Religion And Nationalism In Soviet Ukraine After 1945 The Millennium Series:

Religion and Nationalism in Soviet Ukraine After 1945 Vasyli' Markus', 1985 *Bibliography of the Soviet Union, Its Predecessors and Successors* Bradley L. Schaffner, 1995 Provides subject access to works on a broad range of topics on the region's social political and cultural development Most of the titles have been published since 1984 With author index

Journal from the Ukrainian Cultural Institute, 1987 **Soviet Ukrainian Dissent** Jaro Bilocerkowycz, 2019-07-11 In this book the author focuses on an important variant of Soviet dissent from 1963 through March 1985 to deepen understanding of the phenomena of political alienation and dissent and to stimulate further study of political dissent in the USSR and elsewhere **On the Writing of History in Kievan Rus'** Omeljan Pritsak, 1988 **From Kievan Rus' to**

Modern Ukraine Mykhaïlo Hrushevs'kyi, Omeljan Pritsak, John Stephen Reshetar, 1984 *Historical Dictionary of Ukraine* Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine **A Thousand Years of Christianity in Ukraine** National Committee to

Commemorate the Millennium of Christianity in Ukraine, 1988 **World Christian Encyclopedia** David B. Barrett, George Thomas Kurian, Todd M. Johnson, 2001 The expanded updated edition of a classic reference source the comprehensive survey of the status of the world's largest religion in 238 countries Many tables charts diagrams maps photographs and a rich text present a unmatched look at 33 800 Christian denominations 12 000 dioceses 5 000 missions and other groups all set against a detailed historical political social cultural demographic background *Post-Soviet Political Order* Barnett Rubin, Jack Snyder, 2002-11-01 Post Soviet Political Order asks what is shaping the institutional pattern of the post Soviet political order what the new order will be like what patterns of conflict are emerging and what can be done about stabilising the region In considering these questions the contributors converge on four common themes the institutional legacy of empire the social

processes unleashed by imperial collapse patterns of bargaining within and between states to resolve conflicts arising out of the imperial collapse the impact of the wider international setting on the pattern of post imperial politics Focusing on the former Soviet Union and Eastern European countries the contributors show how strong state institutions are essential if conflict and political instability are to be avoided **Letterature di frontiera** ,1994 Religion and Nationalism in Soviet Ukraine After 1949 Vasyli' Markus',1985 A Long Walk To Church Nathaniel Davis,2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler s invasion and Stalin s reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin s death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia s conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east the canonization of the last Czar the church s financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility Church, Nation and State in Russia and Ukraine Geoffrey A. Hosking,1991-09-23 The opportunities opened up by the Gorbachev reforms have shown that religion is one of the most significant dynamic forces in Soviet society Yet few scholars have attempted to relate the study of churches and religious movements in recent centuries to the politics and culture of the Soviet Union To remedy this deficiency leading western experts on Christianity in the Eastern Slav lands gathered at a conference in London on the occasion of the millennium of the baptism of Rus Their papers present unexpected and fascinating insights into an under rated but crucial aspect of the life of the Soviet peoples **Ukraïns'kyi istorychnyi zbirnyk** ,2008 *Globalization and Orthodox Christianity* Victor Roudometof,2013-10-15 With approximately 200 to 300 million adherents worldwide Orthodox Christianity is among the largest branches of Christianity yet it remains relatively understudied This book examines the rich and complex entanglements between Orthodox Christianity and globalization offering a substantive contribution to the relationship between religion and globalization as well as the relationship between Orthodox Christianity and the sociology of religion and more broadly the interdisciplinary field of Religious Studies While deeply engaged with history this book does not simply narrate the history of Orthodox Christianity as a world religion nor does it address theological issues or cover all

the individual trajectories of each subgroup or subdivision of the faith Orthodox Christianity is the object of the analysis but author Victor Roudometof speaks to a broader audience interested in culture religion and globalization Roudometof argues in favor of using globalization instead of modernization as the main theoretical vehicle for analyzing religion displacing secularization in order to argue for multiple hybridizations of religion as a suitable strategy for analyzing religious phenomena It offers Orthodox Christianity as a test case that illustrates the presence of historically specific but theoretically distinct glocalizations applicable to all faiths *Stalin's Holy War* Steven Merritt Miner,2003 This volume examines the complex and profound role of religion especially Russian Orthodoxy in the politics of Stalin s government during World War II It demonstrates that Stalin decided to restore the church to prominence as a tool for restoring Soviet power to previously occupied areas Independent Ukraine Bohdan S. Wynar,2000 Approximately 1700 entries describe monographs scholarly essays and doctoral dissertations published in the Ukraine from 1990 to 1999 The material is arranged in chapters with an introduction outlining developments and important authors and their works Eastern Christianity and Politics in the Twenty-First Century Lucian N. Leustean,2014-05-30 This book provides an up to date comprehensive overview of Eastern Christian churches in Europe the Middle East America Africa Asia and Australia Written by leading international scholars in the field it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day The book offers a unique insight into the myriad church state relations in Eastern Christianity and tackles contemporary concerns opportunities and challenges such as religious revival after the fall of communism churches and democracy relations between Orthodox Catholic and Greek Catholic churches religious education and monastic life the size and structure of congregations and the impact of migration secularisation and globalisation on Eastern Christianity in the twenty first century Religion Index Two ,1976
