

A man with a beard and long hair, wearing a brown robe, is seated at a desk, writing in a large open book with a quill. A small oil lamp with a flame is on the desk to his right, casting a warm glow. The background shows a dimly lit room with columns and a window looking out onto a city at dusk.

Romanosthe Romans:

Roman Identity from the Arab Conquests to the Triumph of Orthodoxy Douglas Whalin, 2021-01-22 This book asks how the inhabitants and neighbours of the Eastern Roman Empire understand their identity as Romans in the centuries following the emergence of Islam as a world religion Its answers lie in exploring the nature of change and continuity of social structures self representation and boundaries as markers of belonging to the Roman group in the period from circa AD 650 to 850 Early medieval Romanness was integral to the Roman imperial project its local utility as an identifier was shaped by a given community s relationship with Constantinople the capital of the Roman state This volume argues that there was fundamental continuity of Roman identity from Late Antiquity through these centuries into later periods Many transformations which are ascribed to the Romans of this era have been subjectively assigned by outsiders separated by time or space and are not born out by the sources This finding dovetails with other recent historical works re evaluating the early medieval Eastern Roman polity and its ideology

Rabbis as Romans Hayim Lapin, 2012-07-02 Conventionally the history of the rabbinic movement has been told as a distinctly intra Jewish development a response to the gaping need left by the tragic destruction of the Jerusalem Temple in 70 CE In Rabbis as Romans Hayim Lapin reconfigures that history by drawing sustained attention to the extent to which rabbis participated in and were the product of a Roman and late antique political economy Rabbis as a group were relatively well off literate Jewish men an urban sub elite in a small generally insignificant province of the Roman empire That they were deeply embedded in a wider Roman world is clear from the urban orientation of their texts the rhetoric they used to describe their own group mirroring that used for Greek philosophical schools their open embrace of Roman bathing and their engagement in debates about public morals and gender that crossed regional and ethnic lines Rabbis also form one of the most accessible and well documented examples of a nativizing traditionalist movement in a Roman province It was a movement committed to articulating the social ritual and moral boundaries between an Israelite us and the nations To attend seriously to the contradictory position of rabbis as both within and outside of a provincial cultural economy says Lapin is to uncover the historical contingencies that shaped what later generations understood as simply Judaism and to reexamine in a new light the cultural work of Roman provincialization itself

Christianization in Early Medieval Transylvania , 2022-06-20 Little is known about the Christianization of east central and eastern Europe due to the fragmentary nature of the historical record Yet occasionally unexpected archaeological discoveries can offer fresh angles and new insights This volume presents such an example the discovery of a Byzantine like church in Alba Iulia Transylvania dating from the 10th century a unique find in terms of both age and function Next to its ruins another church was built at the end of the 11th century following a Roman Catholic architectural model soon to become the seat of the Latin bishopric of Transylvania Who built the older Byzantine style church and what was the political religious and cultural context of the church How does this new discovery affect our perception of the ecclesiastical history of Transylvania

A new reading of the archaeological and historical record prompted by these questions is presented here thereby opening up new challenges for further research Contributors are Daniela Marcu Istrate Florin Curta Horia I Ciugudean Aurel Dragot Monica Elena Popescu C lin Cosma Tudor S l gean Jan Nicolae Dan Ioan Mure an Alexandru Madgearu G bor Thoroczkay va T th R v sz Boris Stojkovski erban Turcu Adinel C Dinc Mihai Kov cs Nicolae C lin Chif r Marius Mihail P sculescu and Ana Dumitran

Heroes and Romans in Twelfth-Century Byzantium Leonora Neville,2012-10-04 Nikephoros Bryennios history of the Byzantine Empire in the 1070s is a story of civil war and aristocratic rebellion in the midst of the Turkish conquest of Anatolia Commonly remembered as the passive and unambitious husband of Princess Anna Komnene author of the Alexiad Bryennios is revealed as a skilled author whose history draws on cultural memories of classical Roman honor and proper masculinity to evaluate the politicians of the 1070s and implicitly to exhort his twelfth century contemporaries to honorable behavior Bryennios story valorizes the memory of his grandfather and other honorable but failed generals of the eleventh century while subtly portraying the victorious Alexios Komnenos as un Roman This reading of the Material for History sheds new light on twelfth century Byzantine culture and politics especially the contested accession of John Komnenos the relationship between Bryennios history and the Alexiad and the function of cultural memories of Roman honor in Byzantium

Empire and Ideology in the Graeco-Roman World Benjamin Isaac,2017-08-10 This book explores how the Graeco Roman world suffered from major power conflicts imperial ambition and ethnic religious and racist strife

Armenians in the Byzantine Empire Toby Bromige,2023-09-21 Armenians in the Byzantine Empire is a new study exploring the relationship between the Armenians and Byzantines from the ninth through eleventh centuries Utilising primary sources from multiple traditions the evidence is clear that until the eleventh century Armenian migrants were able to fully assimilate into the Empire in time recognized fully as Romaioi Byzantine Romans From the turn of the eleventh century however migrating groups of Armenians seem to have resisted the previously successful process of assimilation holding onto their ancestral and religious identity and viewing the Byzantines with suspicion This stagnation and ultimate failure to assimilate Armenian migrants into Byzantium has never been thoroughly investigated despite its dire consequences in the late eleventh century when the Empire faced its most severe crisis since the rise of Islam the arrival and settlement of the Turkic peoples in Anatolia

The Ancient Jews from Alexander to Muhammad Seth Schwartz, 2014-04-24 This is an accessible and up to date account of the Jews during the millennium following Alexander the Great's conquest of the East Unusually it acknowledges the problems involved in constructing a narrative from fragmentary yet complex evidence and is implicitly an exploration of how this might be accomplished Moreover unlike most other introductions to the subject it concentrates primarily on the people rather than issues of theology and adopts a resolutely unsentimental approach to the subject Professor Schwartz particularly demonstrates the importance of studying Jewish history texts and artefacts to the broader community of ancient historians because of what they can contribute to wider themes such as Roman imperialism The book serves as an excellent introduction for students and scholars of Jewish history and of ancient history **Encyclopedia of Early Christianity** Everett Ferguson, 2013-10-08 First published in 1997 What's new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps

The Eternal Decline and Fall of Rome Edward J. Watts, 2023-10-11 The Eternal Decline and Fall of Rome tells the story of 2200 years of the use and misuse of the idea of Roman decline by ambitious politicians authors and autocrats as well as the people scapegoated and victimized in the name of Roman renewal It focuses on the long history of a way of describing change that might seem innocuous but which has cost countless people their lives liberty or property across two millennia
