Romania Confronts its Communist Past Vladimir Tismaneanu, Marius Stan, 2018-05-17

Reckoning with mass crimes perpetrated by an ideologically driven regime entails engaging in a thorough going exploration of its utopian foundations In the case of Romania such an analysis requires an interpretation of the role of personality in the construction of a uniquely grotesque and unrepentant form of neo Stalinist despotism Of all the revolutions of 1989 the only violent one took place in Romania Confronting its communist past therefore involves addressing the abuses committed by the communist regime up to its very last day its failure to engage in Round Table type agreements with democratic representatives and the repression during the first post communist years a direct legacy of the old regime This book shows how moral justice can contribute to a restoration of truth and a climate of trust in politics in the absence of which any democratic polity remains exposed to authoritarian attack Networks and Institutions in Europe's Emerging Markets Roger Schoenman,2014-05-29 Examines the role of social networks in the efficient running of democratic market economies This title is also available as Open Access Working Across Cultures John Hooker,2003 A guide to adapting and thriving within unfamiliar cultural settings challenges the notion that professional life interacts with culture only at the etiquette level distinguishing between rule based and relationship based cultures while considering the roles of such factors as competition security and lifestyle Social Science **Public Finance and Post-Communist Party Development** Janis Ikstens,2016-12-05 This key volume explores how party and campaign finance in post communist countries have influenced the development of the party system Based on an analysis of nine case studies the work examines how the implementation of public finance affects the pattern of party competition and the role of money in elections One of the lessons from the post communist experience is that no matter how well designed public finance systems are subject to constant revision as parties politicians and business elites exploit loopholes which can undermine the integrity of the entire system Party and campaign finance systems must therefore be considered in a larger discussion involving party regulation and electoral rules Heroes and Victims Maria Bucur,Maria Bucur-Deckard,2009 The cultural politics of commemorating war **Twentieth Century Romania** Kurt Treptow,2023-11-21 The studies included in this volume reflect on the history and culture of Romania during the twentieth century a critical century for the country that saw such realizations as the achievement of national unity as well as the horrors of two world wars and the installation of a brutal communist dictatorship ending in the overthrow of the totalitarian regime and the hopes for a freer and more prosperous future These papers written in English and Romanian were presented at the Eighth International Conference of the Center for Romanian Studies held in Iasi Romania on 24 25 June 2002 on the theme Twentieth Century Romania A Retrospective Studies include Dumitru Sandru Arestarile Operate n 1945 n Rom nia Dupa Instaurarea Guvernului Petru Groza Matthew H Ciscel Cei de la Rusi The linguistic identity of the Bessarabian Romanians in the 20th Century Dissidents of the Great Unification Stelu Serban About electoral volatility in interwar Romania Simona Gheorghiu Nicolae Iorga and the Iron Guard Florian Banu Regele Carol al II lea si emigratia rom neasca din America n timpul celui de al doilea razboi mondial Mihail Rotaru Sfatul Tarii si autodeterminarea Basarabiei Basil D

creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears *The 1989 Revolutions in Central and Eastern Europe* Kevin McDermott, Matthew Stibbe, 2015-11-01 This important book reassesses a defining historical political and ideological moment in contemporary history the 1989 revolutions in central and eastern Europe Adopting a multi disciplinary approach the authors reconsider such crucial themes as the broader historical significance of the 1989 events the complex interaction between external and internal factors in the origins and outcomes of the revolutions the impact of the Gorbachev phenomenon the West and the end of the Cold War the political and socio economic determinants of the revolutionary processes in Poland Hungary the German Democratic Republic Czechoslovakia Romania and Bulgaria and the competing academic cultural and ideological perceptions of the year 1989 as communism gave way to post communist pluralism in the 1990s and beyond Concluding that the contentious term revolution is indeed apt for the momentous developments in eastern Europe in 1989 this book will be essential reading for undergraduates postgraduates and specialists alike *Revolutionary Movements in World History* James DeFronzo, 2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes *Revolutionary Movements in World History* covers 79 revolutions from the American and French uprisings of the late 18th century to the rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world s human drama *Revolutionary Movements in World History* offers a new way of looking at how societies reinvent themselves *The Romanian Journal of Society and Politics*, 2001
