Rupert Jackson

Roman Forts Of The Saxon Shore The:

The Roman Forts of the Saxon Shore, 1971 **Roman Fortifications on the "Saxon Shore"** Stephen Johnson, Great Britain. Department of the Environment, 1977 **The Roman Forts of the Saxon Shore** Stephen Johnson, 1979-01-01 **The Roman Forts of the Saxon Shore** Stephen Johnson, 1976 Carausius **The roman forts of the Saxon Shore** Leonhard Cottrell, 19?? *The Roman Forts of the Saxon Shore* Leonard Cottrell, Great Britain. Ministry of Public Building and Works, 1964 **Johnson, S., the Roman forts on the Saxon Shore** Jürgen Oldenstein, 1976 **The Saxon Shore** Council for British Archaeology, 1977 **The Construction of the Saxon Shore Forts** Andrew Pearson, 1999 **British and Irish Archaeology**, 1994 **Saxon Identities, AD 150-900** Robert Flierman, 2017-07-13 This study is the first up to date comprehensive analysis of Continental Saxon identity in antiquity and the early middle ages Building on recent scholarship on barbarian ethnicity this study emphasises not just the constructed and open ended nature of Saxon identity but also the crucial role played by texts as instruments and resources of identity formation This book traces this process of identity formation over the course of eight centuries from its earliest beginnings in Roman ethnography to its reinvention in the monasteries and bishoprics of ninth century Saxony Though the Saxons were mentioned as early as AD 150 they left no written evidence of their own before c 840 Thus for the first seven centuries we can only look at the Saxons through the eyes of their Roman enemies Merovingian neighbours and Carolingian conquerors Such external perspectives do not yield objective descriptions of a people but rather reflect an ongoing discourse on Saxon identity in which outside authors described who they imagined wanted or feared the Saxons to be dangerous pirates noble savages bestial pagans or faithful subjects Significantly these outside views deeply influenced how ninth century Saxons eventually came to think about themselves using Roman and Frankish texts to reinvent the Saxons as a noble and Christian people **The Roman Occupation of Britain and its Legacy** Rupert Jackson, 2020-09-03 This book tells the fascinating story of Roman Britain beginning with the late pre Roman Iron Age and ending with the province's independence from Roman rule in AD 409 Incorporating for the first time the most recent archaeological discoveries from Hadrian's Wall London and other sites across the country and richly illustrated throughout with photographs and maps this reliable and up to date new account is essential reading for students non specialists and general readers alike Writing in a clear readable and lively style with a satirical eye to strange features of past times Rupert Jackson draws on current research and new findings to deepen our understanding of the role played by Britain in the Roman Empire deftly integrating the ancient texts with new archaeological material A key theme of the book is that Rome's annexation of Britain was an imprudent venture motivated more by political prestige than economic gain such that Britain became a trophy province unable to pay its own way However the impact that Rome and its provinces had on this distant island was nevertheless profound huge infrastructure projects transformed the countryside and means of travel capital and principal cities emerged and the Roman way of life was inseparably absorbed into local traditions

Many of those transformations continue to resonate to this day as we encounter their traces in both physical remains and in civic life

The Oxford Dictionary of Late Antiquity Oliver Nicholson, 2018-04-19 The Oxford Dictionary of Late Antiquity is the first comprehensive reference book covering every aspect of history culture religion and life in Europe the Mediterranean and the Near East including the Persian Empire and Central Asia between the mid 3rd and the mid 8th centuries AD the era now generally known as Late Antiquity This period saw the re establishment of the Roman Empire its conversion to Christianity and its replacement in the West by Germanic kingdoms the continuing Roman Empire in the Eastern Mediterranean the Persian Sassanian Empire and the rise of Islam Consisting of over 1 5 million words in more than 5 000 A Z entries and written by more than 400 contributors it is the long awaited middle volume of a series bridging a significant period of history between those covered by the acclaimed Oxford Classical Dictionary and The Oxford Dictionary of the Middle Ages The scope of the Dictionary is broad and multi disciplinary across the wide geographical span covered from Western Europe and the Mediterranean as far as the Near East and Central Asia it provides succinct and pertinent information on political history law and administration military history religion and philosophy education social and economic history material culture art and architecture science literature and many other areas Drawing on the latest scholarship and with a formidable international team of advisers and contributors The Oxford Dictionary of Late Antiquity aims to establish itself as the essential reference companion to a period that is attracting increasing attention from scholars and students worldwide

London in the Roman World Dominic Perring, 2022 This original study draws on the results of latest archaeological discoveries to describe London s Roman origins It offers a wealth of new information from one of the world s richest and most intensively studied archaeological sites

Maritime Kent Through the Ages Stuart Bligh, Sheila Sweetinburgh, Elizabeth Clare Edwards, 2021 A wide ranging history of the geography and communities of Kent from the earliest times to the present day Kent with its long coastline and its important geopolitical position close to London and continental Europe and on major trading routes between Britain and the wider world has had a very significant maritime

history This book covers a wide range of topics relating to that history from the earliest times to the present day It sets Kent s varied coastline and waters in their geological and geographical context showing how erosion and sediment deposition have contributed to the changing nature of maritime activities and populations It examines Kent s strategic role in the defence of the country with the development and redevelopment of coastal defences including four naval dockyards It goes on to consider the supporting industries which grew up around the coastline those which supplied raw materials and agricultural products from the county s hinterland and its wider national and international trading links It also discusses the diverse coastal communities of Kent and how they have changed in response to the demands of defence trade and changing population and migration patterns In addition the book includes detailed case studies which explore particular subject areas as exemplars of the major themes covered by the book

The Roman World Bea Stimpson,2002 Additional coverage of study areas ensures that this series can be used to teach the complete specifications for history at KS3 It is intended to raise student s interest in history and encourage the use of their critical historical skills The accompanying teacher resource material is designed to ease the pressure of lesson planning

Barbarians and Romans Justine Davis
Randers-Pehrson,2024-12-06 *Barbarians and Romans* 1983 examines the rise of the barbarian tribes and the consequent decline of the Roman Empire The author contends that the two sides were not bent on destroying each other and that after years of accommodation and alienation a new world would emerge that had its foundations not only in Rome but also in Germanic culture The book ranges across the Roman world and from the rulers to the ruled combining the study of monuments and artefacts with the literary evidence of the period

Imperial Rome AD 284 to 363 Jill Harries,2012-03-07 This book is about the reinvention of the Roman Empire during the eighty years between the accession of Diocletian and the death of Julian How had it changed The emperors were still warriors and expected to take the field Rome was still the capital at least symbolically There was still a Roman senate though with new rules brought in by Constantine There were still provincial governors but more now and with fewer duties in smaller areas and military command was increasingly separated from civil jurisdiction and administration The neighbours in Persia Germania and on the Danube were more assertive and better organised which had a knock on effect on Roman institutions The achievement of Diocletian and his successors down to Julian was to create a viable apparatus of control which allowed a large and at times unstable area to be policed defended and exploited The book offers a different perspective on the development often taken to be the distinctive feature of these years namely the rise of Christianity Imperial endorsement and patronage of the Christian god and the expanded social role of the Church are a significant prelude to the Byzantine state The author argues that the reigns of the Christian supporting Constantine and his sons were a foretaste of what was to come but not a complete or coherent statement of how Church and State were to react with each other

UnRoman Britain Miles Russell,Stuart Laycock,2011-09-30 When we think of Roman Britain we tend to think of a land of togas and richly decorated palaces with Britons happily going about their much

improved daily business under the benign gaze of Rome This image is to a great extent a fiction In fact Britons were some of the least enthusiastic members of the Roman Empire A few adopted roman ways to curry favour with the invaders A lot never adopted a Roman lifestyle at all and remained unimpressed and riven by deep seated tribal division It wasn't until the late third early fourth century that a small minority of landowners grew fat on the benefits of trade and enjoyed the kind of lifestyle we have been taught to associate with period Britannia was a far away province which whilst useful for some major economic reserves fast became a costly and troublesome concern for Rome much like Iraq for the British government today Huge efforts by the state to control the hearts and minds of the Britons were met with at worst hostile resistance and rebellion and at best by steadfast indifference The end of the Roman Empire largely came as business as usual for the vast majority of Britons as they simply hadn't adopted the Roman way of life in the first place

The Enigmatic Realm of **Roman Forts Of The Saxon Shore The**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Roman Forts Of The Saxon Shore The** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of people who partake in its reading experience.
