Reincarnation Illusion Or Reality:

Reincarnation, Illusion Or Reality? Edmond Robillard, 1982 Demonstrates that the theory is incompatible with and inferior to the truths set forth in the Gospel *The Facts on Reincarnation* John Ankerberg, John Weldon, 2025-03-24 About 30% of the world population believes in reincarnation There are thousands of professionals from scientists and university professors to psychologists educators politicians theologians and pastors businessmen authors TV and movie stars that believe in it No profession is unrepresented there are even a number of Nobel Laureates In its various forms the current influence of reincarnation continues to expand There have been literally millions of copies of hundreds of books on the subject published in the last 60 years But is reincarnation valid Does the Bible teach reincarnation This book breaks down the elements evidence arguments and problems of reincarnation as well as the consequences Escape from reality Ali Almawali Alhemeidan, 2025-07-07 Humans come in all shapes and sizes and no matter how different their faces they all have one thing in common they carry both good and evil Within every human being lies light and shadow mercy and cruelty honesty and deceit But what makes one person lean toward good and turn into a balm And what makes another slide toward evil and become poison to those around them Is it upbringing Is it childhood Is it authority or need or an old wound that has never healed This book neither judges nor justifies but rather asks and investigates Why does a person choose one face over another And why do we hide some of our faces and sometimes live in a different image than the one we know ourselves to be

The Soul's Destiny Thelma Jane, 2022-03-25 The Soul's Destiny Discoveries of an Ordinary Christian combines sound biblical research with spiritual autobiography in order to unveil God's living laws of love for a prosperous life here on earth and for the soul in eternity In her lively style Thelma Jane shares the principles of faith and prayer by which she manifested a successful and happy life These principles will help you to do the same By careful theological reasoning supported by a wealth of scriptures Thelma Jane goes on to discuss theological issues including methods of biblical interpretation the plan of the fall and redemption from Adam to Christ and revelations concerning God's justice and mercy The book offers a bold and convincing hypothesis concerning the soul's destiny The hypothesis transcends the usual division between conservative and liberal doctrine As an evangelical Thelma Jane believes that a personal relationship with Jesus Christ is the center and goal of our life of faith So that all may come to Christ God's plan of salvation may include the possibility of reincarnation Furthermore salvation may involve not just the individual but also the collective not just the person but also soul groups e g families *The Soul's Destiny Discoveries of an Ordinary Christian* is far ranging intellectually stimulating personally engaging warm inspiring and uplifting Thelma Jane gives hope for all who fervently seek to know God through Jesus Christ Anyone curious about God's laws of love and the soul's destiny will benefit from this book Book Review 1 *The Soul's Destiny* by Thelma Jane is a stunning journey of faith and discovery of self through God's word Thelma Jane uses her personal experience as a basis for exploring God's spiritual laws and scripture to understand what is expected of us Her writing is

inspirational as her honesty does not hold back from what she believes and even challenges other perspectives on religion. The conversational style makes for an interactive tone and serves as a resource for personal study or conversation by speaking to readers directly. Topics include self healing and the principles of faith. Salvation is explored deeper in the last part of the book as the focus shifts to include reincarnation which includes scripture and explanation. *The Soul's Destiny* explores spiritual growth and discovery through the perspective of someone who has experienced loss, struggle and obstacles in her journey to understand faith, salvation, reincarnation and purpose.

Liz Konkel for Readers Favorite Book Review 2: Author Thelma Jane has lovingly crafted a deeply personal account of her journey and her encounters with God's spiritual laws which results in a deeply enriching experience that provides valuable insights into the complexities of Christian theology and spirituality. Jane's meticulous exploration of theological concepts supported by a wealth of scriptures offers a comprehensive perspective on challenging topics such as the nature of God, the fall of Adam and the possibility of postmortem salvation. The organization of ideas is well done with accessibility to the work no matter how familiar or unfamiliar you are with the Bible. I also appreciated Jane's balanced approach to reconciling differing perspectives within Christianity while remaining steadfast in her faith. Overall *The Soul's Destiny* is a compelling and enlightening read that invites readers to engage deeply with fundamental questions of faith and spirituality. I would certainly recommend it to spiritual readers everywhere seeking strength and reassurance.

K C Finn for Readers Favorite Book Review 3: Does God's justice and mercy demand extra time for some souls to come to spiritual maturity and a saving knowledge of the Lord Jesus Christ? According to Thelma Jane in *The Soul's Destiny*, Discoveries of an Ordinary Christian, the answer is yes. Thelma states that even though the Bible does not implicitly state there is reincarnation, the omission does not preclude the possibility. What do you know about a Christian form of reincarnation? If you are like me, you probably figured they are mutually exclusive, however Thelma Jane tries to reach a balance between the two philosophies in *The Soul's Destiny*. This book may be hard for traditional Christians to accept. However, this book is interesting and opens the door to an alternative interpretation of the Bible. Read and ponder on it and decide for yourself what you believe.

Philip Van Heusen for Readers Favorite Book Review 4: Thelma Jane considers herself an ordinary Christian, but her visions and observations are extraordinary. Using scriptural studies and spiritual reflection, she clears up common misconceptions, discussing how she has led others to Christ through her testimonies or by simply asking them to a religious service. Using true and fictional stories to anchor her points, she relates how she believes we may help determine the spiritual fate of our ancestors. The author has a conversational style that pulls you in, making you feel you're receiving the information from a dear friend. Thelma raises some thought-provoking questions and she answers them by using her scriptural knowledge and visions. *The Soul's Destiny* may change the way you interpret death and the possibility of reincarnation.

Courtnee Turner Hoyle for Readers Favorite Book Review 5: *The Soul's Destiny* is a well-detailed book that covers various aspects of the spiritual Christian journey. Thelma Jane does a great job of explaining the scriptures and gives

helpful insights into her understanding I appreciate that she is honest about not knowing everything and does not seek to force her teachings on anyone Instead she encourages readers to seek their spiritual path and come to their own understanding This humble and open approach makes the book more relatable allowing readers to connect with the message on a personal level The book provides a platform for discussions on topics like horoscopes and reincarnation that may be considered unconventional within traditional Christian teachings which adds a layer of depth and thought for readers The book is well organized and written in a casual conversational tone making it easy to follow and understand The Soul s Destiny is an enriching read that offers valuable insights for those seeking a deeper connection with their faith and God Luwi Nyakansaila for Readers Favorite *A Wise Master's Letter to His Disciples* Joseph B. Reincarnation and the Law of Karma William Walker Atkinson,1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man's nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is reborn into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious

of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents *Secrets of Extraterrestrial Knowledge - A Roadmap to Ascend into Higher Dimensions* Sam The Illusionist,2022-09-22 This is a book of channeled messages received through trance channeling *The Son of Man* George W.
