Lytton Sells,2025-10-01 In view of the author of Oliver Goldsmith originally published in 1974 the many biographies which have appeared seem defective in several respects They either omit information which is readily available or ignore essential features of Goldsmith's life and character or fail to see the real problems which should

be considered they are too prone to pass over or make light of Goldsmith's faults Dr Lytton Sells decided therefore that he would have to go back to the sources and to think out his character afresh There are strange gaps in the records of Goldsmith's life and many questions that remain unanswered Goldsmith kept no journal and few of his letters have survived He was an inveterate liar and we cannot often give credence to what he tells us about himself This is what makes the biographer's task a difficult one nevertheless Dr Lytton Sells has tackled it with great enthusiasm and insight and has given us a life that is both sound and readable and takes account of all the evidence available And to this he has added a full length study of the works which will be invaluable to any student of English literature Illustrated Catalogue of Books, Standard and Holiday McClurg, Firm, Booksellers, Chicago, 1891
