**Francisco Ayala**

## Relatos Francisco Ayala:

*Cervantes en la narrativa de Francisco Ayala* Carmen Escudero, 1989 Estudio sobre la influencia de Cervantes en el estilo y las técnicas empleadas por el escritor granadino que analiza recursos como la locura los sueños premonitorios o la inclusión de relatos en la novela

*De toda la vida* Francisco Ayala, 2006 Selección de la obra narrativa de Francisco Ayala editada y comentada por Carolyn Richmond que incluye desde narraciones de los años veinte como *Cazador en el alba* pasando por los años cuarenta en *Buenos Aires con La cabeza del cordero* entre otros los cincuenta setenta en *Norteamérica con Historia de Macacos* hasta las obras publicadas en los noventa La última parte se centra en los escritos autobiográficos

**Un caballero granadino y otros relatos** Francisco Ayala, 1999 CONTENIDO El hechizado El inquisidor El colega desconocido Una boda sonada Diálogo entre el amor y un viejo Nuestro jardín A las puertas del Edén Postrimeras Otro pajar azul Mientras tú duermes La trapezista y su muerte Un caballero granadino El ángel de Benini mi ángel

**Relatos** Francisco Ayala, 1997 No deja de ser curioso y hasta sorprendente que considerando la escasa atención que tradicionalmente el cuento ha merecido por parte de los estudiosos un autor que como Francisco Ayala se ha dedicado con preferencia al relato breve y que es autor de únicamente dos novelas importantes haya conseguido la nominación de que disfruta

**Historia de macacos** Francisco Ayala, 1995 Esta es la primera edición crítica que se hace de *Historia de macacos* una colección de relatos de Francisco Ayala cuya propia historia ha sido hasta el momento por razones circunstanciales bastante azarosa Si bien los seis relatos que componen la obra apelan constantemente a lo universal no por ello carecen de conexión con la inmediata realidad tanto histórico política como cultural contemporánea a su redacción Se corresponden asimismo con las preocupaciones sociales y literarias simultáneamente expresadas en sus ensayos por el autor uno de los pensadores más lúcidos y originales del presente siglo

La niña de oro y otros relatos Francisco Ayala, 2001 Los textos agrupados en este volumen bajo el título LA NIÑA DE ORO Y OTROS RELATOS constituyen una muestra insuperable de la variedad temática y estilística de la producción literaria de Francisco Ayala Escritos en diferentes épocas en ellos alternan el lirismo y la melancólica rememoración del tiempo ido con una comicidad y una sátira que encuentran su raíz en una permanente indagación en la esencia del hombre y en la denuncia de una sociedad sumida en una profunda crisis moral El juego de perspectivas en el enfoque de la realidad de raigambre cervantina la riqueza de un lenguaje siempre sugeridor e imaginativo y la sorprendente capacidad fabuladora del autor contribuyen a configurar uno de los universos literarios más coherentes complejos y particulares del siglo XX

Los cuentos de José Martínez Ruiz (Azorín) José Manuel Vidal Ortuño, 2007 El presente libro tiene como objeto el análisis de los cuentos de José Martínez Ruiz Se inicia el mismo con un estudio de la poética de la narración breve del propio autor Siguiendo su concepción del cuento literario tan susceptible de cambios con el correr de los años y de la que nos dieron prestigiosos azorinistas hemos llegado a delimitar un corpus que supera los seiscientos relatos El análisis de los mismos a través de las distintas y aun distantes etapas de la obra de Azorín nos muestra a un escritor que conocía muy bien la tradición cuentística tanto española

como extranjera Pero sobre todo nos descubre a un artista que adelantándose a su tiempo fue capaz de trazar nuevos y arriesgados caminos por los que hoy deambula el cuento contemporáneo

**Cazador en el alba. Historia de macacos. La niña de oro y otros relatos** Francisco Ayala, 2020-11-12 El presente volumen reúne los relatos breves de Francisco Ayala 1906-2009 género del que fue un consumado maestro y en el que despliega una amplia variedad de temas y estilos Si los que integran *Cazador en el alba* están marcados por la estética vanguardista los de *Historia de macacos* pertenecientes a la época inmediatamente anterior a sus novelas *Muertes de perro* y *El fondo del vaso* desvelan recurriendo a menudo al humor el vacío espiritual y la desorientación del hombre contemporáneo Completa el volumen *La niña de oro y otros relatos* en cuyos textos el lirismo y la melancólica rememoración del tiempo ido alternan con la comicidad y la sátira

*El mito de Greta Garbo en la literatura española e hispanoamericana* PORTELA LOPA, Antonio, 2014-07-01 El presente trabajo analiza el impacto literario del mito de Greta Garbo desde una perspectiva panhispánica Aborda no sólo su constitución en mito como una unidad de significado organizada por el hecho fílmico y cinematográfico sino también por la literatura Se ha dividido en distintos modelos conformados por aportaciones de las teorías fílmicas y literarias focalizadas en su mayor parte en los procesos de recepción Aunque se ha mantenido la especificidad de los códigos que forman parte del mito se trazan convergencias entre ellos al tratarse de una realidad intersemiótica Para ello se ofrece un recorrido crítico de los textos desde la estética de la recepción la semiótica la narratología la teoría de los polisistemas y la iconología además de las teorías de los géneros literarios y cinematográficos Se constata que el mito especialmente el que surge en la cultura de masas exige la proximación comparatista transversal e interdisciplinar de los distintos discursos y artes Ello demuestra la vigencia del mito en la literatura contemporánea

*El cuento español en el siglo XX* Epicteto Díaz Navarro, José Ramón González García, 2002 Este libro propone al lector mediante la revisión de un corpus textual ampliamente representativo un acercamiento panorámico a los principales autores y tendencias del cuento literario español en el siglo XX Es pues y sobre todo una útil herramienta informativa que permite apreciar la riqueza y la variedad de un género que carecía hasta el momento de un estudio sintético que proporcionase una visión de conjunto En este sentido aspira a cubrir un vacío bibliográfico ofreciendo un mapa general con el que iniciar un recorrido crítico capaz de valorar lo que la práctica del cuento ha dado de sí en la España de los últimos cien años Por otra parte la particular atención que presta a los procedimientos narrativos y a las fórmulas propias desarrolladas por cada uno de los autores estudiados apunta posibles vías de acercamiento y sirve de orientación a quien desee profundizar en el conocimiento de una obra o de un periodo determinado

**Una patria allá lejos en el pasado** César Andrés Núñez, César Andrães Nêunez, 2011-05-20 Las historias e invenciones de Félix Muriel de Rafael Dieste se publicaron en Buenos Aires en 1943 y ya entonces pudo causar cierta sorpresa el hecho de que su autor exiliado republicano no se refiriera en ellas a la reciente guerra de España ni a sus consecuencias Sin embargo de modo subrepticio la política estructura el texto y contribuye a construir la problemática unidad del libro un libro que muchos llamaron obra maestra y que

Jos Ramón Marra López ha situado al margen de toda posible clasificación No para clasificarlo sino para entender esa marginalidad y los motivos de su encanto este estudio el primero dedicado en extenso específicamente al volumen y el primero que contempla con detenimiento el manuscrito autógrafo

**Avance en investigación sobre literatura: teoría y crítica**, 2024-11-28 Con el término literatura nos referimos al arte que se sirve del lenguaje natural como vehículo para crear un texto de ficción caracterizado por su valor poético o estético y al que con el correr del tiempo se le han asignado diferentes funciones En su origen la literatura se compuso y se difundió oralmente Pero una vez que la humanidad desarrolló sistemas de escritura y soportes escriturarios como las tablillas de arcilla y el papiro para cubrir necesidades prácticas se aprovechó ese avance para fijar preservar y transmitir los textos literarios mediante la escritura La Ilíada por ejemplo se compuso y transmitió por tradición oral de generación en generación durante varios siglos hasta que un aedo al que la tradición ha llamado Homero la registró por escrito hacia el siglo VIII a C Con la invención de la imprenta se inauguró en Occidente el denominado Periodo de Gutenberg periodo de 500 años en la historia de la humanidad en que la cultura impresa fue predominante Hoy en día asistimos a una nueva revolución propiciada por la era digital que ha transformado también de manera radical los modos en que accedemos a la literatura y por tanto nuestra forma de leerla e interpretarla De ahí que el eje temático central de este volumen sea la lectura e interpretación de la literatura en el siglo XXI

*Historia de la literatura* VI Erika Wischer, 2004-02-05 Completo y riguroso panorama de la producción literaria del siglo XX en relación con su contexto histórico con especial hincapié en la literatura española y en aspectos de carácter genérico como la ciencia ficción la literatura escrita por mujeres o la relación entre literatura y medios de comunicación

*El cuento literario* Antonio del Rey Briones, 2008-05-01 Vinculado en sus orígenes a los cuentos de tradición oral con los que comparte su estructura esencial y de los que tomó en un principio algunos de sus contenidos temáticos el cuento literario se caracteriza ante todo por su condición de obra construida y transmitida mediante la escritura Y de esta circunstancia se derivan todos los rasgos que hacen de él una especie narrativa diferente autor conocido transmisión estable vocabulario innovadora diversidad temática estilo elaborado complejidad constructiva e ideológica personajes individualizados todo lo cual supone una crucial mutación que convierte al cuento literario en un relato adulto emancipado por obra de la escritura de la simplicidad e ingenuidad de las antiguas narraciones de tradición oral Tras una etapa de consolidación durante la Edad Media en la que ya comienzan a perfilarse algunos de sus rasgos distintivos el cuento literario alcanza su plenitud durante el Realismo de forma paralela al auge de la novela gracias a que los grandes escritores de la época supieron hallar en él como expresión más genuina de la narración las grandes posibilidades que ofrecía Elevado a cimas estéticas sin precedentes y superados los prejuicios que sobre él pesaban el cuento afianzó su prestigio en la comunidad literaria con lo cual quedaba preparado el camino para que en el siglo XX se produjera su apoteosis pues no de otra manera debe llamarse a esa explosión de diversidad de creatividad de calidad y en muchas ocasiones de genialidad que caracteriza al cuento contemporáneo En esta antología se ofrece un itinerario del género

a través de algunas muestras representativas en las que se advierte cómo ha ido ganando terreno hasta ocupar el lugar privilegiado que hoy ocupa en la estimación de los lectores y la crítica. Y de los profesores que han encontrado en el cuento uno de los recursos más seguros para iniciar a los alumnos en la lectura y fomentar el interés y el gusto por la misma.

Cuentos españoles contemporáneos Susana Giglio, Lores Olivato, 1992      **Bibliografía española**, 2006      Literatura española desde 1939 hasta la actualidad Francisco Gutiérrez Carbajo, 2011-07-13 Este libro revisa las etapas más ricas que ha experimentado el fenómeno literario en los últimos tiempos. En primer lugar se presenta el contexto político y cultural señalando lo más característico de las distintas décadas que integran este interesante período con referencia a la mediación la recepción y la recreación del hecho literario. A continuación se estudian la novela del exilio y de la posguerra, la realista, la nueva narrativa, la novela de finales del siglo XX y principios del siglo XXI, el relato breve, los principales movimientos poéticos desde 1939 hasta nuestros días y el teatro desde finales de la guerra civil española hasta la actualidad. En este apartado se analizan también las asociaciones y agrupaciones teatrales, las salas alternativas y los grupos independientes. En todos los géneros se presentan las principales aportaciones; en catalán, gallego y vasco se aportan ejemplos de análisis y se insertan textos significativos. Por último se revisan las interconexiones de la literatura con la prensa, la radio, la televisión, el cine y las nuevas tecnologías. En la época actual, manifestación artística o literaria se entiende de una manera más completa si se pone en relación con dichos medios.
