Ron Santo 3b:

Ron Santo, 3B Jim Brosnan, 1974-01-01 A biography of Ron Santo who has earned a living at the great American pastime as third baseman for the Chicago Cubs and the Chicago White Sox *Cubs Triviology* Christopher Walsh, 2016-06-01 Interspersing exciting history and fun quizzes this trivia book ranges from basic questions to challenges that will teach even the most die hard fans a thing or two about Cubs baseball The facts presented are grouped into categories that include positions the early years and championship teams Entertaining and educational the book is ideal for both solitary instruction and group game play **Outrageous Fortune** James F. Vail, 2002-01-21 The National Baseball Hall of Fame in Cooperstown New York enshrines some players whose worthiness seems questionable to the game's most knowledgeable fans and excludes others whose credentials are remarkable Critics of the current voting system which uses two sets of electors and has been used for over sixty years argue that it is too subjective the only measurable requirement is that the player have at least ten years of major league service at the position for which he is selected This critical and statistical study identifies the errors of selection and omission in Hall of Fame voting It proposes a method that adapts objective statistical criteria to the current selection process The method preserves positives that exist in the current subjective method while simultaneously reducing the likelihood of injustices to players managers and Negro Leaguers

THE GREATEST MARK MEGNA, 2014-04-04 The Greatest uses an absolute adjusting slugging percentage relative to the era in which each player played to rank the greatest players in history This eliminates the problem of comparing statistics due to the dead ball era rule changes such as the mound being raised and the strike zone widened from 1963 to 1968 domed stadiums and the enhanced vitamin era of the 1990's and 2000's The book also used absolute defensive statistics to determine who the greatest defensive players were at each position Contrary to public opinion it was discovered that Derek Jeter for example was a poor defensive shortstop due to poor statistical range Finally the book ranks the greatest pitchers in history by comparing the earned run average relative to the era in which each pitched Greg Maddux for example had two of the top five single seasons of all time using this unique objective method **The Team-By-Team Encyclopedia of Major League Baseball** Dennis Purdy, 2006-08-01 Baseball historian Dennis Purdy performs the feat of marrying statistics scholarship biography trivia and anecdote to create a massively pleasurable work Baseball Ratings Charles F.
