Mount Athos, the Sacred Bridge Dimitri Conomos, Dimitri E. Conomos, Graham Speake, 2005 Most of the papers included in this volume were first presented at a conference convened by the Friends of Mount Athos at Madingley Hall Cambridge in 2003 Mount Athos is the principal surviving centre of Orthodox monasticism and the spiritual heart of the Orthodox world The aims of the conference were to draw attention to the historic importance the spirituality and the religious legacy of the Holy Mountain and to shed light on the contribution made by Athonite monasticism not only to worldwide Orthodoxy but also to Christianity at large Many of the papers focus on particular individuals who from the fourteenth century to the twentieth have exemplified the spiritual traditions of Athos and whose memory as spiritual fathers confessors and ascetics continues to inspire their successors today

Deification in Eastern Orthodox Theology Emil Bartos, 2007-01-01 In recent years Eastern Orthodox thought has had an increasing influence on key aspects of contemporary Western Christian thought particularly as regards the doctrine of the Trinity and mystical spirituality However the foundations and fundamental presuppositions of Eastern Christianity's theological system have remained largely unstudied and thus unknown in the West In this important study Emil Bartos examines the doctrine of deification which provides the conceptual basis for the way Staniloae and other Orthodox theologians understand the major doctrines of the Christian faith The idea that God became man that man might become God sounds almost heretical to many Western ears yet this affirmation is repeated countless times in the writings of the Eastern Fathers Beginning with the apophaticism that lies at the heart of Eastern theology Bartos examines each of the key doctrines of anthropology christology soteriology and ecclesiology as they relate to deification in Staniloae's thought Bartos study represents not merely a contribution to contemporary dialogue between Eastern and Western theologians but also a much needed introduction to an aspect of Christian thought down the centuries that is largely neglected in the Christian West
