Briar Bottom Timothy Silver,2024-11-11 On July 3 1972 twenty four hippies from Clearwater Florida set up tents and settled in for the night at Briar Bottom a public US Forest Service campground in western North Carolina The impromptu campout was a pit stop for the group on their way to a Rolling Stones concert in Charlotte Early that evening they drank beer smoked marijuana and listened to rock music as they anticipated the good times that lay ahead Near midnight the county sheriff showed up with six deputies allegedly responding to a noise complaint They were armed with pistols and five sawed off 12 gauge shotguns one of which discharged killing a young man named Stanley Altland To this day no one has been held responsible for the tragic incident though it happened in front of over a dozen eyewitnesses Timothy Silver writes the true story of Altland's death and its aftermath using archival research interviews with surviving Clearwater campers and newly unearthed FBI files A mix of true crime southern history and personal storytelling this book shows how in the dark of night at a remote mountain campsite the killing of an innocent man epitomized the suspicion of young people and violence toward the counterculture that gripped the nation in the early 1970s **The Rock Canon** CarysWyn Jones,2017-07-05 Canons are

central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and

mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan's Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground's The Velvet Underground Nico Van Morrison's Astral Weeks Marvin Gaye's What's Going On The Rolling Stones Exile on Main St Patti Smith's Horses The Sex Pistols Never Mind the Bollocks Here's the Sex Pistols and Nirvana's Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries
