Romanov Mission:

The Romanovs Simon Sebag Montefiore, 2016-05-03 NEW YORK TIMES BESTSELLER From the national bestselling author of *Stalin* An epic history on the grandest scale Financial Times about the most successful dynasty of modern times a family who created the world's greatest empire and then lost it all An essential addition to the library of anyone interested in Russian history The New York Times Book Review The Romanovs ruled a sixth of the world's surface for three centuries How did one family turn a war ruined principality into the world's greatest empire And how did they lose it all This is the intimate story of twenty tsars and tsarinas some touched by genius some by madness but all inspired by holy autocracy and imperial ambition Simon Sebag Montefiore's gripping chronicle reveals their secret world of unlimited power and ruthless empire building overshadowed by palace conspiracy family rivalries sexual decadence and wild extravagance Drawing on new archival research Montefiore delivers an enthralling epic of triumph and tragedy love and murder that is both a universal study of power and a portrait of empire that helps define Russia today [The Race to Save the Romanovs](#) Helen Rappaport, 2018-06-26 In this international bestseller investigating the murder of the Russian Imperial Family Helen Rappaport embarks on a quest to uncover the various plots and plans to save them why they failed and who was responsible The murder of the Romanov family in July 1918 horrified the world and its aftershocks still reverberate today In Putin's autocratic Russia the Revolution itself is considered a crime and its anniversary was largely ignored In stark contrast the centenary of the massacre of the Imperial Family was commemorated in 2018 by a huge ceremony attended by the Patriarch of the Russian Orthodox Church While the murders themselves have received major attention what has never been investigated in detail are the various plots and plans behind the scenes to save the family on the part of their royal relatives other governments and Russian monarchists loyal to the Tsar Rappaport refutes the claim that the fault lies entirely with King George V as has been the traditional view for the last century The responsibility for failing the Romanovs must be equally shared The question of asylum for the Tsar and his family was an extremely complicated issue that presented enormous political logistical and geographical challenges at a time when Europe was still at war Like a modern day detective Helen Rappaport draws on new and never before seen sources from archives in the US Russia Spain and the UK creating a powerful account of near misses and close calls with a heartbreaking conclusion With its up to the minute research *The Race to Save the Romanovs* is sure to replace outdated classics as the final word on the fate of the Romanovs *THE BLOOD JEWELS* J. Stalin's Secret War Robert W. Stephan, 2003-12-02 The Soviet German War of 1941-1945 was the most extensive intelligence counterintelligence war in modern history involving the capture torture deportation execution and doubling of tens of thousands of agents most of them Soviet citizens While Russian armies fought furiously to defeat the Wehrmacht Stalin's security services waged an equally ruthless secret war against Hitler's spies as well as against the Soviet population For the first time Robert Stephan now combines declassified U.S. intelligence documents captured German records and Russian sources including a top secret Soviet history of its intelligence and security services to reveal the magnitude and scope of the brutal but sophisticated Soviet counterintelligence war against Nazi Germany Employing as many as 150 000 trained agents across a 2 400 mile front the Soviets neutralized the majority of the more than 40 000 German agents deployed against them As Stephan shows their combination of Soviet military deception operations and State Security's defeat of the Abwehr's human intelligence effort had devastating consequences for the German Army in every major battle against the Red army including Moscow Stalingrad Kursk the Belorussian offensive and the Vistula Oder operation Simultaneously Soviet State Security continued to penetrate the world's major intelligence services including those of its allies terrorize its own citizens to prevent spying desertion and real or perceived opposition to the regime and run millions of informants making the USSR a vast prison covering one sixth of the world's surface Stephan discusses all facets of the Soviet

counterintelligence effort including the major Soviet radio games used to mislead the Germans operations Monastery Berezino and those that defeated Himmler s Operation Zeppelin He also gives the most comprehensive account to date of the Abwehr s infamous agent Max whose organization allegedly ran an entire network of agents inside the USSR and reveals the reasons for Germany s catastrophic under estimation of Soviet forces by more than one million men during their 1944 summer offensive in Belorussia Richly detailed and epic in scope Stalin s Secret War opens up a previously hidden dimension of World War II

G. Bolen,2018-06-28 Every fairy tale contains the story of a prince and once the prince meets his princess they often live happily ever after But for Nicholas II tsar of all the Russias and his wife Princess Alexandra of Hesse the ending would be different At age fifty brutally murdered by his subjects Nicholass body was mutilated and thrown into an unmarked mass grave with eight other people in a swampy bog in the middle of a remote forest The Romanovs Murder Case takes a detailed look at the infamous mass murder of this Russian imperial family stripped of its claim to the throne before being executed in 1918 following the February Revolution Author T G Bolen investigates the evidence from the site of the murders the Ipatiev House ultimately refuting investigator Nicholas Sokolovs report that locates the murders in the homes basement Bolen also provides for the first time details of the United States intelligence officer Homer Slaughter who was in the Ipatiev House within twenty four hours of the murders This study shows that the Romanov murders may very well have occurred in different rooms in the house and that there was no eleven person massacre And although this story will never end happily ever after revealing new evidence to refute the prevailing story will shed new light on the truth *Dark Transit* Michael DiMercurio,2021-12-14 Lieutenant Anthony Pacino reports aboard the project boat USS Vermont two years after having survived the catastrophic sinking of the Piranha Pacino quickly learns that Vermont s missions are all ultra secret with the boat reporting only to the Sub Force commander the National Security Advisor and the President Vermont does the dirty deeds that need doing in deadly silence and obscurity After Vermont misses the mark on an easy mission there are questions asked about her ability to conduct the next mission one that is vital to the security of the United States and the future of the submarine force Vermont is tasked with stealing a revolutionary submarine that the Russians are testing with an Iranian crew because it s too risky to use Russian sailors It s a high stakes gamble for all involved with the losers vanishing if things go wrong the winners validating a world changing technology Pacino is part of the mission to steal the submarine but the toughest obstacle is a wolf pack of Russians coming to the defense of the Iranian submarine Getting it back to the United States for evaluation becomes secondary to surviving an exchange of missiles and torpedoes in an underwater battle that threatens to let the final genie out of the bottle DiMercurio has used the last decade to refine his writing and produce the best naval thriller in decades I couldn t put it down Joseph Courtemanche author of Assault on Saint Agnes Stuarts and Romanovs Paul Dukes,2019-07-29 Contents Illustrations Preface Abbreviations Maps
