*Romanticism and Esoteric Tradition* Paul Davies, Senior Research Fellow in the Centre for Commercial Law Paul Davies, 1998-02-15 Spiritual quest is at the very heart of poetry but in the materialistic climate of the late twentieth century this has been almost forgotten even by those claiming to be experts in interpreting literature How does the worldview common to the main esoteric traditions of East and West correspond to the aims of such Romantic poets as Shelley Keats Blake Coleridge and Wordsworth In *Romanticism and Esoteric Tradition* Paul Davies maintains that only in the light of the spiritual teachings of these traditions can the poetry and thinking of the Romantics be understood as they intended This is one of the first books to connect the creative nature of poetry to the core teachings of the esoteric tradition and thereby to bring out the true meaning of several Romantic writers whose works have been trivialized by a culture that has marginalized the spiritual and tied itself to material historical and social issues The author also shows that the Romantics were the first Western poets to imagine the relationship of the self to the environment as personal encounter In this sense the Romantics were recalling a long held secret of the esoteric human sciences not inventing a new one This book brings the deepest interests of the Romantics directly into contact with issues closest to present day students of the spiritual traditions and holistic perspectives

*The Environmental Tradition in English Literature* John Parham, 2017-03-02 Drawing upon the English literary tradition for new perspectives and paradigms this collection presents a broad range of theoretical and historical approaches to ecocriticism The first section of the volume offers different theoretical frameworks for ecocritical work encompassing a range of socio political post modern and multi disciplinary approaches In the second section contributors explore the ways in which ecocriticism allows us to re think literary history

**Heroism and Passion in Literature** Graham Gargett, 2004 This

volume prompted by the publication in 1999 of Moya Longstaffe's remarkable study *Metamorphoses of Passion and the Heroic in French Literature*. Corneille, Stendhal, Claudel further investigates and analyses the multiple appearances of Passion and Heroism in literature. It pursues the exploration of these themes in a variety of cultures: English, French, German, Spanish, genres and critical approaches. In addition, the chronological span represented is extremely wide. Contributions range from La Fontaine, Molière and Voltaire to Rimbaud and Camus, from Baudelaire to Beckett, from Wagner to Goytisolo. This very diversity gives necessary context, providing scope for reflection and analysis. Although passion seems timeless, can heroism have any real meaning apart from an individual and existential one in our postmodern age? Has a notion at the centre of European culture for so many centuries really disappeared from our intellectual and cultural universe? This volume will be of interest to all students of literature whatever their critical or linguistic allegiance since it focuses on the varying manifestations of two vital ingredients of all societies and cultures. *Beckett and Eros* P. Davies, 2016-01-06

The decade since Beckett's death has seen new interests in the erotic sweeping through our culture, acting in uneasy counterpoint to its established humanistic infrastructure and opening new questions about the significance of sexuality. Surprisingly or not, Beckett has started to throw further light on the erotic phenomenon, variously but insistently recognised in our time. This book is the first to propose a mythopoetics of sex with which to explore Beckett's work as a whole. **The Heritage of Hermes** Alexandra Lambert, Alexandra Lambert-Heidenreich, 2004

Keats, Hermeticism, and the Secret Societies Jennifer N. Wunder, 2016-04-22 Jennifer Wunder makes a strong case for the importance of hermeticism and the secret societies to an understanding of John Keats's poetry and his speculations about religious and philosophical questions. Although secret societies exercised enormous cultural influence during the late eighteenth and early nineteenth centuries, they have received little attention from Romantic scholars. And yet information about the societies permeated all aspects of Romantic culture. Groups such as the Rosicrucians and the Freemasons fascinated the reading public and the market was flooded with articles, pamphlets and books that discussed the societies' goals and hermetic philosophies, debated their influence and drew on their mythologies for literary inspiration. Wunder recovers the common knowledge about the societies and offers readers a first look at the role they played in the writings of Romantic authors in general and Keats in particular. She argues that Keats was aware of the information available about the secret societies and employed hermetic terminology and imagery associated with these groups throughout his career. As she traces the influence of these secret societies on Keats's poetry and letters, she offers readers a new perspective not only on Keats's writings but also on scholarship treating his religious and philosophical beliefs. While scholars have tended either to consider Keats's aesthetic and religious speculations on their own terms or to adopt a more historical approach that rejects an emphasis on the spiritual for a materialist interpretation, Wunder offers us a middle way. Restoring Keats to a milieu characterized by simultaneously worldly and mythological propensities, she helps to explain if not fully reconcile the insights of both camps. Inside Out Teresa Gómez Reus, Aránzazu Usandizaga, 2008

incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays Here scholars from Australia Greece Great Britain Spain Switzerland and the United States reconsider the well entrenched assumptions associated with the public private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges The essays cover and uncover a rich variety of spaces from the slums and court rooms of London to the American wilderness from the Victorian drawing room and sick room to out of the ordinary places like Turkish baths and the trenches of the First World War Where previous studies have tended to focus on a single aspect of women s engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism Inside Out goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications **The**

**Higher Self in Christopher Brennan's Poems** Katherine Barnes,2006-09-01 In 1914 a remarkable poetic work appeared in Sydney Australia written in the form of a Symbolist livre compos by one of Stephane Mallarm s earliest admirers Christopher Brennan The book simply titled Poems shows that Brennan was exploring pressing religious issues of his time He melded Western esoteric currents such as alchemy and Rosicrucianism with Romantic literature and philosophy and French Symbolist theory This book argues that the focus of Poems is the notion of a higher self It is the first major study of Brennan s work in this broad religious philosophical and literary context Its argument is supported by evidence from Brennan s own library and the holdings of the Sydney library in which he worked **The Occult in Modernist Art, Literature, and**
