**The romance of poisons, by R. Cromie in collaboration with T.S. Wilson** Robert Cromie, 1903      **The Collaborative Literary Relationship of Percy Bysshe Shelley and Mary Wollstonecraft Shelley** Anna Mercer, 2019-07-26 How did Percy Bysshe Shelley and Mary Wollstonecraft Shelley two of the most iconic and celebrated authors of the Romantic Period contribute to each other's achievements This book is the first to dedicate a full length study to exploring the nature of the Shelleys literary relationship in depth It offers new insights into the works of these talented individuals who were bound together by their personal romance and shared commitment to a literary career Most

innovatively the book describes how Mary Shelley contributed significantly to Percy Shelley's writing whilst also discussing Percy's involvement in her work. A reappraisal of original manuscripts reveals the Shelleys as a remarkable literary couple participants in a reciprocal and creative exchange. Handwritten evidence shows Mary adding to Percy's work in draft and vice versa. A focus on the Shelleys' texts set in the context of their lives and especially their travels is used to explain how they enabled one another to accomplish a quality of work which they might never have achieved alone. Illustrated with reproductions from their notebooks and drafts, this volume brings Mary Shelley and Percy Bysshe Shelley to the forefront of emerging scholarship on collaborative literary relationships and the social nature of creativity. **Ethnographic**

**Collaborations in Latin America** J. Nash, H. Buechler, 2016-05-04 This volume examines the importance of establishing egalitarian relationships in fieldwork and acknowledging the impact these relationships have on scholarly findings and theories. The editors and their contributors investigate how globalization affects this relationship as scholars are increasingly involved in shared networks and are subject to the same socio-economic systems as locals. The editors argue for a processual approach that begins with an analysis of researchers' personal and professional backgrounds that inform the cooperative relationships they establish during fieldwork, often a long-term process in countries such as Mexico, Guatemala, Honduras, Colombia, Ecuador, Bolivia, and Brazil. **A Sense of Sexuality** Evelyn Eaton Whitehead, Evelyn Eaton, 1990 Constant Companion: Your Practical Path to Real Interaction with God Ami Loper, 2024-02-06

Every human heart longs to be truly known and deeply loved. Each person has a God given longing for fulfillment and a sense of belonging that is met only in a relationship with God. But does God really want a relationship with you? Yes, and He demonstrates His desire for that relationship over and over again in Scripture. Constant Companion is an exploration of practical wisdom for growing this intimate relationship with God. Drawing from scriptural references, personal anecdotes, and spiritual wisdom, author Ami Loper emphasizes that our desire for belonging is not a coincidence and is instead a reflection of God's own yearning for an intimate relationship with each of us. Throughout history, humanity has sought various means of satisfying this need, yet ultimate fulfillment lies only in embracing the loving presence of a constant companion, God. This book will show you how to get past feelings of unworthiness, unwillingness, and other distractions, and how to listen to God's voice through the practices of meditation, prayer, and Scripture reading. Constant Companion is a stirring invitation to embrace our deepest yearnings and embark on a transformative journey to bask in the awe of His abiding presence. **Studies in Symbolic Interaction**

Norman K. Denzin, 2012-10-31 The essays in this bi-annual series consist of original research and theory within the general sociological perspective known as symbolic interactionism. Longer than conventional journal-length articles, the essays wed micro and macro concerns within a qualitative ethnographic, autoethnographic, and performance studies orientation.

the 1979 Islamic Revolution there was a dramatic reversal of women's rights and the state revived many premodern social conventions through modern means and institutions. Customs such as the enforced veiling of women, easy divorce for men, child marriage and polygamy were robustly reintroduced and those who did not conform to societal strictures were severely punished. At the same time, new social and economic programs benefited the urban and rural poor, especially women, which had a direct impact on gender relations and the institution of marriage. Edited by Janet Afary and Jesilyn Faust, this interdisciplinary volume responds to the growing interest and need for literature on gender, marriage and family relations in the Islamic context. The book examines how the institution of marriage transformed in Iran, paying close attention to the country's culture and politics. Part One examines changes in urban marriages to new forms of cohabitation. In Part Two, contributors such as Soraya Tremayne explore the way technology and social media has impacted and altered the institution of family. Part Three turns its eye to look at marital changes in the rural and tribal sectors of society through the works of anthropologists including Erika Friedl and Mary Hegland. Based on the work of both new and established scholars, the book provides an up-to-date study of an important and intensely politicized subject.
