**Religion and Politics in the International System Today** Eric O. Hanson, 2006-01-16 Publisher Description

**Religion in International Politics and Development** J. A. Rees, 2011 This unique and fascinating book illustrates that in moving the research agenda forward despite whatever methodological pitfalls that may await in the attempt the dynamics of religion must now be considered to be of central and abiding importance in the study of world politics An illuminating case study of the World Bank's engagements with religion faith communities institutions and social movements provides insights into the current discourse on religion in international relations John A Rees argues that religion is of equal importance to other structures of international relations IR and questions where religion is operating in world politics rather than what religion is in an essential sense He constructs a new model for differentiating three distinct discourses of religion in the theory and practice of world politics which he applies to the IR sphere of international development and encourages new thinking in the field by answering conceptual and methodological challenges in religion research This book will prove an enlightening point of reference for academics and researchers in the fields of religion world politics international relations and development studies as well as for international organisations development theorists and practitioners working in conjunction with faith based organisations

*Handbook on Religion and International Relations* Haynes, Jeffrey, 2021-07-31 This comprehensive Handbook examines the relationship between religion and international relations mainly focusing on several world religions Christianity Islam Hinduism and Judaism Providing a timely update on this understudied topic it evaluates how this complex relationship has evolved over the last four decades looking at a variety of political contexts regions and countries

**Religion and Politics in International Relations** Timothy Fitzgerald, 2011-10-27 Scholars in International Relations concerned with religion and its relations to world politics are rhetorically constructing a powerful modern myth A component of this myth is that religion is inherently violent and irrational unless controlled by the secular state which is inherently rational and only reluctantly violent Timothy Fitzgerald discusses how in this modern myth religion appears as a force of nature which either assists or threatens the sacred secular order of things and how religion is portrayed as a kind of universal essence which takes many forms its recent most dangerous manifestation being Islamic terrorism This book illustrates that the essential distinction between irrational religion and rational secular politics appears as an unquestioned preconception on the basis of which policy is conducted countries invaded and wars fought Arguing that this rhetorical construction of religion provides the foundation for faith in the rationality of modern liberal capitalism Fitzgerald demonstrates how a historically contingent discourse has been transformed into a powerful set of global assumptions

**Faith and Politics in South Asia** Astha Chadha, 2024-11-18 This book explores the role of faith and politics in shaping the international relations of South Asia Adopting a neo classical realist framework and a discourse historical approach to analyze how religious actors construct their political identities and interests through the interpretation of sacred texts or

exegesis the book makes several key contributions to the field of international relations. It introduces the concept of exegesis as a novel analytical tool to understand the role of religion in world politics. The book argues that exegesis is not only a theological exercise but also a political one as it shapes the worldviews, values, norms, and interests of religious actors. The author applies exegesis to three case studies of South Asia: the partition of India and Pakistan, the rise of Hindu nationalism in India, and the emergence of Islamic radicalism in Pakistan and resurging signs of the same in Bangladesh. The research then challenges the conventional assumptions of IR such as the secularization thesis, the clash of civilizations, and the rational actor model by showing how religious actors are not monolithic, homogeneous, or irrational but rather diverse, heterogeneous, and strategic. The book offers a nuanced and comprehensive understanding of the role of religion in world politics, especially in the context of South Asia. Highlighting the diversity and complexity of the religious landscape in South Asia, which is home to various faiths, sects, movements, and ideologies, this book will be of interest to academics studying global politics.

international relations, Asian Studies, and studies on religion and foreign policy. Routledge Handbook of Religion and Politics Jeffrey Haynes, 2016-01-13. From the United States to the Middle East, Asia, and Africa, religion continues to be an important factor in political activity and organisation. The second edition of this successful handbook provides the definitive global survey of the interaction of religion and politics. Featuring contributions from an international team of experts, it examines the political aspects of all the world's major religions, including such crucial contemporary issues as religious fundamentalism, terrorism, the war on terror, the clash of civilizations, the Arab Spring, and science and religion. Each chapter has been updated to reflect the latest developments and thinking in the field, and new chapters such as Postsecularism and international relations, and Securitization and Secularization. The two pillars of state regulation of European Islam have been added to ensure the book is a comprehensive and up-to-date resource. Four main themes addressed include World religions and politics, Religion and governance, Religion and international relations, Religion, security, and development. References at the end of each chapter have been overhauled to guide the reader towards the most up-to-date information on various topics. This book is an indispensable source of information for students, academics, and the wider public interested in the dynamic relationship between politics and religion. Global Religions and International Relations: A Diplomatic Perspective P.

Ferrara, 2015-12-24. With a religious re-emergence in international relations, this book provides an introduction to the role religions play within the global political arena. Culled from theoretical, practical, and real-world experiences, Ferrara explains the role religion now plays in global affairs on diplomatic and political levels. *Religion and Politics in the Middle East* Robert D. Lee, 2018-04-19. This innovative book analyses the relationship between religion and politics in the Middle East through a comparative study of five countries: Egypt, Israel, Turkey, Iran, and Saudi Arabia. Robert D. Lee examines each country in terms of four domains in which state and religion necessarily interact: national identity, ideology, institutions, and political culture. In each domain, he considers contradictory hypotheses, some of them asserting that religion is a positive force for

political development and others identifying it as an obstacle Among the questions the book confronts Is secularization a necessary prerequisite for democratic development How is it and why is it that religion and politics are so deeply entangled in these five countries And why is it that all five countries differ so markedly in the way they identify themselves and use religion for political purposes The book argues that the nature of religious organization and practice in the Middle East must be understood in the context of individual nation states The second edition is updated throughout and includes an entirely new chapter discussing the political and religious climate in Saudi Arabia Earlier introductory analysis has been condensed to make room for new material and chronologies at the end of each chapter have been added to help students understand the broader context The second edition of Religion and Politics in the Middle East is a robust addition to courses on the Middle East

*Pilgrimage, Politics, and International Relations* M. Barbato, 2012-12-28 A standout contribution to post secular IR theory this book addresses issues of global politics from cooperation to conflict and shows how a religious metaphor the pilgrim can help us to rethink our concepts of self agency and community in a time of changing world order

Religion and Contemporary Politics Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography

**Political Islam, World Politics and Europe** Bassam Tibi, 2008-03-25 This book is concerned with political Islam and in particular the global challenges posed by Islamists and Jihadists

**Religious NGOs in International Relations** Karsten Lehmann, 2016-01-29 Over the last 30 years non governmental organizations NGOs have become increasingly present in international discourses and active in international decision making Among the estimated several million NGOs in existence today an increasingly visible number of organizations are defining themselves in religious terms referring to themselves as religious spiritual or faith based NGOs This book documents the initial encounters between the particularly international segment of those organizations and the UN while at the same time covering the Protestant and Catholic spectrum that dominated the early years of their activities in the UN context This book focuses on the construction of the human rights

discourse inside two religiously affiliated organizations The Commissions of the Churches on International Affairs CCIA and Pax Romana IMCS ICMICA These organizations have been formally accredited as NGOs by the UN label themselves as religious and look back upon a long and intense cooperation with the UN Lehmann presents material from the archives of those two organizations that has so far rarely been used for academic analysis In doing so as well as documenting the encounters between those organizations and the UN and looking at the Protestant and Catholic spectrum the book provides new insights into the very construction of the notions of the religious and the secular inside those organizations This work will be of great interest to all students of religion and international relations and will also be of interest to those studying related subjects such as global institutions comparative politics and international politics *International Relations and Islam* Nassef Manabilang Adiong, 2014-03-17 *International Relations and Islam* Diverse Perspectives presents the idea of finding a middle way or common ground of understanding between two bodies of knowledge conceived from two different hemispheres of the world namely International Relations IR a social science discipline conceived in the UK and the US the West and Islam or Islamic Studies which was conceived in the Arab world and developed in Iran Pakistan Turkey Malaysia Indonesia and many non Arab countries The book is divided into two main sections the first being general perspectives from different backgrounds or cases concerning Islam The second part specifically examines Turkey offering various perspectives on the significance of this country and its democratic experience The contributions included in this volume range from discussions on the Islamic veil and its associated stereotypes to an article on Islamic feminism Other subjects discussed include the issues of Muslim integration Turkey s international relations and Islam s relationship with democracy in addition to a biographical representation of the current Minister of Foreign Affairs of Turkey Ahmet Davuto lu detailing his scholarship and its impact on Turkey s foreign policy This edited book is part of the mission vision of the IR IS Research Cohort an e networking community interested in advancing comparative research between International Relations and Islamic Studies Contributors Jessica L Daniels Didem Do any lmaz G khan Duman Alessandra L Gonz lez tar G zayd n and Ari Varon **Religion, Politics and International Relations** Jeff Haynes, 2011-04-07 Bringing together in one collection his most influential essays spanning two decades of research Jeffrey Haynes seeks to explore the complex relationship between religion politics and international relations **Religion and Politics in the 21st Century** Natalia Vlas, 2013-07-26 *Religion and Politics in the 21st Century* is composed of a number of articles that were presented during the 2012 international conference on Religion and Politics in the Globalization Era organized by the Centre for Political Analysis in Cluj Napoca Romania With careful attention given to 21st century religious resurgence and its dynamic interactions with political structures and the public sphere the present volume captures a wide variety of perspectives on contemporary religion and politics ranging from theoretical approaches to case studies and from analyzing global facets to exploring local situations Its thematic richness and its careful exploration of not only present realities but also of patterns of past interactions and of

possible future directions render this volume a valuable resource for scholars policy makers and the general public as well

*New Perspectives on Religious and Spiritual Education* Theo van der Zee, Terence J. Lovat, 2012 Society is a complex phenomenon characterized by constant change often entailing conflict This is seen in our own times where philosophies and movements of individualism pluralism and globalization intersect and often collide Still even in this fast moving and highly materialist world religion and spirituality remain crucial aspects of human and social living and therefore must be among the many focusses of the modern school Teachers of Religious and Spiritual Education RSE are therefore expected to support students religious and spiritual understanding as well as their overall development How can they best meet this challenge This book is comprised of various interdisciplinary research findings drawn from international scholarship The findings are of a different order from each other but all have in common an element of surprise sufficient to impel reflection and re thinking of many of the assumptions that normally underpin RSE The book therefore constitutes a contribution to ongoing understanding of the role played by religious and spiritual education and of the proper interface between RSE and the modern school contemporary curricula and the teacher of today Contributions by Robert Crotty Ola Erik Domaas Michael Fricke Liam Gearon Adrian Mario Gellel Eija Hanhimäki Laura Hirsto Tapani Innanen Terence Lovat Klaas Macha Emanuel P Magro Adil Mamodaly Fritz Oser Ulrich Riegel Inkeri Rissanen Sturla Sagberg Kirsi Tirri Theo van der Zee Karen Wenell

Religion in the Age of Re-Globalization Roland Benedikter, 2021-12-13 This book provides a concise introduction into twenty one trends that are transforming the role of religion and spirituality in re globalizing societies In referring to processes of re globalization the book draws attention to profound ongoing changes in the patterns and mechanisms of contemporary globalization Inter and transdisciplinary in its approach clearly structured and easy to read the book analyzes the impact of religious self understanding rhetoric and practice on five core fields economics politics culture demography and technology In turn it describes the effects of these five fields on religion and spirituality themselves This book represents a broad encompassing overview of the main transformations that religion is undergoing today Roland Benedikter combines a big picture approach with a keen attention to the details of specific case studies With its clear and accessible structure and timely examples this book is ideally suited for students of international relations and religious studies and will also appeal to researchers engaged in those fields and to interested general readers The book is also apt to serve as an encompassing basis for contemporary debates in civil society including both grassroots and expert discussions

**Christian Faith, Philosophy & International Relations**, 2019-10-29 International relations are in constant turbulence Globalisation the rise and fall of superpowers the fragilisation of the EU trade wars real wars terrorism persecution new nationalism and identity politics climate change are just a few of the recent disturbing developments How can international issues be understood and addressed from a Christian faith perspective In this book answers are presented from various Christian traditions Neo calvinism Catholic social teaching critical theory and Christian realism The volume offers fundamental theological and

Christian philosophical perspectives on international relations and global challenges case studies about inspiring Christian leaders such as Robert Schuman Dag Hammarskjöld Abraham Kuyper and prophetic critiques of supranational issues

**Value Learning Trajectories** Arniika Kuusisto, Liam Gearon, 2017 Value Learning Trajectories Theory Method Context provides a theoretical methodological and contextual framing of value learning alongside individual life trajectories in a diverse range of international educational settings It brings together philosophical approaches on value learning with empirical research findings from Australia Austria Ethiopia Estonia Finland Germany Iran the Netherlands and the United Kingdom A critical interdisciplinary bridge between value learning and life trajectory research the volume gathers together contributions from leading and emergent researchers to facilitate evidence informed insights and future collaborations in the field

**God and International Relations** Mika Luoma-Aho, 2012-03-29 Religion is prevalent in world politics today and international relation theory is at pains to understand and explain this phenomenon This unique study aims to introduce political theology as an appropriate tool to the study of international relations In accordance with the political theology of Carl Schmitt which states that modern political concepts are secularized theological concepts the work questions the secular foundations of contemporary international relations theory Thus it reveals the Christian foundations of the discipline of international relations and delivers a critique of some of its most fundamental theoretical elements such as its secular view of religion as part of the irrational its deification of the political form of the nation state and its negation of theism in its understanding of responsibility in world politics The result is a primer on how international relations and its studies have grown out of the political imagination of Christian theology It will appeal to anyone interested in critical approaches to the field as well as in politics and religion political theory and political theology
