their French butler and gardener Alain has to shape his identity and choices amidst the clashing influences of a class ridden and multinational milieu Adding to the tension he attends six schools over a period of six years Some of these schools are French where he faces a harsh and cruel environment but where learning is nevertheless effective and thorough In two English speaking schools life is more pleasant and has its rewards but the learning process is subtler and less obvious Alain spends several summers in a wealthy resort community followed by three summers in a rural farming community where he learns firsthand about the primitive pleasures and hardships of French peasant life In each situation the author provides a richly detailed and lively description of these diverse aspects of the periods life and culture Included in the telling are many episodes in which his parents own colorful and unconventional life feature prominently Throughout his memoirs Holmes tells the story with eccentric charm sometimes poetic detail and often with abundant humor and humility Some readers have likened this absorbing biographical work to Marcel Pagnols *La gloire de mon pre* the memoir of the French novelist playwright and filmmaker As in Pagnols book and the 1990 movie based on it *In the Moon* is about the adventures discoveries and hard earned lessons of a young life *In the Moon* is a light highly entertaining read and one to which a reader will return with pleasure
