Roman Silver Coins Vol 2 Tiberius To Commodus:

Roman silver coins Vol.2 Tiberius to Commodus, arranged according to Cohen Herbert Allen Seaby,1968 **Roman Silver Coins** Herbert Allen Seaby,1968 Roman Silver Coins: Tiberius to Commodus Herbert Allen Seaby,1967 The purpose behind the publication of this volume is three fold Firstly to introduce new collectors to this fascinating series which for historical interest and variety is unsurpassed in the whole range of numismatics Secondly to give collectors and dealers a quick and ready help in identifying and classifying their coins Thirdly to give a guide to present day values I have continued to use Cohen s Medailles Imperiales as the basis as it is still used by most dealers and auction sale cataloguers as a reference Introductions **Roman Coins and Their Values Volume 2** David Sear,2002-12-31 Volume II now extends coverage of the Imperial series from Nerva the thirteenth Caesar and first of the Adoptive emperors down to the overthrow of the Severan dynasty in 235 It encompasses what may justifiably be termed the golden age of the Roman imperial coinage The full development of the Augustan system of coin denomination and perfection of the method by which government propaganda was communicated to the citizenry through the medium of coinage both reached their peak during these fourteen decades

Roman Coins and Their Values Volume 1 David Sear,2000-12-31 The original edition of Sear s Roman Coins and Their Values was published by Seaby thirty six years ago and has been through four revisions 1970 1974 1981 and 1988 However the publication of the Millennium Edition of this popular work makes a radical departure from previous editions

From Tiberius to the Antonines (Routledge Revivals) Albino Garzetti,2014-06-17 The first two centuries of the Christian era were largely a period of consolidation for the Roman Empire However the history of the heyday of Roman imperium is far from dull for Augustus successors ranged from capable administrators Tiberius Claudius and Hadrian to near madmen like Caligula and the amateur gladiator Commodus who might have wrecked the system but for its inherent strength Albino Garzetti s classic From Tiberius to the Antonines first published in 1960 presents a definitive account of this

fascinating period which combines a clear and readable narrative with a thorough discussion of the methodological problems and primary sources Regarding difficult historical questions it can be relied upon for careful and reasonable judgments based on a full mastery of an immense amount of material Nearly three hundred pages of critical notes and a comprehensive bibliography complement the text ensuring its continuing relevance for all students of Roman history

Roman Coins and Their Values Volume 5 David Sear,2014-12-31 The current revision of this popular work marks a radical departure from the envisioned aims of the original edition This fifth and final volume of the Millennium edition contains a comprehensive listing of the Roman coinage of the period AD 337 491 together with background information on the history of each reign and the principal characteristics of its coinage The catalogue is organized primarily by ruler with the issues then subdivided by denomination and by reverse legend and type
