Romanias Diplomatic Relations With Yugoslavia In The Interwar Period 1919 1941:

Romania's Diplomatic Relations with Yugoslavia in the Interwar Period, 1919-1941 Eugene Boia, 1993 A rare example of friendly ties in a region customarily plagued by nationalistic animosities Romanian Policy Towards Germany, 1936-40 R. Haynes, 2016-01-20 This new book based on archival research contests the assumptions that Romania remained pro Western in the late 1930s and only joined the Axis as a result of Western negligence and German pressure Instead Germany was drawn by Romanian politicians into political and economic cooperation with Bucharest In the event this proved Romania s undoing Let down by her German protector she was forced to cede territory to the Soviet Union Hungary and Bulgaria Subsequently Romania was allowed into the alliance she sought with Germany *Britain and Interwar Danubian Europe* Dragan Bakic, 2017-05-04 Danubian Europe presented constant and serious security risks for European peace and stability and for that reason contrary to conventional wisdom it commanded the attention of British diplomacy with a view to appeasing local conflicts Britain and Interwar Danubian Europe examines the manner in which the Foreign Office perceived and treated the antagonism between the Little Entente comprised of Czechoslovakia Yugoslavia and Romania and Hungary on the one hand and revisionist Bulgaria and her neighbours in the Balkans on the other and the impact that these local conflicts had in connection with Franco Italian rivalry in Central South Eastern Europe With Hitler s accession to power Danubian Europe was viewed in Whitehall in relation to its place in the prospective policy for preserving Austrian independence and containing German aggression Dragan Bakic argues that the British approach to security problems in Danubian Europe had certain permanent features which stemmed from the general British outlook on the new successor states the members of the Little Entente founded on the ruins of the Habsburg monarchy This book shows that it was the lack of confidence in their stability and permanence as well as the misperceptions about the motives and intentions of the policies pursued by other Powers towards Central South Eastern Europe which accounted for the apparent sluggishness and ineffectiveness of the Foreign Office s dealings with security challenges Based on extensive original archival research this is a fascinating volume for any historian keen to know more about the 20th century history of East Central Europe or British foreign policy in the interwar years **The Third Reich and Yugoslavia** Perica Hadzi-Jovancic, 2020-08-06 The Third Reich and Yugoslavia focuses on economic and political affairs between the Third Reich and Yugoslavia before Germany attacked in April 1941 It observes the relations between the two countries primarily from an economic perspective with the political dimension forming a backdrop within which the economy operated Perica Hadzi Jovancic challenges the conventional scholarly wisdom which recognises economics as mainly being a tool of German foreign policy towards Yugoslavia Instead he successfully places economic dealings on both sides within the broader context of both the German economic and financial plans and policies of the 1930s as well as the existing trading ties between the two countries as they had been developing since the 1920s At the same time through detailed analysis of unpublished archival material Hadzi Jovancic explores the

shared political relations from a new perspective one from which there is a much deeper understanding of Yugoslavia's motives and the resulting implications for the other great powers and the wider regional framework The book concludes that contrary to the traditional view in historiography and despite the dependency of Yugoslavia's foreign trade on the German market at the dawn of the Second World War Yugoslavia maintained both its economic and political agency in the shadow of the Third Reich It was only international political developments beyond Yugoslavia's control in the years ahead that lead to a more receptive stance towards German demands

Nationalism and Territory George W. White, 2000 Why do nations come into conflict What factors lead to the horrors of ethnic cleansing This timely book offers clear-eyed answers to these questions by exploring how national identity is shaped by place focusing especially on Serbia Hungary and Romania

Moving beyond studies of nationalism that consider only the economic and geostrategic value of territory George W White shows that the very core of national identity is intimately bound to specific places Indeed nations define themselves in terms of spaces that have historical linguistic and religious meaning as Serbs have clearly demonstrated in Kosovo These territories are concrete expressions of a nation's identity both past and present With his detailed analysis of the places that define national identity in Southeastern Europe White convincingly shows why territorial disputes so often escalate into war The Lights that Failed Zara S. Steiner,Zara Steiner,2007 In The Lights that Failed Steiner challenges the assumption that the Treaty of Versailles led to the opening of a second European war and provides an analysis of the attempts to reconstruct Europe during the 1920s OCLC

Constructing Global Public Goods James C. Roberts,2019-05-23 Why do international actors provide global public goods when they could free ride on the production of others Constructing Global Public Goods examines this question by understanding the identities and preferences of the actors Most rational choice models of public goods explain the public goods decision by examining the strategic interactions among the actors They generally avoid the question of how utilities and preferences are formed Constructing Global Public Goods brings a constructivist approach to the study of public goods by recognizing that the actors' utilities and preferences are socially constructed from the identities the actors take on in the choice situation The book develops a formal model that links the interpretation of unobserved utilities to preferences for the public goods outcome It then applies the model to case studies on global monetary management collective security and protecting human rights Bringing constructivism into the public goods decision allows the analysis to look beyond the limited Prisoner's Dilemma based model of most rational choice approaches and recognizes that the decision whether or not to produce a global public good is a complex web of social political and cultural factors

Eastern Europe, 1986-1993 Robert H. Burger,Helen F. Sullivan,1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their Russia and the Former Soviet Union Libraries Unlimited 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan's guide is a pertinent addition to academic and public library collections
