Sheila Margaret Benn

Romantic English Style:

The Cambridge Companion to British Romantic Poetry Maureen N. McLane, 2008-09-04 More than any other period of British literature Romanticism is strongly identified with a single genre Romantic poetry has been one of the most enduring best loved most widely read and most frequently studied genres for two centuries and remains no less so today This Companion offers a comprehensive overview and interpretation of the poetry of the period in its literary and historical contexts The essays consider its metrical formal and linguistic features its relation to history its influence on other genres its reflections of empire and nationalism both within and outside the British Isles and the various implications of oral transmission and the rapid expansion of print culture and mass readership Attention is given to the work of less well known or recently rediscovered authors alongside the achievements of some of the greatest poets in the English language Wordsworth Coleridge Blake Scott Burns Keats Shelley Byron and Clare Old-House Journal ,1983-05 Old House Journal is the original magazine devoted to restoring and preserving old houses For more than 35 years our mission has been to help old house owners repair restore update and decorate buildings of every age and architectural style Each issue explores hands on restoration techniques practical architectural guidelines historical overviews and homeowner stories all in a trusted authoritative voice **The Oxford Handbook of British Romantic Prose** Robert Morrison, 2024 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers **'Romantic' and Its Cognates** Hans Eichner, 1972-12-15 Ever since the word romantic and its many cognates in European languages began to be used as technical terms towards the end of the eighteenth century the quest for a satisfactory definition of their meanings has continued unabated This collection of essays traces the history of the word in the major European languages showing how

romantic and its cognates were first introduced how their usage spread and their connotations proliferated and how their present usage became established This book opens with an introduction by the editor followed by an essay in which Professor Raymond Immerwahr Chairman of the Department of German University of Western Ontario shows how romantic and its cognates became fashionable in England France and Germany and traces the extension of the meanings of these words up to 1790 The story is then taken up in individual essays on the history of the word and its cognates in the major European countries in Germany by the editor in England by Professor George Whalley FRSC of the Department of English Queen's University Kingston in France by Professor Maurice Z Shroder of the Department of French Barnard College Columbia University in Italy by Professor Olga Ragusa of the Department of Italian Columbia University in Spain by Professor Donald L Shaw of the Department of Hispanic Studies University of Edinburgh in Scandinavia by Professor P M Mitchell of the Department of Germanic Languages and Literature University of Illinois and in Russia by Professor Sigrid McLaughlin of the Department of Slavic Studies University of California at Santa Cruz The final essay by H H H Remak Professor of German and Comparative Literature at the University of Indiana reports on trends of recent research on West European romanticism and suggests fruitful avenues for further exploration The book will be of immense value to students and specialists interested in literary linguistic and cultural aspects of romanticism and to those concerned with comparative literature and the history of ideas Hans Eicner taught at Queen's University Kingston from 1950 to 1967 when he was appointed Professor and Chairman of German University of Toronto Among his published books are Thomas Mann Eine Einföhrung in sein Werk Friedrich Schlegel Literary Notebooks 1797 1801 Reading German for Scientists Kritische Friedrich Schlegel Ausgabe in four volumes Four Modern German Authors Mann Rilke Kafka Brecht In 1967 he was elected a Fellow of the Royal Society of Canada

Pushkin and Romantic Fashion Monika Greenleaf, 1994 Pushkin and Romantic Fashion is about the interpenetration of culture and personality specifically Alexander I's Russian Empire a latecomer in post Napoleonic European history and Aleksandr Pushkin virtuoso improviser yet prisoner of the Golden Age discourses that now bear his name It focuses on Pushkin's use of the Romantic fragment especially the link between the fragment and Romantic irony's fundamental and modern questioning of the sources and intentionality of language In the view of such irony's most eloquent formulator Friedrich Schlegel identity does not precede speech but is forged in each improvisational interaction with interlocutor or reader One finds out who one is by speaking and all utterances and texts stand in a fragmentary contingent relation to an accumulating life text Pushkin may actually come closest of all major European poets to realizing what Schlegel prescribed or diagnosed as the poetics of modernity not because of any direct links but because as common latecomers on the European cultural scene Russian and German writers shared a fascination with European fashions and an ironic talent for conflating or stepping outside them Thus Pushkin's kaleidoscopic explorations of fashionable European genres from Augustan erotic elegy to the archaic Greek lyric fragment from the Byronic Oriental poetic tale to Shakespearean chronicle drama from the modern

society tale to the Walter Scott historical novel can be seen as ever more dramatic rewritings of and meditations on a previous life text This fragmentary and ironic self presentation has ensured that every generation of Pushkin readers no matter how gilded with cultural authority the poet became talked back The author is deeply concerned to embed Pushkin in a larger European context in a way critically consonant with the best in Western Romantic studies She locates Pushkin's penchant for fragmentary structures in a European discourse of fragmentation revealing Romantic Love and Personal Beauty Henry T. Finck, 1887 Romantic Liars D. Lee, 2016-04-30 Lee unfolds the stories of six women with a cast of supporting characters such as Samuel Taylor Coleridge Benjamin Franklin Stamford Raffles and Napoleon against the grand narrative of England's 18th century empire building This book is a meticulously researched spellbinding tale of tragedy transformation and triumph in the age of reason Caricature and Realism in the Romantic Novel Olivia Ferguson, 2023-10-25 What was caricature to novelists in the Romantic period Why does Jane Austen call Mr Dashwood's wife a strong caricature of himself Why does Mary Shelley describe the body of Frankenstein's creature as in proportion but then distorted in its proportions and does caricature have anything to do with it This book answers those questions shifting our understanding of caricature as a literary critical term in the decades when the English novel was first defined and canonised as a distinct literary entity Novels incorporated caricature talk and anti caricature rhetoric to tell readers what different realisms purported to show them Recovering the period's concept of caricature Caricature and Realism in the Romantic Novel sheds light on formal realism's self reflexivity about the caricature of artifice exaggeration and imagination This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details **The Classical and Early Romantic Flute** Anne Pustlausk, 2025 The Classical and Early Romantic Flute is about the flute flutists music and musical performance in the late eighteenth and early nineteenth centuries Readers learn about the complex development of the design of the flute how the different types of flutes were played and how music was interpreted during the Classical and Early Romantic periods according to original sources In addition fifteen short biographies of flutists and flute makers bring to life some of the main figures of the flute playing world of this era and present their playing styles and artistic achievements Pre-Romantic Attitude to Landscape in the Writings of Friedrich Schiller Sheila Margaret Benn, 2018-02-19 No detailed description available for Pre Romantic Attitude to Landscape in the Writings of Friedrich Schiller **The Evangelist**, 1896 Romantic Love and Personal Beauty Henry Theophilus Finck, 1887 Gardens Across America, West of the Mississippi John J. Russell, Thomas S. Spencer, 2006-03-03 Gardening is one of America's most popular hobbies and attendance at public gardens and arboreta continues to rise Gardens Across America Vol II is a comprehensive guide to nearly 1 000 gardens west of the Mississippi Each entry in this state by state guide contains such basic information as hours of operation and directions as well as a listing of activities educational programs and unique botanical features Romantic Sociability Gillian Russell, Clara Tuite, 2006-04-20 This 2002 volume

explores the often overlooked social networks of Romantic figures **Romantic Women Writers Reviewed, Part II vol 6**
 Ann R Hawkins, Stephanie Eckroth, 2020-04-30 This multi volume reset collection will address a significant shortfall in
 scholarly work offering contemporary reviews of the work of Romantic women writers to a wider audience DK Eyewitness
