Ronald Reagan And The Triumph Of American Conservatism

Michael Kazin, Rebecca Edwards, Adam Rothman

Ronald Reagan And The Triumph Of American Conservatism:

Ronald Reagan and the Triumph of American Conservatism Jules Tygiel, 2006 Jules Tygiel's biography of Ronald Reagan engages students with the compelling story of the man who went from Hollywood actor to President of the United States. This balanced profile considers both the accomplishments and failures of Reagan's presidency as well as the contested legacy of his political career even after his death. Incorporating the latest scholarship, *Ronald Reagan and the Triumph of American Conservatism* examines Reagan both as an individual and in the larger context of the conservative movement. The titles in the Library of American Biography Series make ideal supplements for American History Survey courses or other courses in American history where figures in history are explored. Paperback, brief and inexpensive, each interpretative biography in this series focuses on a figure whose actions and ideas significantly influenced the course of American history and national life. In addition, each biography relates the life of its subject to the broader themes and developments of the times. **Ronald Reagan and the House Democrats** Karl Gerard Brandt, 2009 Drawing on materials unavailable in the 1980s, Brandt details the effects of President Ronald Reagan's conservative fiscal policies on the congressional budget process and reveals how the partisan budget struggles of the Reagan years led to tough fiscal choices and greater unity within the Democratic Party. Provided by publisher. *A Companion to Ronald Reagan* Andrew L. Johns, 2015-02-10 *A Companion to Ronald Reagan* evaluates in unprecedented detail the events, policies, politics, and people of Reagan's administration. It assesses the scope and influence of his various careers within the context of the times, providing wide-ranging coverage of his administration and his legacy. Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature. Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically. Includes a section on key figures associated politically and personally with Reagan. **Ronald Reagan** James H. Broussard, 2014-08-27 Few politicians in recent American history are as well known as Ronald Reagan, the 40th U.S. president. An iconic leader, Reagan shifted the direction of American politics toward a newly vigorous conservatism. Though he began his career as a New Deal liberal, by the end of the 1950s Reagan had embraced conservative views. His presidency saw the longest peacetime prosperity in American history as well as the fall of the Berlin Wall and the end of the Cold War, but also skyrocketing deficits and the Iran Contra scandal. In the twenty-first century, Reagan's legacy is both pervasive and contested, with supporters and detractors often divided along partisan lines. Yet Reagan's own actions did not always fit into partisan boxes. In a clear-eyed and insightful narrative, James H. Broussard cuts through the mythology of both sides to produce a nuanced portrait of Reagan in his historical context. Supported by primary sources and a robust companion website, this concise biography is an ideal introduction to this fascinating president and the issues that shaped America in the late 20th century. *Routledge Historical Americans* is a series of short, vibrant biographies that illuminate the lives of Americans who have had an impact on the world. Each book includes a

short overview of the person's life and puts that person into historical context through essential primary documents written both by the subjects and about them. A series website supports the books containing extra images and documents links to further research and where possible multi media sources on the subjects. Perfect for including in any course on American History the books in the Routledge Historical Americans series show the impact everyday people can have on the course of history.

Debating the Reagan Presidency John Ehrman, Michael W. Flamm, 2002-09-01 The presidency of Ronald Reagan has become a Rorschach Test for politicians and citizens alike. While many conservatives see the Reagan era of the 1980s as the high water mark for their movement and a time of national recovery from the difficulties of the 1970s, many liberals maintain that the rosy Reagan legacy is based largely on myth and that in fact his eight years as president caused serious harm to the country. John Ehrman and Michael W. Flamm give due attention to the lasting controversies surrounding the Reagan record and provide a balanced view of the fortieth president's foreign and domestic policies. Students are encouraged to draw their own conclusions by reading key primary documents.

Lincoln's Way Richard Striner, 2010-09-16 The debate is as old as the American Republic and as current as this morning's headlines. Should a president employ the powers of the federal government to advance our national development and increase the influence and power of the United States around the world? Under what circumstances? What sort of balance should the president achieve between competing visions and values on the path to change? Over the course of American history why have some presidents succeeded brilliantly in applying their power and influence while others have failed miserably? In *Lincoln's Way* historian Richard Striner tells the story of America's rise to global power and the presidential leaders who envisioned it and made it happen. From Abraham Lincoln to Theodore Roosevelt within the Republican Party the legacy was passed along to FDR the Democratic Roosevelt who bequeathed it to Harry S. Truman, Dwight D. Eisenhower and John F. Kennedy. Six presidents, three from each party, helped America fulfill its great potential. Their leadership spanned the huge gulf that exists between our ideological cultures; they drew from both conservative and liberal ideas thus consolidating powerful centrist governance. No creed of mere government for government's sake; their program was judicious, it used government for national necessities. But it also brought inspiring results thus refuting the age-old American ultra-libertarian notion that the government that governs best governs least. In a forceful narrative blending intellectual history and presidential biography Striner presents the legacy in full. An important challenge to conventional wisdom, *Lincoln's Way* offers both an intriguing way of looking at the past and a much needed lens through which to view the present. As a result the book could change the way we think about the future.

FDR and Reagan John W. Sloan, 2008 A sharp analysis of the similarities, differences and impact of the presidencies of Franklin Roosevelt and Ronald Reagan, two iconic figures representing polar opposites of twentieth century American politics.

Arsenal of Democracy Julian E. Zelizer, 2009-12-29 It has long been a truism that prior to George W. Bush politics stopped at the water's edge; that is, that partisanship had no place in national security. In *Arsenal of Democracy* historian

Julian E Zelizer shows this to be demonstrably false partisan fighting has always shaped American foreign policy and the issue of national security has always been part of our domestic conflicts Based on original archival findings Arsenal of Democracy offers new insights into nearly every major national security issue since the beginning of the cold war from FDR s masterful management of World War II to the partisanship that scarred John F Kennedy during the Cuban Missile Crisis from Ronald Reagan s fight against Communism to George W Bushrues controversial War on Terror A definitive account of the complex interaction between domestic politics and foreign affairs over the last six decades Arsenal of Democracy is essential reading for anyone interested in the politics of national security **DK Biography: Ronald Reagan** Michael

Burgan,2010-12-20 DK Biography Ronald Reagan tells the story of the 40th president of the United States including his boyhood in Illinois his successful career as a Hollywood actor his tenure as governor of California and his two terms in the Oval Office Along the way it examines his vision his strengths and weaknesses and his enduring legacy as an American icon

Presidents Who Shaped the American West Glenda Riley,Richard W. Etulain,2018-02-08 Generations of Americans have seen the West as beyond federal control and direction But the national government s presence in the West dates to before Lewis and Clark and since 1789 a number of U S presidents have had a penetrating and long lasting impact on the region In Presidents Who Shaped the American West noted historians Glenda Riley and Richard W Etulain present startling analyses of chief executives and their policies illuminating the long reach of presidential power The authors begin each chapter by sketching a particular president s biography and explaining the political context in which he operated while in office They then consider overarching actions and policies that affected both the nation and the region during the president s administration such as Thomas Jefferson s augmentation of the West via the Louisiana Purchase and Andrew Jackson s removal of American Indians from the Southeast to Indian Country in the West Abraham Lincoln s promotion of the Homestead Act a transcontinental railroad and western territories and states free of slavery marked further extensions of presidential power in the region Theodore Roosevelt s conservation efforts and Jimmy Carter s expansion of earlier policies reflected growing public concern with the West s finite natural resources and fragile natural environment Franklin D Roosevelt s New Deal Dwight D Eisenhower s highway program and Lyndon B Johnson s Great Society funneled federal funding into the West In return for this largesse some argued the West paid the price of increased federal hegemony and Ronald Reagan s presidency arguably curbed that power Riley and Etulain also discuss the most recent presidential terms and the region s growing political power in Congress and the federal bureaucracy With an accessible approach Presidents Who Shaped the American West establishes the crucial and formative nature of the relationship between the White House and the West and will encourage readers to continue examining this relationship From Washington to Moscow Louis Sell,2016-08-04 When the United States and the Soviet Union signed the first Strategic Arms Limitation Talks accords in 1972 it was generally seen as the point at which the USSR achieved parity with the United States Less than twenty years

later the Soviet Union had collapsed confounding experts who never expected it to happen during their lifetimes In From Washington to Moscow veteran US Foreign Service officer Louis Sell traces the history of US Soviet relations between 1972 and 1991 and explains why the Cold War came to an abrupt end Drawing heavily on archival sources and memoirs many in Russian as well as his own experiences Sell vividly describes events from the perspectives of American and Soviet participants He attributes the USSR s fall not to one specific cause but to a combination of the Soviet system s inherent weaknesses mistakes by Mikhail Gorbachev and challenges by Ronald Reagan and other US leaders He shows how the USSR s rapid and humiliating collapse and the inability of the West and Russia to find a way to cooperate respectfully and collegially helped set the foundation for Vladimir Putin s rise **The Growth of American Government** Ballard C.

Campbell,2014-12-29 How and why has government gotten bigger Should be a compulsory assignment for any seminar on modern political culture The Journal of American History American government has evolved over the generations since the mid nineteenth century The changing character of these institutions is a critical part of the history of the United States This engaging survey focuses on the evolution of public policy and its relationship to the constitutional and political structure of government at the federal state and local levels A new chapter in this revised and updated edition also examines the debate about big government in recent decades A marvelous multidisciplinary synthesis that builds on the findings of historians of national state and local government along with those of economists and political scientists to provide a coherent account of the rise of modern American governing structures Journal of Interdisciplinary History **The World of the John Birch Society** D. Mulloy,2014-06-27 As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In The World of the John Birch Society author D J Mulloy reveals the tactics of the Society in a way they ve never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society s efforts The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today Throughout The World of the John Birch Society the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power **The Failure of American Conservatism** Claes G.

Ryn,2023-02-21 A Powerful Profound Assessment of Conservatism and America An impressive burst of creativity gave rise to a vigorous conservative intellectual movement in the United States after the Second World War Yet according to Claes Ryn the great potential of the movement was not realized because of major flaws The movement became preoccupied with politics to the neglect of academia history philosophy religion morality the arts and entertainment In the 1980s when Ronald Reagan won great political victories the movement celebrated the triumph of conservatism but this reaction confirmed a superficial understanding of what most fundamentally shapes society Developments in the culture were actually radicalizing the American mind and imagination and eroding America s constitutional order Conservatism also resisted intellectual discourse of the most rigorous kind and failed to make crucial distinctions Paradoxically it even made room for abstract universalist ideology including Straussian anti historicism and neoconservative imperialistic democratism Ryn was a very early critic of all these weaknesses The Failure of American Conservatism analyzes these weaknesses in depth It explains the current disorientation of conservatism and why cancel culture and Woke were predictable Mixing new and previously published writing the book bristles with provocative ideas It sets forth its own strongly argued view of how to understand and address America s crisis

A Concise American History David Brown,Thomas Heinrich,Simon Middleton,Vivien Miller,2020-10-04 Expertly steering readers through the often tumultuous and exhilarating history of the United States from its early modern Native American roots to twenty first century neoliberalism and the shifting political climate of the past decade this highly readable textbook provides a compelling overview of American development over the last five centuries This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world Balancing coverage of political social cultural and economic history each chapter also includes a wealth of features to facilitate learning Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America s history Clearly and engagingly written and positioning America s narrative within the wider global context this textbook is particularly accessible for non US students and is the perfect introduction for those new to US history This textbook is also supported by a companion website offering interactive content including a timeline multiple choice quizzes and links to selected web resources

American Legends Charles River Editors,2025-05-03 A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known In the famous movie Back to the Future Marty McFly travels back to 1955 and in an attempt to convince his friend Doc Brown that he is from 1985 tells the 1955 version of Doc

Brown that Ronald Reagan is president Doc looks at him incredulously and laughs chortling Ronald Reagan The actor In a story that could have come straight out of Hollywood the golden actor rose through California politics to become California governor and eventually the 40th President The 70 year old former actor then went on to have one of the most consequential presidencies of the 20th century unquestionably making him one of the most influential men of the last 50 years And his name is still as relevant in American politics today with every politician with an R next to his or her name trying to claim Ronald Reagan s conservative mantle In the Republican presidential nomination debates in 2011 Reagan s name was invoked an average of over 5 times per debate more than every other president combined Meanwhile Americans of all stripes continue to debate the merits of Reaganomics more than 30 years after Reagan was elected Like all legends Reagan s lengthy life and career have been molded to fit certain narratives to the point that they obscure the actual man American Legends The Life of Ronald Reagan looks at the personal and family life of the Golden Age actor governor and president while highlighting his accomplishments and assessing his ongoing legacy Along with pictures of Reagan and other important people and events in his life you will learn about Reagan like you never have before in no time at all [Studies in Law, Politics, and Society](#) Austin Sarat,2009-11-06 Trials are well known as paradigmatic legal events Some attract wide attention others mostly escape notice This title brings together the work of some of the leading scholars to think about the nature utility and limits of trials **The Subversive Screen** Brian E. Birdnow,2019-01-17 A riveting chronicle of Communist Party efforts to propagate Communism in the United States concurrent with Hollywood s Golden Age of creativity that came to define classical Hollywood cinema From the Great Depression through World War II the American Communist Party tried to take control of the motion picture industry This comprehensive and chronological account of Communist influence in Hollywood surveys the topic from the Popular Front s fight against Fascism during the 1930s to the height of the House Un American Activities Committee hearings in the late 1940s Birdnow an established historian and chronicler of domestic Communism outlines Communist International s organizational efforts promoting international communism focusing on the work of Communist political activists such as Willi M nzenberg a media mogul with an international network Gerhart Eisler patron of a Hollywood composer and Otto Katz a high profile publicist of the party line involved in movies in the 1930s and 1940s The book explores the covert ways in which Hollywood Communists and Soviet sympathizers attempted to tailor movie scripts to suit the Soviet agenda and discusses Communist front groups such as the Hollywood Anti Nazi League in great detail Final chapters offer convincing proof that the directors producers and screenwriters blacklisted by studios for their possible Communist affiliations known as the Hollywood Ten were members of the Communist Party [The Concise Princeton Encyclopedia of American Political History](#) Michael Kazin,Rebecca Edwards,Adam Rothman,2011-08-08 An essential guide to U S politics from the founding to today With 150 accessible articles written by more than 130 leading experts this essential reference provides authoritative introductions to some of the most important and talked about topics in

American history and politics from the founding to today Abridged from the acclaimed Princeton Encyclopedia of American Political History this is the only single volume encyclopedia that provides comprehensive coverage of both the traditional topics of U S political history and the broader forces that shape American politics including economics religion social movements race class and gender Fully indexed and cross referenced each entry provides crucial context expert analysis informed perspectives and suggestions for further reading Contributors include Dean Baker Lewis Gould Alex Keyssar James Kloppenberg Patricia Nelson Limerick Lisa McGirr Jack Rakove Nick Salvatore Stephen Skowronek Jeremi Suri Julian Zelizer and many more Entries cover Key political periods from the founding to today Political institutions major parties and founding documents The broader forces that shape U S politics from economics religion and social movements to race class and gender Ideas philosophies and movements The political history and influence of geographic regions *U.S. Presidents and Foreign Policy* Carl C. Hodge, Cathal J. Nolan, 2006-12-13 This work is a unique single source for information on the foreign policy wars treaties initiatives and doctrines of all 43 presidents of the United States From George Washington s isolationism to the Monroe Doctrine of hemispheric right to domination to Teddy Roosevelt s imperialism through George W Bush s global war against terror U S foreign policy has charted a varied course As the area where the president has the most freedom of action foreign policy can and often does change precipitously according to the incumbent s view of the world No other branch of government rivals the president s role in America s rise from liberal republic to global superpower This work brings together the scholarship of leading historians and political scientists to present in depth examination of the foreign policy of each president of the United States This thorough presentation covers all aspects of international relations although the work is not primarily interpretive it does not shy from pointing out both notable successes and failures The book s 43 essays present quick access to the whole of the history of American foreign policy

Eventually, you will enormously discover a extra experience and endowment by spending more cash. still when? do you believe that you require to acquire those every needs when having significantly cash?
