Finding Ancient Rome Paula Landart, 2023-03-06 Second edition updated March 2023 Ancient Rome is still with us more than ever Every year with new metro lines roadworks digs restorations and repairs new discoveries are made and old errors corrected and new questions raised This electronic book is intended as both a walking guide to ancient Rome and a resource for the city and the people who left their mark on history

Each of the eight excursions illustrates an aspect of the city from the foundation to the fall and in passing explains the bits of modern Rome whose roots lie in that distant past These walks are not meant to be a tourist guide of the Rome in 3 days style nor a nutshell guide to the well documented and overrun sites such as the Colosseum and the Forum Instead they lead through the city itself along paths that have been trod for thousands of years **Reading Romans with Roman Eyes**

James R. Harrison,2020-06-22 Paul s letter to the Romans has a long history in Christian dogmatic battles But how might the letter have been heard by an audience in Neronian Rome James R Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero Inscriptional archaeological monumental and numismatic evidence in addition to a breadth of literary material allows him to describe the ideological value system of the Julio Claudian world which would have shaped the perceptions and expectations of Paul s readers Throughout Harrison sets prominent Pauline themes his obligation to Greeks and barbarians newness of life and of creation against the power of death the body of Christ boasting in glory and God s purpose in and for Israel in startling juxtaposition with Roman ideological themes The result is a richer and more complex understanding of the letter s argument and its possible significance for contemporary readers **Rome Alive** Peter J. Aicher,2004 Whether you re an armchair

Fanny Dolansky,Stacie Raucci,2018-02-22 The ancient city of Rome was the site of daily activities as well as famous historical events It was not merely a backdrop but rather an active part of the experiences of its inhabitants shaping their actions and infusing them with meaning During each period in Rome s imperial history her emperors also used the city as a canvas to be painted on transforming it according to their own ideals or ambitions Rather than being organized by sites or monuments Rome A Sourcebook on the Ancient City is divided into thematic chapters At the intersection of topography and socio cultural history this volume examines the cultural and social significance of the sites of ancient Rome from the end of the Republic in the age of Cicero and Julius Caesar to the end of the fourth century Drawing on literary and historical sources this is not simply a tour of the baths and taverns the amphitheatres and temples of ancient Rome but rather a journey through the city that is fully integrated with Roman society **To be a Roman** Margaret A.
