**Rolls-Royce Armaments** David Birch,2000 Beskriver forskellige v bentyper udviklet og fremstillet af de engelske Rolls Royce fabrikker *A Compendium of Armaments and Military Hardware (Routledge Revivals)* Christopher Chant,2014-06-03 First published in 1987 The Compendium of Armaments and Military Hardware provides within a single volume the salient technical and operational details of the most important weapons The complete range of hardware used in land sea and air forces throughout the world at the time of publication is covered from tanks to rocket systems helicopters to cruise missiles alongside full details of size weight and operational range The book s main strength lies in the detail it gives of armament and associated ammunition capabilities and of the sensors and other electronics required for the weapons to be used effectively A key title amongst Routledge reference reissues Christopher Chant s important work will be of great value to students and professionals requiring a comprehensive and accessible reference guide as well as to weapons buffs

**British Naval Weapons of World War Two** Norman Friedman,2020-07-30 John Lambert was a renowned naval draughtsman whose plans were highly valued for their accuracy and detail by modelmakers and enthusiasts By the time of his death in 2016 he had produced over 850 sheets of drawings many of which have never been published These have now been acquired by Seaforth and this is the third of a planned series of albums on selected themes reproducing complete sheets at a large page size with an expert commentary and captioning The initial volumes concentrate on British naval weaponry used in the Second World War thus completing the project John Lambert was working on when he died His interest was always focused on smaller warships and his weapons drawings tend to be of open mountings the kind that present a real challenge to modelmakers rather than enclosed turret guns but he also produced drawings of torpedo tubes underwater weapons fire control directors and even some specific armament related deck fittings Following the earlier volumes on destroyer and escort armament this one covers the multitude of weapons carried by Coastal Forces many of which were improvised ad hoc or obsolescent but eventually leading to powerful purpose designed weaponry An appendix covers the main deck guns carried by British submarines of this era The drawings are backed by introductory essays by Norman Friedman an acknowledged authority on naval ordnance while a selection of photographs adds to the value of the book as visual reference Over time the series will be expanded to make this unique technical archive available in published form a move certain to be welcomed by warship modellers enthusiasts and the many fans of John Lambert s work **Armaments**

**Year-book** ,1924 [The Royal Air Force: Re-Armament 1930 to 1939](#) Ian M. Philpott,2006-07-20 Volume II of this mammoth reference work covers the years in which the League of Nations failed because of the emerging dictatorships in Germany and Italy and the expansionist policies adopted by Japan Britain was still reeling from the consequences of World War I and the RAF was sadly far behind the other major world powers in aircraft design still relying on bi planes that were direct descendants of World War I thinking It gradually became apparent that despite UK government dithering the RAF

needed to develop new aircraft engines and increase production to confront the bully boy tactics of the Axis powers As the turn of the decade approached extraordinary measures were taken to enable RAF to defend Britain s skies and this her freedom As with Volume 1 this book covers every conceivable part of the RAF s history through these pre War days It looks at the development and invention of new equipment such as radar monoplane fighters metal construction and the heavy bomber This was an era when science in aviation was rushing ahead and fortunately for Britain s freedom it laid the foundations of victory in 1 943     Statistical Enquiry Into National Armaments League of Nations,1923     **The European Armaments Market and Procurement Cooperation** Pauline Creasey,Simon May,Pauline Creasy,1988-06-18     **Weapon Systems** ,2002     Weapon Systems United States. Army,2000     **Kites, Birds & Stuff - Supermarine Aircraft** P. D. Stemp,2010-04-05 One of the early pioneering companies of aviation in Great Britain during the early part of the 20th century This is a comprehensive study of this British manufacturer     Arms Markets and Armament Policy S. Faltas,2012-12-06 Now that this book is being published as part of Hartinus Nijho s Studies in Industrial Organization I should like to point out two fac tors which strongly influenced the study There would have been no project on this scale if the Peace Research coamittee of the Free University Amsterdam had not coamissioned a major empirical investigation into Western Europe an defence industries and pro vided the funds and facUities needed to carry it out I am grateful for this for the committee s confidence and its patience and for the unfail ing support of the secretaries at the Department of International Relations The study was also submitted and approved as a doctoral dissertation at the Free University I am deeply indebted to my supervisors H W de Jong University of Amsterdam A J Vermaat Free University and G Junne University of Amsterdam who gave me all the guidance and the encourage ment I needed to H Coppens and G Faber who were a constant source of advice and support and to N Brown Birmingham University F Barnaby and Th van den Hoogen Groningen University who offered their comments on several occasions     *British Aircraft of World War II* John Frayn Turner,2016-04-30 This unique book now republished was the first of its kind to be published on British aircraft of the Second World War Aviation enthusiasts and aero modellers can see British aircraft as they really were through magnificently reproduced colour photographs Each of the forty nine types of aircraft is accompanied by a brief biography together with tables of the most important marks and their specifications engine span length height weight crew number maximum speed service ceiling normal range and armament There is also a section on British aircraft in action which includes accounts of outstanding exploits by the pilots of different types John Frayn Turner the well known aviation author has chosen the pictures and provided the text     **Industries in Europe** P. S. Johnson,2003-01-01 This book is to be recommended as a valuable reference source the self contained chapters provide well written and informative introductions to the industries covered and the authors also give helpful guidance to further reading Eleanor J Morgan The Economic Journal This important book presents an authoritative up to date examination of a number of major industries in Europe It offers valuable insights into the

nature of industrial activity in Europe as well as providing comprehensive introductions to a series of key industries such as defence construction tourism and biotechnology *States, Citizens and the Privatisation of Security* Elke

Krahmann,2010-02-04 Recent years have seen a growing role for private military contractors in national and international security To understand the reasons for this Elke Krahmann examines changing models of the state the citizen and the soldier in the UK the US and Germany She focuses on both the national differences with regard to the outsourcing of military services to private companies and their specific consequences for the democratic control over the legitimate use of armed force Tracing developments and debates from the late eighteenth century to the present she explains the transition from the centralized warfare state of the Cold War era to the privatized and fragmented security governance and the different national attitudes to the privatization of force *A Nuclear Weapons-Free World?* Nick Ritchie,2012-10-29 President Obama and the

UK Labour and Coalition governments have all backed the renewed momentum for serious progress towards a world free of nuclear weapons whilst the UK finds itself embarked on a controversial and expensive programme to renew its Trident nuclear weapons system What does the UK process tell about the prospects for disarmament *Guns and Butter* Jan Joel

Young Soo Andersson,2002 *The Business of Armaments* Joanna Spear,2023-01-19 Explores Britain s most prominent armaments firms and their relationships with the British Government and foreign states from 1855 to 1955 **European**

**Armaments Collaboration** Ron Matthews,2013-10-15 First published in 1992 The changing strategic environment of the 1990s has been characterised by events such as the Middle East conflagration and super power disarmament which represent the two opposing ends of the present security spectrum The framing of appropriate defence policies now depends on increased NATO industrial defence restructuring and cooperation especially within Europe This book identifies explains and analyses the key issues involved in Europe s defence industrial reorganisation progress It tackles head on controversial issues such as divergences between practice and policy in NATO US European positions the high costs of collaborative ventures competition vs concentration and the complexities of adopting an European defence consensus within NATO At a time when the diminution of NATO s defence industrial base goes hand in hand with product reorientation and specialization this book provides concise critical and contemporary assessment of European and NA TO collaborative issues **A**
