A Relevant Word Robert G. Duffett,1995 After demonstrating why and how our culture has changed Duffett offers a methodology for communicating the Christian faith that is sensitive to the needs of seekers **Preaching with Relevance**

Keith Willhite, Clear communication of the relevance of the biblical text to contemporary culture is the responsibility of the pastor Keith Willhite offers strategies for exegetically solid and culturally apt sermon preparation *Stop Preaching and*

Start Communicating Tony Gentilucci,2009-02-02 Stop Preaching and Start Communicating examines the medium of television as a powerful method of communication to consider what we can learn from it as communicators of the most important message the world needs to hear Tony discusses knowing your target audience how to begin and end your message effectively communicating without notes the need for one memorable big idea and how to communicate to transform rather than simply inform **Preaching Words** John S. McClure,2007-01-01 John McClure sPreaching

Wordshighlights the most important ideas in homiletics and preaching offering short explanations of these ideas what scholars of preaching are saying about them and how they can help in today s preaching Topics range from elements of the sermon introduction body and conclusion to aspects of delivery types of preaching in different Christian traditions and theories of preaching The Four Pages of the Sermon Paul Scott Wilson,2010-09-01 Doing justice to the complexity of the

preaching task and the questions that underlie it Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two Rhetoric of the Protestant Sermon in America Jonathan J. Edwards,Eric

C. Miller,2020-01-20 In Rhetoric of the Protestant Sermon in America Pulpit Discourse at the Turn of the Millennium ten scholars analyze notable sermons from the fifty year span between 1965 and 2015 during which the Protestant sermon has undergone significant change in the United States Contributors examine how this turbulent time period witnessed a variety of important shifts in the arguments evidences and rhetorical strategies employed by contemporary preachers Because religious practice is inextricably tangled in the culture politics and economy of its historical situation the public expression of a faith is certain to move with the times In their treatment of race sex gender class and citizenship sermons apply ancient texts to current events and controversies often to revealing effect This collection thoughtfully edited by Eric C Miller and Jonathan J Edwards demonstrates how the genre of the Protestant sermon has evolved or resisted evolution across the years Scholars of religion rhetoric communication sociology and cultural studies will find this book particularly useful

Preaching to a Shifting Culture Scott M. Gibson,2004-08 A challenge to preachers to proclaim the Scriptures with

authority and power in a post Christian world **The Four Pages of the Sermon, Revised and Updated** Paul Scott Wilson, 2018-09-18 Doing justice to the complexity of the preaching task and the questions that underlie it author Paul Scott Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two This approach is about preaching the gospel in nearly any sermon form Wilson teaches the what why and how of sermon construction all rooted in a theology of the Word This completely revised edition guides readers through the sermon process step by step with the aim of composing sermons that challenge and provide hope by focusing on God more closely than on humans It has been largely rewritten to include an assessment of where preaching is today in light of propositional preaching the New Homiletic African American preaching the effect of the internet and use of technology A chapter on exegesis has been added plus new focus on the importance of preaching to a felt need the need for proclamation in addition to teaching and developing tools to ensure sermon excellence New sermon examples have been added along with a section that responds to critics and looks to the future **Rethinking the Church** James Emery White, 2003-07-01 Why is it important to rethink the church Today many leaders focus on how their ministries can be run more efficiently But the foundational question according to James Emery White should be Why do we have this ministry and then Why do we do this ministry the way we do Is it effective Rethinking the Church helps pastors and lay leaders work through questions that must be answered if a church is to rethink evangelism discipleship ministry worship community and the structure of the church Break old molds check assumptions and be sensitive says White He uses the language and aims of seeker targeted churches but urges readers not to tie themselves to any model without understanding the individual purpose of their church Now thoroughly revised and expanded Rethinking the Church contains more emphasis and key material on how to move from rethinking to transition White blends biblical reflection and hands on experience and uses the early church as described in the Book of Acts as the ultimate example **Finding the Plot** Roger Standing, 2012-03-16 Endorsements Preaching at its best is truth on fire The real quality of this book is that it has been created from the author s own experience of the local pastorate and is concerned with practical insights and realities I warmly recommend it David Coffey Moderator of the Free Churches and General Secretary of the Baptist Union For some the phrase finding the plot suggests a stroll through a graveyard which is much like their view of preaching But Roger Standing uses the phrase to describe narrative preaching an approach that helps preachers accomplish their essential task to raise the dead Marshall Shelley Vice President Christianity Today International and editor of Leadership This book from a seasoned practitioner and an able thinker will provide the signposts required by

many either for transforming their preaching style in mid career or for setting off on the right foot Nigel G Wright Principal of Spurgeon's College London Roger Standing breezily shares his enthusiasm for narrative preaching He combines theory about narrative and its cultural relevance with practical advice and preaching examples A helpful stimulus to any preacher to branch out into narrative preaching Michael Quicke Charles Koller Professor of Preaching and Communications Author Biography Roger Standing is the Deputy Principal of Spurgeon's College in London England where he teaches Mission Evangelism and Pioneer Ministry His other publications include Preaching for the Unchurched in an Entertainment Culture and Re Emerging Church strategies for reaching a returning generation **Visually Speaking** Jolyon P.

Mitchell,2001-01-01 What can preachers learn from the art of radio broadcasting Jolyon Mitchell considers radio broadcasting in Britain and America including C S Lewis The Radio Padre Ed Murrow Lionel Blue and Angela Tilby He explores how the speaker can create pictures with words and engage listeners in multi sensory ways This book offers theological insights and practical guidelines to enable preachers to listen and to communicate more creatively in today's media saturated world **Speak the Word: 12 Christian Leaders on Communicating the Truth** Rebecca Van
