## **Regional Great Powers In International Politics:**

*Regional Great Powers in International Politics* Iver B. Neumann, 1992-01-01 This book illuminates the complex interplay between specifically regional concerns and the wider international context which together define the regional hierarchy of states On top of that hierarchy is the regional great power Building on seven case studies of Brazil India Indonesia Israel Poland South Africa and Vietnam the authors demonstrate how this status cannot be attained simply by building up a huge military or economic power base The attitudes and ambitions of the aspiring state its regional neighbours and the great powers with global interests and reach must all be taken into consideration The sheer number of factors which sustain regional great powerhood makes that status a precarious one Although the end of the cold war may open up new regional space for regional great powers to exploit and so make them more important in providing for regional order the autonomy of regions may still easily be overestimated

**Regional Great Powers in International Politics** Iver B. Neumann, 1992-06-18 Illuminates the interplay between regional concerns and the international context which together define the hierarchy of states Building on case studies this book demonstrates that this status cannot be attained solely by building a military or economic power base

*Regional Great Powers in International Politics* Iver B. Neumann, 1992 This book illuminates the complex interplay between specifically regional concerns and the wider international context which together define the regional hierarchy of states On top of that hierarchy is the regional great power Building on seven case studies of Brazil India Indonesia Israel Poland South Africa and Vietnam the authors demonstrate how this status cannot be attained simply by building up a huge military or economic power base The attitudes and ambitions of the aspiring state its regional neighbours and the great powers with global interests and reach must all be taken into consideration The sheer number of factors which sustain regional great powerhood makes that status a precarious one Although the end of the cold war may open up new regional space for regional great powers to exploit and so make them more important in providing for regional order the autonomy of regions may still easily be overestimated

**Major Powers and the Quest for Status in International Politics** T. Volgy, R. Corbetta, K. Grant, R. Baird, 2011-06-06 This book explores the effects and consequences of major global power and major regional power status attribution on the foreign policies of states striving for such status and the consequences of status differentiation for the international system and the post Cold War international order

*The United States and the Great Powers* Barry Buzan, 2004-10-15 Arguing that we live in a world where great powers such as China and the EU are not helpless in the face of the United States this text contends that the other major nations of the world must work alongside the US in order to counter balance America's current dominance of the international political scene

Iran-Turkey Relations, 1979-2011 Suleyman Elik, 2013-03-01 Both Turkey and Iran are large and important countries in the Middle East how these two countries relate to each other is of crucial importance both for the region and for the wider world This book explores the diplomatic security and energy relations of these two middle power states since 1979 analysing

the impact of religious political and social transformation on their bilateral relationship It considers the nature of Turkey Iran relations in the context of middle power relations theory and goes on to look at diplomatic crises that have taken place between Turkey and Iran since 1979 The author analyses Turkey and Iran s security relations with the wider Middle East including the Kurdish Turkish War the Kurdish Iranian War and the Kurdish Arab War and their impact on regional politics

Routledge Handbook of Brazilian Politics Barry Ames,2018-10-25 With contributions from leading international scholars this Handbook offers the most rigorous and up to date analyses of virtually every aspect of Brazilian politics including inequality environmental politics foreign policy economic policy making social policy and human rights The Handbook is divided into three major sections Part 1 focuses on mass behavior while Part 2 moves to representation and Part 3 treats political economy and policy The Handbook proffers five chapters on mass politics focusing on corruption participation gender race and religion three chapters on civil society assessing social movements grass roots participation and lobbying seven chapters focusing on money and campaigns federalism retrospective voting partisanship ideology the political right and negative partisanship five chapters on coalitional presidentialism participatory institutions judicial politics and the political character of the bureaucracy and eight chapters on inequality the environment foreign policy economic and industrial policy social programs and human rights This Handbook is an essential resource for students researchers and all those looking to understand contemporary Brazilian politics

*Order of East Asia* Honghua Men,2020-06-05 This book describes the past present and future of East Asian order and analyzes how China Japan the U S and ASEAN play important roles in the transformation of East Asian order and discusses the new logic of regional order formation in the era of globalization and regional integration The book analyzes China s relationship with East Asian order great powers and regional institutions involved especially bilateral relations between China and Japan China and the U S China and ASEAN and explores how China could improve its regional strategy Addressing a hot topic in world politics from the angle of regional order and using methods such as historical analysis comparative analysis quantitative analysis and case study this readable book enables readers to develop an understanding of the history and status quo of East Asia and China s role in the region

**The International Politics of South Asia** Vernon Marston Hewitt,1992 *Middle Powers and Regional Influence* Joshua B. Spero,2018-11-16 In the growing literature on middle powers this book contributes by expanding case study analysis and extending international relations theory in its application to foreign policy decisions Thus this book builds on prominent middle power literature and aims to advance our theoretical understanding for why crucial foreign policies were made by the pivotal middle powers this book examines Poland South Korea and Bolivia For this book s three case studies and their first term leadership s critical junctures from first term post communist Poland post authoritarian post ruling party South Korea and post colonial Bolivia we have the antecedents for contemporary middle powers essential for realizing the regional evolution for cooperative change with greater powers systemically we may then grasp today why those historical

foreign policies albeit not so long ago give us crucial antecedents for adapting and trying yet again to resolve seemingly perennial power dilemmas regionally peacefully Here are why middle power impact matters not only regionally for stronger dominant greater power neighbours but also for transformative middle power leaderships which proved pivotal geopolitically for their region s challenges and changes      Regional Security Structures in Asia Ashok Kapur,2018-10-24 Kapur argues that explanations of international relations in Asia in the post Second World War period have relied too much on the Cold War as a key explanatory factor and have not given enough emphasis to the useful concepts of regional power formation conflict formation and conflict resolution The author outlines these concepts and goes on to elaborate on them and to apply them to three key Asian regions northeast southeast and south Asia discussing practical strategic issues in an historical perspective and arguing that these concepts and other concepts which he discusses are extremely helpful in making sense of the complex pattern of international relations in Asia      *Foreign Policy Responses to the Rise of Brazil* G. Gardini,M. Tavares de Almeida,2017-03-22 Brazil has risen Its economic might and international activism are remarkable but the limitations to its capacity and will to turn potential power into concrete international influence are equally significant This book assesses the real impact of the rise of Brazil on other Latin American countries and how these countries have responded

**Trends and Transformations in World Politics** Rahman Dag,Özgür Tüfekçi,2022-05-05 We are witnessing turbulent times which inspire both anxiety and hope Many global trends are sweeping across a transforming world To make these movements and changes more understandable Trends and Transformations in World Politics introduces the reader to the study of world politics in a period of rapid readjustment This book also focuses on world historical transformations as a general phenomenon showing how the twenty first century change in world politics fits into broader patterns of macro historical change To do that the perspective of major international relations theories is utilized and a discussion of transformation is grounded within a conceptual framework This book will strengthen the reader s understanding of the trends and transformations in world politics      *Turkey's Rise as an Emerging Power* Paul Kubicek,Emel Parlar Dal,H. Tarik Oğuzlu,2016-04-14 Turkey is emerging as an important actor in world politics exerting growing influence both in its immediate region and beyond This book aims to understand and explain this phenomenon utilizing a variety of perspectives from international relations theory One prominent issue is how Turkey long embedded in the West via NATO and other European organizations is growing more confident and is asserting more independent foreign policy positions This is particularly marked in the Middle East where some suggest Turkey is pursuing a neo Ottomanist agenda At times this competes with and creates tensions with the West However a rising Turkey can also be a constructive phenomenon and complement the West This book examines geopolitical economic and cultural dimensions of Turkey s rise pointing to both Turkish success and the limits of Turkish power and influence It includes consideration of Turkey s relations with NATO the European Union the Middle East and BRIC countries This book was published as a special issue of Turkish Studies

## **Regional and International Cooperation in South America After COVID** Melisa Deciancio, Cintia

Quiliconi, 2022-07-22 This volume analyses South American regional and international cooperation during the COVID19 crisis started in 2020 Across thirteen chapters a collection of leading experts address how regional collaboration has developed evolved and recoiled The chapters explore the state of regionalism at the pandemic surge and the challenges and opportunities this situation has opened for regional and international cooperation Authors analyze the role of extra regional powers and traditional regional leaders during the pandemic identifying the extent to which regional cooperation has been possible across several policy agendas They argue that fragmented visions of regionalism ideological polarization and weak leadership has prevailed from before the pandemic which accompanied by adverse interactions among major powers has ensured that cooperation has remained bilateral rather than regional Ultimately all these factors have created a complex scenario in which disintegration dynamics have emerged darkening even more the South American regional panorama Regional and International Cooperation in South America After COVID will be an invaluable resource for students scholars and policy specialists of regionalism and regional integration Latin American studies international relations and international political economy

Redefining Regional Power in International Relations Miriam Prys, 2012-05-04 This book examines the concept of regional power in international relations Using the emerging powers of India and South Africa as the case studies it explores how regional powers simultaneously differ and share common features The book develops a method to classify and evaluate different types of regional powers and applies this typology to contemporary case studies of India and South Africa Regional power is often expected to have a positive influence on region specific problems of conflict economic deprivation and political instability In reality an achievement expectations gap can be seen in many regional powers which can be analysed and understood through observable variation in regional power The author discovers that in addition to the management of the internal regional order regional powers have to establish individuality whilst fitting into the global international environment altering both regional dynamics and creating variance in the level of control within the region Elucidating concepts and definitions this book is an accessible and in depth study that both introduces key concepts and provides a framework for the future study of regional power in international relations Redefining Regional Power in

International Relations will be of interest to students and scholars of regionalism and international relations **Indian Ocean Region** Manoj Gupta, 2010-08-09 It is a privilege to introduce the reader to this book as I believe that it will make a significant contribution to given the difficulties in the knowledge of the Indian Ocean developing cooperation in the Indian Ocean region There have been numerous failed efforts at regional cooperation in different fora in the Indian Ocean As a result of the land based orientation of the people in the region the importance for countries to develop the power to govern the sea has largely been ignored The maritime approach taken by Manoj Gupta to the Indian Ocean as a region in international relations offers a timely and critical assessment of the potential for regional cooperation and ocean governance

The political leadership in the region can no longer ignore the need for cooperation in maritime affairs in the Indian Ocean. This book enriches the literature on Indian Ocean issues as it argues convincingly that the security of nations, economic well-being of the people and health of the Indian Ocean cannot be divested from one another. All are fundamentally dependant on the ability of the countries in the region to individually and collectively exert the power to govern the sea. Regions, Power, and Conflict William R. Thompson, Thomas J. Volgy, Paul Bezerra, Jacob Cramer, Kelly Marie Gordell, Manjeet Pardesi, Karen Rasler, J. Patrick Rhamey Jr., Kentaro Sakuwa, Rachel Van Nostrand, Leila Zakhirova, 2022-08-16. The three main levels of analysis in international relations have been the systemic, the national and the individual. A fourth level that falls between the systemic and the national is the region. It is woefully underdeveloped in comparison to the attention afforded the other three. Yet regions tend to be distinctive theaters for international politics. Otherwise we would not recognize that Middle Eastern interstate politics somehow does not resemble Latin American interstate politics or interstate politics in Southern Africa although once the Middle East and Southern Africa may have seemed more similar in their mutual fixation with opposition to domestic policies in Israel and South Africa respectively. This book divided into three parts: first makes a case for studying regional politics even though it must also be appreciated that regional boundaries are also hazy and not always easy to pin down empirically. The second part examines power distributions within regions as an important entry point to studying regional similarities and differences. Two emphases are stressed. One is that regional power assessments need to be conditioned by controlling for weak states which are more common in some regions than they are in others. The other emphasis is on regional power hierarchies. Some regions have strong regional hierarchies while others do not. Regions with strong hierarchies operate much differently from those without them in the sense that the former are more pacific than the latter. The third part of the book focuses on regional differences in terms of conflict behavior, order preferences, rivalries and rivalry termination. In the Hegemon's Shadow Evan Braden Montgomery, 2016-05-24. The relationship between established powers and emerging powers is one of the most important topics in world politics. Nevertheless few studies have investigated how the leading state in the international system responds to rising powers in peripheral regions: actors that are not yet and might never become great powers but that are still increasing their strength, extending their influence and trying to reorder their corner of the world. In *In the Hegemon's Shadow* fills this gap. Evan Braden Montgomery draws on different strands of realist theory to develop a novel framework that explains why leading states have accommodated some rising regional powers but opposed others. Montgomery examines the interaction between two factors: the type of local order that a leading state prefers and the type of local power shift that appears to be taking place. The first captures a leading state's main interest in a peripheral region and serves as the baseline for its evaluation of any changes in the status quo. Would the leading state like to see a balance of power rather than a preponderance of power? Does it favor primacy over parity instead or is it impartial between these alternatives? The second indicates how a local power shift is likely to unfold. In particular

which regional order is an emerging power trying to create and does a leading state expect it to succeed Montgomery tests his arguments by analyzing Great Britain's efforts to manage the rise of Egypt the Confederacy and Japan during the nineteenth century and the United States efforts to manage the emergence of India and Iraq during the twentieth century

**The New International Politics of South Asia** Vernon Hewitt, 1997-09-15 Revised and substantially updated The new international politics of South Asia argues that the politics of the individual states of South Asia cannot be understood without reference to the regional and international context The author emphasises the need to consider rapid political social and economic change in the context of debates over ethnic identity and changes within the international system following the collapse of the Soviet Union Recent changes have opened up new opportunities for the region but have also exposed specific weaknesses The author discusses India's evolving relationship with the international economic system economic reforms in Pakistan and Sri Lanka as well as key issues such as the regional position on the NPT treaty the Comprehensive Test Ban treaty environmental issues and the post Cold War world order

### Regional Great Powers In International Politics Introduction

Regional Great Powers In International Politics Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Regional Great Powers In International Politics Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Regional Great Powers In International Politics : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Regional Great Powers In International Politics : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Regional Great Powers In International Politics Offers a diverse range of free eBooks across various genres. Regional Great Powers In International Politics Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Regional Great Powers In International Politics Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Regional Great Powers In International Politics, especially related to Regional Great Powers In International Politics, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Regional Great Powers In International Politics, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Regional Great Powers In International Politics books or magazines might include. Look for these in online stores or libraries. Remember that while Regional Great Powers In International Politics, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Regional Great Powers In International Politics eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Regional Great Powers In International Politics full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Regional Great Powers In International Politics eBooks, including some popular titles.

### FAQs About Regional Great Powers In International Politics Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regional Great Powers In International Politics is one of the best book in our library for free trial. We provide copy of Regional Great Powers In International Politics in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regional Great Powers In International Politics. Where to download Regional Great Powers In International Politics online for free? Are you looking for Regional Great Powers In International Politics PDF? This is definitely going to save you time and cash in something you should think about.
