Reinventing the Culture of Womanhood in America and Brazil, an Anthropological Perspective Alex Huxley

Westfried,2002-07-16 In Reinventing the Culture of Womanhood in America and Brazil an Anthropological Perspective Alex Westfried examines the heroic struggle of Brazilian women to restore justice bring a democratic society and gain virtually total independence economically socially sexually and spiritually to their society The culture of Brazil and recent developments provide Brazilian middle class women with advantages that American women have still not obtained Using case studies of Brazilian women Westfried gives in full detail the process of liberation and the Epilogue develops conceptual icons that compare American and Brazilian culture This work is integrated with historical events changes in the family in a postmodern society changes in women s sexuality and changes in women s identity This study is significant as it gives us models for the 21st century and for American women to complete their struggle for equality

**Brazilian Evangelicalism in the Twenty-First Century** Eric Miller,Ronald J. Morgan,2019-05-09 Over the past fifty years Brazil s evangelical community has increased from five to twenty five percent of the population This volume s authors use statistical overview historical narrative personal anecdote social scientific analysis and theological inquiry to map out this emerging landscape The book s thematic center pivots on the question of how Brazilian evangelicals are exerting their presence and effecting change in the public life of the nation Rather than fixing its focus on the interior life of Brazilian evangelicals and their congregations the book s attention is directed toward social expression the ways in which Brazilian evangelicals are present and active in the common life of the nation

**Women, Sport, Society** Roberta Park,Patricia Vertinsky,2013-09-13 During the last four decades women s and gender history have become vibrant fields including studies of attitudes regarding the limited physical and other abilities of females as well as studies of the accomplishments of notable female athletes We have become increasingly aware that women have made contributions to physical education dance and sport that go far beyond being teachers athletes and coaches They have created and implemented an astonishing variety of programs intended to serve the needs of large numbers of children and youth sometimes organizing student health services as well as chairing departments of physical education They have worked as directors of sport physical education and dance running playgrounds and recreational facilities and have created and or served as important officers of a variety of sporting organizations This book explores the contributions and achievements of women in a variety of historical and geographical contexts which not surprisingly opens opportunities for additions revisions and counter narratives to accepted histories of physical education and sport science It seeks to broaden our understandings about the backgrounds motivations and achievements of dedicated women working to improve health and bodily practices in a variety of different arenas and for often different purposes This book was previously published as a special issue of the International Journal of the History of Sport

*Mixed Towns, Trapped Communities* Daniel Monterescu,2016-04-22 Modern urban spaces are by definition mixed socio spatial

configurations In many ways their enduring success and vitality lie in the richness of their ethnic texture and ongoing exchange of economic goods cultural practices political ideas and social movements This mixture however is rarely harmonious and has often led to violent conflict over land and identity Focusing on mixed towns in Israel Palestine this insightful volume theorizes the relationship between modernity and nationalism and the social dynamics which engender and characterize the growth of urban spaces and the emergence therein of inter communal relations For more than a century Arabs and Jews have been interacting in the workplaces residential areas commercial enterprises cultural arenas and political theatres of mixed towns Defying prevailing Manichean oppositions these towns both exemplify and resist the forces of nationalist segregation In this interdisciplinary volume a new generation of Israeli and Palestinian scholars come together to explore ways in which these towns have been perceived as utopian or dystopian and whether they are best conceptualized as divided dual or colonial Identifying ethnically mixed towns as a historically specific analytic category this volume calls for further research comparison and debate

[Brazilian-African Diaspora in Ghana](#) Kwame Essien, 2016-10-01 Brazilian African Diaspora in Ghana is a fresh approach challenging both pre existing and established notions of the African Diaspora by engaging new regions conceptualizations and articulations that move the field forward This book examines the untold story of freed slaves from Brazil who thrived socially culturally and economically despite the challenges they encountered after they settled in Ghana Kwame Essien goes beyond the one dimensional approach that only focuses on British abolitionists funding of freed slaves resettlements in Africa The new interpretation of reverse migrations examines the paradox of freedom in discussing how emancipated Brazilian Africans came under threat from British colonial officials who introduced stringent land ordinances that deprived the freed Brazilian Africans from owning land particularly Brazilian land Essien considers anew contention between the returnees and other entities that were simultaneously vying for control over social political commercial and religious spaces in Accra and tackles the fluidity of memory and how it continues to shape Ghana s history The ongoing search for lost connections with the support of the Brazilian government inspiring multiple generations of Tabom offspring of the returnees to travel across the Atlantic and back especially in the last decade illustrates the unending nature of the transatlantic diaspora journey and its impacts

[Women Redefining the Experience of Food Insecurity](#) Janet Page-Reeves, 2014-07-03 Women Redefining the Experience of Food Insecurity Life Off the Edge of the Table is about understanding the relationship between food insecurity and women s agency The contributors explore both the structural constraints that limit what and how much people eat and

the myriad ways that women creatively and strategically re structure their own fields of action in relation to food demonstrating that the nature of food insecurity is multi dimensional The chapters portray how women develop strategies to make it possible to have food in the cupboard and on the table to be able to feed their families Exploring these themes this book offers a lens for thinking about the food system that incorporates women as agentive actors and links women s everyday food related activities with ideas about food justice food sovereignty and food citizenship Taken together the chapters provide a unique perspective on how we can think broadly about the issue of food insecurity in relation to gender culture inequality poverty and health disparity By problematizing the mundane world of how women procure and prepare food in a context of scarcity this book reveals dynamics relationships and experiences that would otherwise go unremarked Normally under the radar these processes are embedded in power relations that demand analysis and demonstrate strategic individual action that requires recognition All of the chapters provide a counter to caricatured notions that the choices women make are irresponsible or ignorant or that the lives of women from low income low wealth communities are predicated on impotence and weakness Yet the authors do not romanticize women as uniformly resilient or consistently heroic Instead they explore the contradictions inherent in the ways that marginalized seemingly powerless women ignore resist embrace and challenge hegemonic patriarchal systems through their relationship with food

**The Anthropology of Latin America and the Caribbean** Harry Sanabria,2015-09-16 The first single authored comprehensive introduction to major contemporary research trends issues and debates on the anthropology of Latin America and the Caribbean The text provides wide and historically informed coverage of key facets of Latin American and Caribbean societies and their cultural and historical development as well as the roles of power and inequality Cymeme Howe Visiting Assistant Professor of Cornell University writes The text moves well and builds over time paying close attention to balancing both the Caribbean and Latin America as geographic regions Spanish and non Spanish speaking countries and historical and contemporary issues in the field I found the geographic breadth to be especially impressive Jeffrey W Mantz of California State University Stanislaus notes that the contents reflect the insights of an anthropologist who knows Latin America intimately and extensively

**Exotic No More** Jeremy MacClancy,2019-09-23 In this new edition of the anthropological classic Exotic No More some of today s most respected anthropologists demonstrate the tremendous contributions that anthropological theory and ethnographic methods can make to the study of contemporary society With chapters covering a wide variety of subjects the economy religion the sciences gender and sexuality human rights music and art tourism migration and the internet this volume shows how anthropologists grapple with a world that is in constant and accelerating transformation Each contributor uses examples from their adventurous fieldwork to challenge us to rethink some of our most firmly held notions This fully updated edition reflects the best that anthropology has to offer in the twenty first century The result is both an invaluable introduction to the field for students and a landmark achievement that will set the agenda for critical approaches to the study of contemporary

**Women and the Environment** Irwin Altman, Arza Churchman, 2013-06-29 This thirteenth volume in the series addresses an increasingly salient worldwide research design and policy issue women and physical environments We live in an era of worldwide social change Some nation states are fracturing or disintegrating migrations are resulting from political upheavals and economic opportunities some ethnic and national animosities are resurfacing and global and national economic systems are under stress Furthermore the variability of interpersonal and familial forms is increasing and cultural subgroups minorities women the physically challenged gays and lesbians are vigorously demanding their rights in societies and are becoming significant economic and political forces Although these social system changes affect many people their impact on women is especially salient Women are at the center of most forms of family life Whether in traditional or contemporary cultures women's roles in child rearing home management and community relations have and will continue to be central regardless of emerging and changing family structures And because of necessity and opportunity women are increasingly engaged in paid work in and outside the home women in most cultures have historically always worked but often not for pay Their influence in cultures and societies is also mounting in the social political and economic spheres In technological societies women are playing higher level roles though still in small numbers in economic and policy domains This trend is likely to accelerate in the twenty first century

**Sexuality in Marketing and Consumption** Athanasia Daskalopoulou, Daniela Pirani, Jacob Ostberg, 2024-08-09 This volume provides an in depth examination of the role of sexuality in consumers life course and in the marketing of products and services Leading scholars in the field define the most up to date picture of theories of sexuality in marketing and consumer research mapping the topic through diverse theoretical lenses addressing queer and feminist research and putting sexuality and consumption in context The book brings together leading international marketing scholars to build on the growing interest in theories of sexuality queer theory and intersectionality which are gaining more interest among institutions and researchers interested in equality and diversity While this book builds on existing expertise in consumer culture scholarship it is the first time a marketing book focuses on sexuality adding value to the existing repertoire in gender and feminist literature The chapters are organised into three key sections Part 1 maps the marketing and consumer research field discussing how sexuality can be studied through different lenses Part 2 focuses on queer and feminist theorising drawing on LGBTQIA theory queer theory and theories of intersectionality to analyse how overlapping social categories interact to influence consumer behaviour identity and experiences in the marketplace and Part 3 explores the personal and social aspects of sexuality offering a broad overview of issues of gender and sexuality

digitalisation and the sexual body This text will be of direct interest to scholars and researchers within the fields of marketing consumer research sociology and media studies The aim of this book is to help scholars and students to develop a broader understanding about the interplay between sexuality society and the market *Handbook of Ethnography* Paul

Atkinson,2001-03-22 This handbook provides a critical guide to the past present and future of ethnography **Why the World Needs Anthropologists** Dan Podjed,Meta Gorup,Pavel Borecký,Carla Guerrón Montero,2020-11-26 Why does the world need anthropology and anthropologists This collection of essays written by prominent academic practising and applied anthropologists aims to answer this provocative question In an accessible and appealing style each author in this volume inquires about the social value and practical application of the discipline of anthropology Contributors note that the problems the world faces at a global scale are both new and old unique and universal and that solving them requires the use of long proven tools as well as innovative approaches They highlight that using anthropology in relevant ways outside academia contributes to the development of a new paradigm in anthropology one where the ability to collaborate across disciplinary and professional boundaries becomes both central and legitimate Contributors provide specific suggestions to anthropologists and the public at large on practical ways to use anthropology to change the world for the better This one of a kind volume will be of interest to fledgling and established anthropologists social scientists and the general public

**Culture Shock and Multiculturalism** Edward Dutton,2011-11-15 It used to be widely accepted amongst anthropologists that when they conducted fieldwork with foreign cultures they experienced something called culture shock This book will argue that culture shock is a useful model for understanding an important part of human experience However in its most widely known form the stage model culture shock has been heavily influenced by the same anti science latter day religiosity that has become so influential more broadly Multiculturalism This book will examine culture shock through the model of religion It will show how the most well known model of culture shock so popular amongst business consultants expatriates international students and travelers has become a means of promoting and sustaining this replacement religion which includes everything from dogmatism and fervour to conversion experience By so doing it will aim both to better understand culture shock and to show how it can still be useful if divorced from its implicitly religious dimensions to broadly scientific scholars It will also suggest how anthropology itself might be stripped of its ideological infiltration and returned to the realm of science *A Companion to the Anthropology of Japan* Jennifer Robertson,2008-04-15 This book is an

unprecedented collection of 29 original essays by some of the world s most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country *Ethics and Anthropology* Anne-Marie E. Cantwell,Eva Friedlander,Madeleine Lorch Tramm,2000 Since the

1970s anthropologists have moved into diverse workplaces including private and public settings that raise new issues for anthropology as a discipline as well as for the discourse on science more generally In the context of increasing globalization the articulation of new ethical dilemmas around such issues as technology indigenous knowledge and rights government regulation and bioethics among others can and do inform and shape scientific public policy The authors in this volume work in traditional research centres and universities as well as in private and public sectors and across specialties from medical anthropology and social medicine to archaeology and cyberspace They explore the dimensions of an ethical anthropology in today s world and the unique contribution of anthropology to the sciences

**Negras in Brazil** Kia Caldwell, 2007-01-05 For most of the twentieth century Brazil was widely regarded as a racial democracy a country untainted by the scourge of racism and prejudice In recent decades however this image has been severely critiqued with a growing number of studies highlighting persistent and deep seated patterns of racial discrimination and inequality Yet recent work on race and racism has rarely considered gender as part of its analysis In *Negras in Brazil* Kia Lilly Caldwell examines the life experiences of Afro Brazilian women whose stories have until now been largely untold This pathbreaking study analyzes the links between race and gender and broader processes of social economic and political exclusion Drawing on ethnographic research with social movement organizations and thirty five life history interviews Caldwell explores the everyday struggles Afro Brazilian women face in their efforts to achieve equal rights and full citizenship She also shows how the black women s movement which has emerged in recent decades has sought to challenge racial and gender discrimination in Brazil While proposing a broader view of citizenship that includes domains such as popular culture and the body *Negras in Brazil* highlights the continuing relevance of identity politics for members of racially marginalized communities Providing new insights into black women s social activism and a gendered perspective on Brazilian racial dynamics this book will be of interest to students and scholars of Latin American Studies African diaspora studies women s studies politics and cultural anthropology
