The Heart of Man; God's Target Alfredo Harold Geil, 2009-08 The Heart of Man God s Target Part One is Harold s autobiography It is a captivating account beginning with the author s parents leaving Germany at the end of World War I and settling in Buenos Aires

Argentina where Harold was born and raised He became fluent in three languages and at age twenty was drafted into the Argentinean Army Soon thereafter he was chosen among thousands as the interpreter for the 1952 Argentinean Equestrian Olympic Team that toured Europe for seven months After discharge from the Army Harold enjoyed working for two international German corporations where he held several management positions but political upheaval prompted Harold to fulfill his dream to leave for the USA Part Two outlines hindrances that prevent Christians from truly enjoying God by failing to appropriate the power promises and faith of Jesus Christ Harold Alfredo Geil is a sincere man of God who spent years in the corporate world as an electrical engineer While still in Argentina he married his high school sweetheart and was blessed with two boys Later in the USA they were blessed with a daughter But shortly before retirement his wife of 28 years died Through the pain of this experience and other hardships his desire to comfort the brokenhearted increased In 1984 Harold married Jeanie who shared his vision for ministry Together they have five children twelve grandchildren and two great grandchildren Harold and his wife Jeanie have been a tangible gift of love to many In 1995 they founded Fullness of Christ Ministries Inc bringing God s healing to the brokenhearted So it should be of no surprise that a man who walks so closely with God exudes genuine fatherly love and the preciousness they both manifest extends into their marriage and to their children and families

Foodways places the production, procurement, preparation and sharing or consumption of food at an intersection among culture, tradition and history. Thus foodways is an important material and symbolic marker of identity, race and ethnicity, gender, class, ideology and social relations. Urban Foodways and Communication seeks to enrich our understanding of unique foodways in urban settings around the world as forms of intangible cultural heritage. Each ethnographic case study focuses its analysis on how the featured foodways manifests itself symbolically through and in communication. The book helps advance our knowledge of urban food heritages in order to contribute to their appreciation, preservation and promotion.
