*Embroidered Histories* Barbara Karl, 2016-03-08 Early modern India was an economic core region producing manifold textiles for export During the sixteenth century a new customer entered the stage and expanded its influence from the city of Goa Portugal From early times the Portuguese had bought and commissioned textiles among them large embroideries from Bengal and Gujarat which are the focus of this study By providing European prints as models for the professional local

embroiderers they created a novel product that was successful in Portugal and beyond throughout the seventeenth century. The textiles were deemed valuable and rare enough to be included in different travel accounts, letters and inventories enabling us to trace their place of production, their transportation to Europe and their reception. Their intricate iconographies reflect political problematics of the time and shed light onto the intercultural circumstances of Portuguese colonial life. Barbara Karl is Curator of Textiles and Carpets at the MAK Museum für Angewandte Kunst, Gegenwartskunst in Vienna.

**All Things Ancient Rome** Anne Leen, 2023-06-15. Through roughly 160 alphabetically arranged reference entries, this book surveys the material culture and social institutions of Ancient Rome. Ancient Rome was one of the great civilizations of antiquity. Honoring the contributions of their cultural forebearers who included Etruscans, Asians and Egyptians as well as Greeks, Roman artists, writers and thinkers freely borrowed where tradition dictated and innovated where personal talent and imagination directed, forging a unique creative experience that formed the basis of Western European artistic, literary and philosophical production for 2,000 years. While other reference works typically examine battles and politicians, this book focuses on Roman social history and daily life, painting a detailed picture of the material culture and social institutions of Ancient Rome. A timeline highlights key events while an overview essay surveys the achievements of the Romans. Reference entries provide objective information about art, architecture, literature, commerce, transportation, government, religion and other topics related to Roman life. Each entry provides cross references and suggestions for further reading and some provide sidebars of interesting facts along with excerpts from primary source documents. The book closes with a selected general bibliography of resources suitable for student research. *Sex and Society in Græco-Roman Egypt* Dominic Montserrat, 1996. First Published in 1996. Routledge is an imprint of Taylor & Francis, an informa company.
