The Romantics Sarah Halliwell, 1998 Regarded as a crackpot by his contemporaries and a genius by modern scientists Charles Babbage 1792 1871 was the true discoverer of the principles on which all modern computing machines are based His achievements have been virtually forgotten but this compilation of his writings in addition to those of several of his contemporaries illuminates his pioneering work Part I consists of selections from Babbage s long out of print autobiography *Passages from the Life of a Philosopher* in which he recounts the pursuit of his dreams and remarks on noteworthy acquaintances including Laplace Biot Humboldt and Sir Humphry Davy Additional features include articles sketches and letters by Babbage himself along with notes by his contemporaries that explain the principles and operation of the inventor s brilliant but never completed calculating machines An informative Introduction places these writings in their historical context

"The Artist-Operas of Pfitzner, Krenek and Hindemith " Claire Taylor-Jay, 2017-07-05 This is the first book length study of the genre of artist opera in which the work s central character is an artist who is uncomfortable with his place in the world It investigates how three such operas Pfitzner s *Palestrina* 1915 Krenek s *Jonny spielt auf* 1926 and Hindemith s *Mathis der Maler* 1935 contributed to the debate in early twentieth century Germany about the place of art and the artist in modern society and examines how far the artist character may be taken as functioning as a persona for the real composer of the work Because of their concern with the place of art within society the works are also engaged with inherently political questions and each opera is read in the light of the political context of its time conservatism circa World War I Americanism and democracy and the rise of National Socialism

Camastra, 2023-12-11 Both Ernest Hemingway and F Scott Fitzgerald grew up in the Midwest and were

strongly influenced by Romantic music anchored by the aesthetic tastes of the German immigrants who settled across that region Hemingway's ear for form and Fitzgerald's penchant for lyricism stem from early and frequent exposure to such masters as Johannes Brahms and Franz Schubert Nostalgia is typically associated with romanticism and the acoustic longing found in Hemingway and Fitzgerald's fiction resonates with it characterized in the narrative voices in Hemingway's *Winner Take Nothing* Fitzgerald's *Tender Is the Night* and other of their fiction from the early thirties Understanding that each writer has his own kind of musical biography charts new ways to read material we already think we know Reading their work within a musico-historical context means acknowledging it as an extension of the 19th century it means reading them as Romantic Modernists This work reads each author's prose musically considering how Romantic music inspired their craft and distinguished their work through the pivotal juncture of the early to mid 1930s when each man faced an artistic crisis of conscience Initial chapters provide background information in music history Following chapters focus on how the life of each author was shaped by music and how they worked with specific influences that grew out of steady interactions with it evidence of which is found in archival documents and collections
