Reinventing Leadership Making The Connection Between Politics And Business Suny Series In Leadership Studies:

Reinventing Leadership Barbara Kellerman,1999 In a striking departure from past practices Barbara Kellerman explores the fact that although we persist in viewing political and business leadership separately the similarities between them far outweigh the differences Kellerman claims that thinking of government and corporate leaders as a breed apart contributes to the dysfunctional gap between them and she argues that in order to tackle those political economic and social problems that are the most intractable political and business leaders will have no choice but to work together

Reinventing Leadership Barbara Kellerman,1999-01-01 In a striking departure from past practices this book critically assesses political and business leadership simultaneously *International Bibliography of Political Science* Compiled by the British Library of Political and Economic Science,2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences *Bibliographie Internationale de Science Politique* ,1999 **Forthcoming Books** Rose

In this new book Frederick Chavalit Tsao and Chris Laszlo argue that current approaches to leadership fail to produce positive outcomes for either businesses or the communities they serve Employee disengagement and customer fickleness remain high resulting in a lack of creativity and collaboration at all levels of entrepreneurial activity Investor demand for Environmental Social and Governance ESG continues to be poorly integrated into profit strategies Drawing on extensive research this book shows how changing a person s consciousness is the most powerful lever for unlocking his or her leadership potential to create wealth and serve humankind A wide range of practices of connectedness provide the keys The journey to higher consciousness changes people at a deep intuitive level combining embodied experience with analytic cognitive skill development Tsao and Laszlo show how leaders who pursue this journey are more likely to flourish with significant benefits to both business and society These include greater creativity and collaboration along with an increased capability to inspire people and produce lasting change Readers will come away with a deep understanding of quantum leadership and the day to day practices that can help them achieve greater effectiveness and wellbeing at work Critical Pedagogy for Healing Tricia Kress,Christopher Emdin,Robert Lake,2021-12-02 This is the first book to explicitly link healing and wellness practices with critical pedagogy Bringing together scholars from Brazil Canada Malta and the USA the chapters combine critical pedagogy and social justice education to reorient the conversation around wellness in teaching and learning Working against white Eurocentric narratives of wellness in schools which focus on the symptoms not the causes of society s

sickness the authors argues for a soul revival of education which tackles head on the causes of dis ease in society from institutional racism colonialism xenophobia and patriarchy The contributors provide fresh perspectives that address short term goals of wellness alongside long term goals of healing in schools and society by attending to underlying causes of social sickness The chapters bridge theory and practice bringing diverse historical and contemporary philosophical discussions around wellness into contact with concrete examples of the interconnections between wellness education and social justice Examples of topics covered include Buddhist practices for healing Black liberation theology hip hop pedagogy anxiety and vulnerability art therapy and story telling
