Relaxing into the Pain Mekel S. Harris, PhD, 2016-06-29 After years of offering emotional support and guidance to children young adults and families coping with grief and loss Dr Mekel Harris a licensed psychologist came face to face with her own grief following her mother's diagnosis with stage IV pancreatic cancer in November 2012 Just 30 days after receiving news of her mother's devastating diagnosis Dr Harris mother died thrusting Dr Harris into an emotional physical and spiritual whirlwind Within a brief period of time she was forced to confront herself and others in ways she had never known Relaxing Into the Pain offers a glimpse into Dr Harris grief journey thus far a journey filled with peaks valleys and spiritual crossroads Her candid journal entries coupled with self reflections about her experiences provide insights into the overwhelming nature of as well as the beauty within grief and loss Most importantly Dr Harris reflections offer Christ centered inspiration and hope to those traveling along grief's road and challenge the reader to consider its transformative depths

Exploring the Spiritual David R. Matteson, 2011-03-17 Gain solid empirical findings to understand your own spiritual development To significantly impact clients spirituality and use the spiritual strengths the client possesses to facilitate their move toward health a counselor must be willing to explore his or her own spiritual development Exploring the Spiritual Paths for Counselors and Psychotherapists provides cognitive information grounded in the empirical findings of social science as well as experiential material which encourages the counselors own spiritual quest This invaluable source clarifies the interface between the counselor's spirituality and the client's and allows the spiritual dimension to emerge appropriately in the counseling process Exploring the Spiritual Paths for Counselors and Psychotherapists provides challenging questions and exercises that lead the counselor or psychotherapist through a personal exploration to attain the maturity of development needed to facilitate the client's spiritual growth The text written in an accessible narrative style features helpful case studies and personal anecdotes to illustrate the concepts and processes described Each chapter includes an overview of an issue develops an argument or position and presents a focused exploration of some relevant empirical research that is presented in a context that helps the reader see its personal implications The final section leads the reader through exercises and experiments helping them to

focus on the counselor's own inner experience or encouraging the counselor to experiment with new behaviors. This insightful resource encourages the counselor to work directly with the client's spiritual experiences and conceptualizations without imposing on the client the beliefs of the counselor. Topics discussed in *Exploring the Spiritual Paths for Counselors and Psychotherapists* include models of spiritual development, steps toward spiritual maturation, the contribution of crises in belief and in values, the physical/emotional self and the contribution of passion and sexuality, overcoming the divisiveness of age, race, gender, sexual orientation, and culture, coping with suffering, discovering one's own paths to the spiritual. *Exploring the Spiritual Paths for Counselors and Psychotherapists* is a valuable resource for counselors, psychotherapists, counselor educators, and graduate students in psychology, counseling, psychotherapy, social work, and psychiatry. *Creative Healing* Michael Samuels, Mary Rockwood Lane, 2011-02-01. All across the country, a groundbreaking movement is forming in the field of health care: art and medicine are becoming one with remarkable results. In major medical centers such as the University of Florida, Duke University, University of California, and Harvard Medical School, patients confronting life-threatening illness and depression are using art, writing, music, and dance to heal body and soul. A woman with breast cancer who has never made art before finds healing and empowerment by creating sculpture. A man with AIDS uses journaling to overcome feelings of despair and helplessness. A woman suffering from depression following her divorce learns to dance for the first time in her life, and in her body's movement she rediscovers a sense of play and joy. A musician gives meaning to his art by helping people with illness transform their life through music. Physicians and nurses are beginning to use creativity to complement and enhance their medical practice. *Creative Healing* presents readers with the inspiring ways in which the arts—painting, writing, music, and dance—can free the spirit to heal. In one volume, the authors detail the transformative power of a diverse range of artistic activity. Michael Samuels, MD, has over twenty-five years of experience working with cancer patients and is the best-selling author of *Seeing with the Mind's Eye* and *The Well Baby Book*. He teams up with fellow pioneer Mary Rockwood Lane, RN, PhD, to share their extraordinary findings on the healing powers of the arts. Through guided imagery, personal stories, and practical exercises, they teach you how to find your inner artist/healer, enabling you to improve your health, attitude, and sense of well-being by immersing yourself in creative activity. Both Samuels and Lane offer invaluable insight through their personal journeys and extensive groundbreaking research, noting that prayer, art, and healing come from the same source: the human soul. Because there lies an artist and healer within each of us, *Creative Healing* is an invaluable resource for anyone wishing to discover the beauty of music, dance, writing, or art and connect with a deeper part of oneself. Filled with inspiration and guidance, it will help you make changes in your life and the lives of others and gain access to the sacred place where inner peace exists. Foundations and Principles of Practice in Musculoskeletal Rehabilitation David J. Magee, James E. Zachazewski, William S. Quillen, 2007-02-14 Musculoskeletal Rehabilitation Volume 2 Scientific Foundations and Principles of Practice provides a thorough review of the basic science information concerning the tissues of the musculoskeletal system impacted by injury or disease as well as the guiding principles upon which rehabilitation interventions are based. This volume divides information into two sections: scientific foundations and principles of intervention, providing readers with a guiding set of clinical foundations and principles upon which they can easily develop treatment interventions for specific impairments and functional limitations. Clinical application case studies help readers apply what they learn in the classroom to real life situations. Evidence-based content uses over 5 000 references to support the basic science information principles for rehabilitation interventions and provide the best evidence and physiological reasoning for treatment. Over 180 tables and 275 text boxes highlight key points within the text for better understanding. Expert editors David Magee PhD PT, James Zachazewski DPT SCS ATC, Sandy Quillen PT PhD SCS FACS, and over 70 contributors provide authoritative guidance on the foundations and principles of musculoskeletal rehabilitation practice. *Healing: the Path to Freedom* Dr. Michael D. Winer, 2014-08-20 Praise for *Healing: The Path to Freedom* What Michael has apparently discovered and teaches is that how we interact with life moment by moment, particularly our feeling experience, is visibly at the core of everything. From the broken things to the extraordinary things, it is nowhere else but the place that no one thinks to look literally in ourselves. The remarkable, almost unique aspect of Michael's work is that everything he does and teaches points you back to the truth of your own tangible experience. If you want to entertain the possibility of real change, this can be an excellent place to do it. If you seek to preserve your status quo well, this may not be the place. The work is not easy, though it is simple and clear. It's also not necessarily a quick fix, though some experience rapid results. Expect change and be prepared to see that life is not only what you thought it was. In today's increasingly small world, sticking one's head in the sand is becoming a less and less viable option as hiding places become hard to find. Michael's work is all about strongly engaging life and finding the only reliable refuge: your true self. Marc Glassgold. *Embracing Your Potential* Terry Orlick, 1998 The author of several books on mental training shows readers how to achieve excellence in performance as well as excellence in living.
