michael Gorman argues that John has a profound spirituality that is robustly missional and that it can be summarized in the paradoxical phrase Abide and go from John 15 Disciples participate in the divine love and life and therefore in the life giving mission of God manifested in the ministry death and resurrection of Jesus As God's children disciples become more and more like this missional God as they become like his Son by the work of the Spirit This spirituality argues Gorman can be called missional theosis
