

# Roman Religion

**Jörg Rüpke**

## **Roman Religion:**

*Roman Religion* J. A. North, 2000-11 Provides an account of the religious history of Rome starting from its mythical origins

**Roman Religion** Valerie M. Warrior, 2006-10-16 Examining sites that are familiar to many modern tourists Valerie Warrior avoids imposing a modern perspective on the topic by using the testimony of the ancient Romans to describe traditional Roman religion The ancient testimony recreates the social and historical contexts in which Roman religion was practised It shows for example how when confronted with a foreign cult official traditional religion accepted the new cult with suitable modifications Basic difficulties however arose with regard to the monotheism of the Jews and Christianity Carefully integrated with the text are visual representations of divination prayer and sacrifice as depicted on monuments coins and inscriptions from public buildings and homes throughout the Roman world Also included are epitaphs and humble votive offerings that illustrate the piety of individuals and that reveal the prevalence of magic and the occult in the spiritual lives of the ancient Romans

[A Companion to Roman Religion](#) Jörg Rüpke, 2011-03-25 A comprehensive treatment of the significant symbols and institutions of Roman religion this companion places the various religious symbols discourses and practices including Judaism and Christianity into a larger framework to reveal the sprawling landscape of the Roman religion An innovative introduction to Roman religion Approaches the field with a focus on the human figures instead of the gods Analyzes religious changes from the eighth century BC to the fourth century AD Offers the first history of religious motifs on coins and household everyday utensils Presents Roman religion within its cultural social and historical contexts

**An Introduction to Roman Religion** John Scheid, 2003 An Introduction to Roman Religion offers students of ancient Rome and classical civilization entry into a distant world in which the state the social life of the city and religion were inextricably bound Professor Scheid draws on the latest findings in archaeology and history to explain the meanings of rituals rites auspices and oracles to describe the uses of temples and sacred ground and to evoke the daily patterns of religious life and observance within the city of Rome and its environs An Introduction to Roman Religion includes a wealth of quotations from primary sources a chronology of religious and historical events from 750 BC to AD 494 a full glossary and an annotated guide to further reading From publisher's description

**Religions of Rome: Volume 2, A Sourcebook** Mary Beard, John North, Simon Price, 1998-06-28 Volume two reveals the extraordinary diversity of ancient Roman religion A comprehensive sourcebook it presents a wide range of documents illustrating religious life in the Roman world from the foundations of the city in the eighth century BC to the Christian capital more than a thousand years later Each document is given a full introduction explanatory notes and bibliography and acts as a starting point for further discussion Through paintings sculptures coins and inscriptions as well as literary texts in translation the book explores the major themes and problems of Roman religion such as sacrifice the religious calendar divination ritual and priesthood Starting from the archaeological traces of the earliest cults of the city it finishes with a series of texts in which Roman authors themselves reflect on the

nature of their own religion its history even its funny side Judaism and Christianity are given full coverage as important elements in the religious world of the Roman empire      *Roman Religion and Roman Empire* Robert E. A. Palmer, 2017-01-30 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas      *Greek and Roman Religions* Rebecca I. Denova, 2018-10-31 Offers an introduction to the basic beliefs practices and major deities of Greek and Roman religions A volume in the Blackwell Ancient Religions Greek and Roman Religions offers an authoritative overview of the region s ancient religious practices The author a noted expert in the field explores the presence of divinity in all aspects of ancient life and highlights the origins of myth religious authority institutions beliefs rituals sacred texts and ethics Comprehensive in scope the text focuses on myriad aspects that constitute Greco Roman culture such as economic class honor and shame and slavery as well as the religious role of each member of the family The integration of ethnic and community identity with divine elements are highlighted in descriptions of religious festivals Greek and Roman Religions presents the evolution of ideas concerning death and the afterlife and the relation of death to concepts of ultimate justice The author also offers insight into the elements of ancient religions that remain important in our contemporary quest for meaning This vital text Offers a comprehensive review of ancient Greek and Roman religions and their institutions beliefs rituals and more Examines how the Roman culture and religions borrowed from the Greek traditions Explores the ancient civilizations of the Mediterranean Basin Contains suggestions at the end of each chapter for further reading that include both traditional studies and more recent examinations of topical issues Written for students of ancient religions and religious studies this important resource provides an overview of the ancient culture and history of the general region as well as the basic background of Greek and Roman civilizations      *Religions of Rome: Volume 1, A History* Mary Beard, John North, Simon Price, 1998-06-28 This book offers a radical new survey of more than a thousand years of religious life at Rome It sets religion in its full cultural context between the primitive hamlet of the eighth century BC and the cosmopolitan multicultural society of the first centuries of the Christian era The narrative account is structured around a series of broad themes how to interpret the Romans own theories of their religious system and its origins the relationship of religion and the changing politics of Rome the religious importance of the layout and monuments of the city itself changing ideas of religious identity and community religious innovation and ultimately revolution The companion volume *Religions of Rome A Sourcebook* sets out a wide range of documents richly illustrating the religious life in the Roman world      **The Gods of Ancient Rome** Robert Turcan, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company      *Ancient Roman Religion* H. Rose, 2023-07-14 First published in 1949 *Ancient Roman Religion* is an introduction to some of the most outstanding features of the complicated religion or rather series of religions which

flourished in Rome between the earliest recoverable ages of her long history and the close of the classical epoch This book will be of interest students of religion literature and history

**Pantheon** Joerg Rüpke, 2018-02-20 From one of the world's leading authorities on the subject an innovative and comprehensive account of religion in the ancient Roman and Mediterranean world In this ambitious and authoritative book J rg R pke provides a comprehensive and strikingly original narrative history of ancient Roman and Mediterranean religion over more than a millennium from the late Bronze Age through the Roman imperial period and up to late antiquity While focused primarily on the city of Rome Pantheon fully integrates the many religious traditions found in the Mediterranean world including Judaism and Christianity This generously illustrated book is also distinguished by its unique emphasis on lived religion a perspective that stresses how individuals experiences and practices transform religion into something different from its official form The result is a radically new picture of both Roman religion and a crucial period in Western religion one that influenced Judaism Christianity Islam and even the modern idea of religion itself Drawing on a vast range of literary and archaeological evidence Pantheon shows how Roman religion shaped and was shaped by its changing historical contexts from the ninth century BCE to the fourth century CE Because religion was not a distinct sphere in the Roman world the book treats religion as inseparable from political social economic and cultural developments The narrative emphasizes the diversity of Roman religion offers a new view of central concepts such as temple altar and votive reassesses the gendering of religious practices and much more Throughout Pantheon draws on the insights of modern religious studies but without modernizing ancient religion With its unprecedented scope and innovative approach Pantheon is an unparalleled account of ancient Roman and Mediterranean religion

**Time in Roman Religion** Gary Forsythe, 2012-05-31 Religion is a major subfield of ancient history and classical studies and Roman religion in particular is usually studied today by experts in two rather distinct halves the religion of the Roman Republic covering the fifth through first centuries B C and the religious diversity of the Roman Empire spanning the first four centuries of our era In Time in Roman Religion author Gary Forsythe examines both the religious history of the Republic and the religious history of the Empire These six studies are unified by the important role played by various concepts of time in Roman religious thought and practice Previous modern studies of early Roman religion in Republican times have discussed how the placement of religious ceremonies in the calendar was determined by their relevance to agricultural or military patterns of early Roman life but modern scholars have failed to recognize that many aspects of Roman religious thought and behavior in later times were also preconditioned or even substantially influenced by concepts of time basic to earlier Roman religious history This book is not a comprehensive survey of all major aspects of Roman religious history spanning one thousand years Rather it is a collection of six studies that are bound together by a single analytical theme namely time Yet in the process of delving into these six different topics the study surveys a large portion of Roman religious history in a representative fashion from earliest times to the end of the ancient world and the triumph of Christianity

*On Roman*

*Religion* Jörg Rüpke, 2016-10-19 Provocative reading for anyone interested in Roman culture in the late Republic and early Empire Religious Studies Review Was religious practice in ancient Rome cultic and hostile to individual expression Or was there rather considerable latitude for individual initiative and creativity J rg R pke one of the world s leading authorities on Roman religion demonstrates in his new book that it was a lived religion with individual appropriations evident at the heart of such rituals as praying dedicating making vows and reading On Roman Religion definitively dismantles previous approaches that depicted religious practice as uniform and static Juxtaposing very different strategic and even subversive forms of individuality with traditions their normative claims and their institutional protections R pke highlights the dynamic character of Rome s religious institutions and traditions In R pke s view lived ancient religion is as much about variations or even outright deviance as it is about attempts and failures to establish or change rules and roles and to communicate them via priesthoods practices related to images or classified as magic and literary practices R pke analyzes observations of religious experience by contemporary authors including Propertius Ovid and the author of the Shepherd of Hermas These authors in very different ways reflect on individual appropriation of religion among their contemporaries and they offer these reflections to their readership or audiences R pke also concentrates on the ways in which literary texts and inscriptions informed the practice of rituals

**The Romans And Their Gods** R M Ogilvie, 2011-05-31 To understand the success of the Romans you must understand their piety Dionysius of Halicarnassus For over a thousand years Roman religion satisfied the spiritual needs of a wide range of peoples throughout the empire because it offered an intelligent and dignified interpretation of how the world functions It was a firm yet tolerant religion whose adherents committed very few crimes in its name and who were healthily free of neuroses In this short perceptive study of Roman religious life between 80 BC and AD 69 Professor Ogilvie shows how intimately involved were the Roman gods with human activities Drawing widely on original material all of it quoted in translation he tells us how the Romans prayed what happened at a sacrifice what sort of gods they believed in and how seriously they took their religion a religion in which actions not dogma was paramount

*A Companion to Roman Religion* Jörg Rüpke, 2011-04-18 A comprehensive treatment of the significant symbols and institutions of Roman religion this companion places the various religious symbols discourses and practices including Judaism and Christianity into a larger framework to reveal the sprawling landscape of the Roman religion An innovative introduction to Roman religion Approaches the field with a focus on the human figures instead of the gods Analyzes religious changes from the eighth century BC to the fourth century AD Offers the first history of religious motifs on coins and household everyday utensils Presents Roman religion within its cultural social and historical contexts

**The Study of Greek and Roman Religions**

Nickolas P. Roubekas, 2022-07-14 How should ancient religious ideas be approached Is religion an applicable term to antiquity Should classicists ancient historians and religious studies scholars work more closely together Nickolas P Roubekas argues that there is a disciplinary gap between the study of Greek and Roman religions and the study of religion as a

category a gap that has often resulted in contradictory conclusions regarding Greek and Roman religion This book addresses this lack of interdisciplinarity by providing an overview criticism and assessment of this chasm It provides a theoretical approach to this historical period raising the issue of the relationship between theory of religion and history of religion and explores how history influences theory and vice versa It also presents an in depth critique of some crucial problems that have been central to the discussions of scholars who work on Graeco Roman antiquity encouraging us to re examine how we approach the study of ancient religions      *Lectures on the History of Roman Religion from Numa to Augustus* William

Reginald Halliday,1922      **The Economy of Roman Religion** Andrew Wilson,Nick Ray,Angela Trentacoste,2023-06-07

This interdisciplinary edited volume presents twelve papers by Roman historians and archaeologists discussing the interconnected relationship between religion and the Roman economy over the period c 500 BC to AD 350 The connection between Roman religion and the economy has largely been ignored in work on the Roman economy but this volume explores the many complex ways in which economic and religious thinking and activities were interwoven from individuals to institutions The broad geographic and chronological scope of the volume engages with a notable variety of evidence epigraphic archaeological historical papyrological and zooarchaeological In addition to providing case studies that draw from the rich archaeological documentary and epigraphic evidence the volume also explores the different and sometimes divergent pictures offered by these sources from discrepancies in the cost of religious buildings to the tensions between piety and ostentatious donation The edited collection thus bridges economic social and religious themes The volume provides a view of a society in which religion had a central role in economic activity on an institutional to individual scale The volume allows an evaluation of impact of that activity from both financial and social viewpoints providing a new perspective on Roman religion a perspective to which a wide range of archaeological and documentary evidence from animal bone to coins and building costs has contributed As a result this volume not only provides new information on the economy of Roman religion it also proposes new ways of looking at existing bodies of evidence      **Roman Religion: Oxford Bibliographies**

**Online Research Guide** Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is just one of many articles from Oxford Bibliographies

Online Classics a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www.oxfordbibliographies.com](http://www.oxfordbibliographies.com) **A History of Roman Religion**
