today A largely chronological approach is taken which emphasizes how the lives of the ordinary people were shaped by the events they witnessed such as invasions riots and rebellions fires smogs wars epidemics and pandemics The story embraces the apparent glamour of areas such as Mayfair and the West End but does not neglect districts stalked by crime poverty and despair London has always been a place of paradoxes where flaunted wealth has existed alongside appalling social deprivation The juxtaposition of extravagance and poverty of high culture with the lowest of low life is a recurrent theme in London s history The Making of London will interest newcomers wishing to know about London s past but even those familiar with its history are likely to find something new in its pages
