Continuum Encyclopedia of Popular Music of the World: Caribbean and Latin America John Shepherd,2003 See [The Trouble with Post-Blackness](#) Houston A. Baker Jr.,K. Merinda Simmons,2015-02-03 An America in which the color of one s skin no longer matters would be unprecedented With the election of President Barack Obama in 2008 that future suddenly seemed possible Obama s rise reflects a nation of fluid populations and fortunes a society in which a biracial individual could be embraced as a leader by all Yet complicating this vision are shifting demographics rapid redefinitions of race and the instant invention of brands trends and identities that determine how we think about ourselves and the place of others This collection of original essays confronts the premise advanced by black intellectuals that the Obama administration marked the start of a post racial era in the United States While the transcendent

and post racial black elite declare victory over America's longstanding codes of racial exclusion and racist violence their evidence relies largely on their own salaries and celebrity These essays strike at the certainty of those who insist that life liberty and the pursuit of happiness are now independent of skin color and race in America They argue signify and testify that post blackness is a problematic mythology masquerading as fact a dangerous new race science motivated by black transcendentalist individualism Through rigorous analysis these essays expose the idea of a post racial nation as a pleasurable entitlement for a black elite enabling them to reject the ethics and urgency of improving the well being of the black majority

Chew Sánchez, David Henderson, 2021-03-19 Contributions by Nilanjana Bhattacharjya Benjamin Burkhart Ivy Chevers Martha I Chew Sánchez Athena Elafros William García Medina Sara Goek David Henderson Eyvind Kang Junko Oba Juan David Rubio Restrepo and Gareth Dylan Smith In *Scattered Musics* editors Martha I Chew Sánchez and David Henderson along with a range of authors from a variety of scholarly backgrounds consider the musics that diaspora and migrant populations are inspired to create how musics and musicians travel and how they change in transit The authors cover a lot of ground cumbia in Mexico música sertaneja in Japan hip hop in Canada Irish music in the US and the UK reggae and dancehall in Germany and more Diasporic groups transform the musical expressions of their home countries as well as those in their host communities The studies collected here show how these transformations are ways of grappling with ever changing patterns of movement Different diasporas hold their homelands in different regards Some communities try to re create home away from home in musical performances while others use music to critique and redefine their senses of home Through music people seek to reconstruct and refine collective memory and a collective sense of place The essays in this volume by sociologists historians ethnomusicologists and others explore these questions in ways that are theoretically sophisticated yet readable making evident the complexities of musical and social phenomena in diaspora and migrant populations As the opening paragraph of the introduction to the volume observes What remains when people have been scattered apart is a strong urge to gather together to collect At few times in our lives has that ever been more apparent than right now
