Race, Class, and Nationalism in the Twenty-First-Century Caribbean Scott Timcke, Shelene Gomes, 2024-11 This collection of more than a dozen essays focuses on the political dynamics of race class and nationalism in the contemporary Caribbean Despite the plethora of studies on nationalism in the Caribbean few have attempted to look at the phenomenon as a political invention that does not and cannot serve the interests of all how essentialist reductive overdetermining nationalism is a political and conceptual confusion that forever stalls the project of universal human emancipation Editors Scott Timcke and Shelene Gomes gather and frame chapters that in their collective expression help trace the process of race class and nationalism through the contours of a broader political economic and social geography These chapters argue that notions of racial identity have changed over time but those reformations are not independent of class rule or nationalism By using several case studies that span the Anglo Dutch French and Spanish Caribbean and focus on the development of political organizations hardships and ideology each of these essays continues the struggle for liberation against elite entrenchment

The Slave Sublime Stacy J. Lettman, 2022-05-03 In this interdisciplinary work Stacy J Lettman explores real and imagined violence as depicted in Caribbean and Jamaican text and music how that violence repeats itself in both art and in the actions of the state and what that means for Caribbean cultural identity Jamaica is known for having one of the

highest per capita murder rates in the world a fact that Lettman links to remnants of the plantation era namely the economic dispossession and structural violence that still haunt the island Lettman contends that the impact of colonial violence is so embedded in the language of Jamaican literature and music that violence has become a separate language itself one that paradoxically can offer cultural modes of resistance Lettman codifies Paul Gilroy's concept of the slave sublime as a remix of Kantian philosophy through a Caribbean lens to take a broad view of Jamaica the Caribbean and their political and literary history that challenges Eurocentric ideas of slavery Blackness and resistance Living at the intersection of philosophy literary and musical analysis and postcolonial theory this book sheds new light on the lingering ghosts of the plantation and slavery in the Caribbean

When Music Migrates Jon Stratton, 2016-02-17 When Music Migrates uses rich material to examine the ways that music has crossed racial faultlines that have developed in the post Second World War era as a consequence of the movement of previously colonized peoples to the countries that colonized them This development which can be thought of in terms of diaspora can also be thought of as postmodern in that it reverses the modern flow which took colonizers and sometimes settlers from European countries to other places in the world Stratton explores the concept of song careers referring to how a song is picked up and then transformed by being revisioned by different artists and in different cultural

contexts The idea of the song career extends the descriptive term cover in order to examine the transformations a song undergoes from artist to artist and cultural context to cultural context Stratton focuses on the British faultline between the post war African Caribbean settlers and the white Britons Central to the book is the question of identity For example how African Caribbean people have constructed their identity in Britain can be considered through an examination of when Police on My Back was written and how it has been revisioned by Lethal Bizzle in its most recent iteration At the same time this song written by the Guyanese migrant Eddy Grant for his mixed race group The Equals crossed the racial faultline when it was picked up by the punk rock group The Clash Conversely Johnny Reggae originally a pop ska track written about a skinhead by Jonathan King and performed by a group of studio artists whom King named The Piglets was revisioned by a Jamaican studio group called The Roosevelt Singers After this the character of Johnny Reggae takes on a life of his own and appears in tracks by Jamaican toasters as a Rastafarian Johnny s identity is then totally transformed It is this migration of music that will appeal not only to those studying popular music but [Billboard](#) ,2001-12-29 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends [Ska](#) Heather Augustyn,2013-09-12 Like other major music genres ska reflects reveals and reacts to the genesis and migration from its Afro Caribbean roots and colonial origins to the shores of England and back across the Atlantic to the United States Without ska music there would be no reggae or Bob Marley no British punk and pop blends no American soundtrack to its various subcultures In Ska The Rhythm of Liberation Heather Augustyn examines how ska music first emerged in Jamaica as a fusion of popular traditional and even classical musical forms As a genre it was a connection to Africa a means of expression and protest and a respite from the struggles of colonization and grinding poverty Ska would later travel with West Indian immigrants to the United Kingdom where British youth embraced the music blending it with punk and pop and working its origins as a music of protest and escape into their present lives The fervor of the music matched the energy of the streets as racism poverty and violence ran rampant But ska called for brotherhood and unity As series editor and pop music scholar Scott Calhoun notes Like a cultural barometer the rise of ska indicates when and where social political and economic institutions disappoint their people and push them to re invent the process for making meaning out of life When a people or group embark on this process it becomes even more necessary to embrace expressive liberating forms of art for help during the struggle In its history as a music of freedom ska has itself flowed freely to wherever people are celebrating the rhythms and sounds of hope Ska The Rhythm Liberation should appeal to fans and scholars alike indeed any enthusiast of popular music and Caribbean American and British history seeking to understand the fascinating relationship between indigenous popular music and cultural and political history Devotees of reggae jazz pop Latin music hip hop rock techno dance and world beat will find their appreciation of this

remarkable genre deepened by this survey of the origins and spread of ska **Music and Heritage** Liam Maloney, John Schofield, 2021-04-13 Music and Heritage provides new thinking about the diverse ways people engage with heritage By exploring the relationships that exist between music place and identity the book illustrates how people form attachments to place and how such attachments are represented by sound and music making Presenting case studies and perspectives from across a range of genres the volume argues that combining music with heritage provides an alternative and productive opportunity to think about heritage values and place attachment Contributions to this edited collection use a diversity of methods perspectives cues and genres to reflect critically on issues related to these and other interconnections in ways that encourage new thinking about the character meaning and purpose of cultural heritage and the various ways in which people can interact with it through sound thus re encountering the supposedly familiar world around them Taking heritage studies musicology and place making research in new directions Music and Heritage will be of interest to academics and students engaged in the study of heritage history music geography and anthropology It will also be relevant to those with an interest in how music relates to place making and place attachment as well as to practitioners and policymakers working in the planning design and creative sectors *Diaspora Pride - People, Places, and Things (V4)* Indiana Robinson, 2017-07-31 As a nation we should preserve our social memory by honoring those who paved the way for us to exist recognizing those who etched their indelible mark on our lives and remembering those who went to the great beyond before us as expressed in the Salute to the Dearly Departed segment People our regions areas and territories our locales hotspots and hangouts and places we love to visit and events we constantly attend in Places and the happenings and the things that we cherish to death items commodities artifacts and products Things So dear readers enjoy the mind triggers and heart wrenching diggers you will find in this book honouring the 55th year of celebrating Jamaica's independence and the tantalizing trip down memory lane with this unofficial reference resource guide by your side You will recollect who is who people where is where places and what is what things in both the Jamaican and the Diaspora Global context *National Pride - People (Volume 1)* Indiana Robinson, 2017-07-17 People Volume 1 Jamaican topics covered in the book include our slave fore fathers our national heroes our political and religious leaders our educators our youths our nurses and doctors our lawyers our journalists and authors our beauty queens our talented athletes our vendors and our Jamericans and JAGlobians Naturally our multi talented brothers and sisters are saluted including those still here and those who have since departed to the great beyond So dear readers enjoy the mind triggers and heart wrenching diggers you will find in this book honouring the 55th year of celebrating Jamaica's independence and the tantalizing trip down memory lane with this unofficial reference resource guide by your side *National Pride - Places (Volume 2)* Indiana Robinson, 2017-07-20 Places Volume 2 Jamaican vary from our beautiful and treasured landscapes from our rivers our mountain ranges our beaches our birds our creepy crawlies our neighbourhoods our highways lanes and gullies our schools our hotels our sugar plantations our banks our bars restaurants and cold supper
