The Encyclopedic Sourcebook of New Age Religions James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon

The Case for Heaven Lee Strobel, 2021-09-14 Bestselling and award winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die near death experiences heaven and hell We all want to know what awaits us on the other side of death but is there any reliable evidence that there is life after death

Investigative author Lee Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts, a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near death experiences, and an atheist turned Christian philosopher, Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel examines the alternative of Hell and the logic of damnation and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of the entirely credible, believable, and exhilarating life to come. **A**

Crash Course on the New Age Movement Elliot Miller, 1989 *Exposing Myths About Christianity* Jeffrey Burton Russell, 2012-05-15 Renowned historian Jeffrey Burton Russell, famous for his studies of medieval history, sets the record straight against the New Atheists and other cultural critics who charge Christianity with being outdated, destructive, superstitious, unenlightened, racist, colonialist, based on fabrication, and other significant false accusations. **Witchcraft** Craig Hawkins, 1996-06-01 This introduction to contemporary witchcraft and neopaganism shows you what witches themselves say they believe, what the Bible says about witchcraft, and philosophical holes in the worldview of witches.

Cross-Examination Jordan Moar, 2024-10-23 Mr Moar has put immense amounts of research into the question of whether or not God exists and His relationship with the Bible itself. He provides a unique and apparently undebatable proof of the existence of the New Testament Trinity in the Old Testament itself. Using various Scriptures and known history, he provides excellent proofs of the fact that Christ's crucifixion had been prophesied literally centuries beforehand in several Scriptures. He also uses the ancient Jewish Talmud and the similarly ancient Greek Magical Papyri to demonstrate a fact that is now well established among Jesus researchers: that Christ was a magician so powerful that, according to the Talmud, He had been able to strongly influence the entire nation of Israel itself. In addition, Mr Moar provides a unique and very powerful proof of Christ's empty tomb at the time of His purported resurrection. Finally, Mr Moar uses his knowledge of psychology to show that you will probably be happier as a Christian than otherwise. Thus, reading Mr Moar's book can literally be a life-changing experience.
