Roman Love Elegy and the Eros of Empire Phebe Lowell Bowditch, 2023-05-22 This book explores Roman love elegy from postcolonial perspectives arguing that the tropes conventions and discourses of the Augustan genre serve to reinforce the imperial identity of its elite metropolitan audience Love elegy presents the phenomena and discourses of Roman imperialism in terms of visual spectacle the military triumph literary genre epic in relation to elegy material culture art and luxury goods and geographic space as intersecting with ancient norms of gender and sexuality in a way that reinforces Rome's dominance in the Mediterranean The introductory chapter lays out the postcolonial frame drawing from the work of Edward Said among other theorists and situates love elegy

in relation to Roman Hellenism and the varied Roman responses to Greece and its cultural influences Four of the six subsequent chapters focus on the rhetorical ambivalence that characterizes love elegy's treatment of Greek influence the representation of the domina or mistress as simultaneously a figure for captive Greece and a trope for Roman imperialism the motif of the elegiac triumph with varying figures playing the triumphator as suggestive of Greco-Roman cultural rivalry Rome's competing visions of an Attic and an Asiatic Hellenism The second and the final chapter focus on the figures of Osiris and Isis respectively as emblematic of Rome's colonialist and ambivalent representation of Egypt with the conclusion offering a deconstructive reading of elegy's rhetoric of orientalism

**The Arts of Love** Duncan F. Kennedy, 1993 The five chapters that make up this short book examine the love elegies of the Roman poets Tibullus Propertius and Ovid from the point of view of the way the meanings attributed to the poems arise out of the interests and preoccupations of the cultural situation in which they are read Each study is centred around a reading of a poem or poems together with a discussion of a variety of sophisticated theoretical approaches drawn from modern scholars and theorists such as Paul Veyne Roland Barthes and Michel Foucault In each case the modes of analysis involved are pressed hard to see where they may lead and equally where they may show signs of strain All Latin texts and terms are translated or closely paraphrased

The Elegies of Albius Tibullus Tibullus, 1913 **A Companion to Roman Love Elegy** Barbara K. Gold, 2012-04-25 A Companion to Roman Love Elegy is the first comprehensive work dedicated solely to the study of love elegy The genre is explored through 33 original essays that offer new and innovative approaches to specific elegists and the discipline as a whole Contributors represent a range of established names and younger scholars all of whom are respected experts in their fields Contains original never before published essays which are both accessible to a wide audience and offer a new approach to the love elegists and their work Includes 33 essays on the Roman elegists Catullus Tibullus Propertius Sulpicia and Ovid as well as their Greek and Roman predecessors and later writers who were influenced by their work Recent years have seen an explosion of interest in Roman elegy from scholars who have used a variety of critical approaches to open up new avenues of understanding

Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine **The Classical Journal**, 1922 **A Companion to Ovid**

Pandora's Senses Vered Lev Kenaan, 2008-02-05 The notorious image of Pandora haunts mythology a woman created as punishment for the crimes of man she is the bearer of hope yet also responsible for the earth's desolation She binds together perpetuating dichotomies that underlie the most fundamental aspects of the Western canon beauty and evil body and soul depth and superficiality truth and lie Speaking in multiplicity Pandora emerges as the first sign of female complexity In this compelling study Vered Lev Kenaan offers a radical revision of the Greek myth of the first woman She argues that Pandora leaves a decisive mark on ancient poetics and shows that we can unravel the profound impact of Pandora's image once we recognize that Pandora embodies the very idea of the ancient literary text Locating the myth of the first woman right at the heart of feminist interrogation of gender and textuality Pandora's Senses moves beyond a feminist critique of masculine hegemony and shows the centrality of this iconic figure among the poetics of such central genres as the cosmological and didactic epic the Platonic dialogue the love elegy and the ancient novel Pandora's Senses innovates our understanding of gender as a critical lens through which to view ancient literature

**Ovid** Carole E. Newlands, 2015-09-02 Virgil Horace and Ovid are often cited as the three great canonical poets of classical Roman literature And of the three arguably it is Ovid 43 BCE CE 17-18 who has the most enduring legacy Carole Newlands introduces her subject as an ancient author with a vital place in the modern cultural canon and also as the inspiration behind figures as diverse as Chaucer Titian Dryden and Ted Hughes She views Ovid as a Latin writer who is uniquely suitable for times of change he appeals to postmodern sensibilities because of his interest in psychology his fascination with cultural hybridity and his challenge to the conventional divide between animal and human This book explores the connection between the historical poet and the works he produced love elegies the Metamorphoses and the Fasti It shows that unlike Virgil who wrote early in Augustus' reign anticipating a golden age of peace and prosperity Ovid was a product of the late Augustan age one of hardening autocracy and the greater influence of Tiberius behind the scenes His elegies and erotic myths must therefore be understood as the result of complex shifting political circumstances

*Playing with Time* Carole Elizabeth Newlands, 1995 Ovid's Fasti unlike his

Metamorphoses is anchored in Rome religion history and legend monuments and character The poem interprets the Augustan period not as a golden age of peace and prosperity Carole E Newlands asserts but as an age of experimentation negotiation compromise and unresolved tensions Newlands maintains that despite the Fasti s basic adherence to the format of the calendar the text is carefully constructed to reflect the tensions within its subject the new Roman year Ovid plays with the calendar Through the alteration or omission of significant dates through skilled juxtapositions through multiple narrators and the development of an increasingly unreliable authorial persona Ovid opens to a critical and often humorous scrutiny the political ideology of the calendar By adding astronomical observations and aetiological explanations for certain constellations Newlands says Ovid introduced the richly allusive world of Greek mythology to the calendar Newlands restores the poem to a position of importance one displaying Ovid s wit and intellect at its best The incompleteness of the Fasti she adds is a comment on the discord that characterized Augustus later years and led to enforced silences
