Ronald Searle In Le Monde:

Ronald Searle in Le Monde Ronald Searle, 2002-06-01 Ronald Searle a master of modern caricature has tremendously influenced the work of other artists His biting darkly satirical wit and unique graphic style have also earned him admirers from far and wide Groucho Marx called him a genius and John Lennon named him as one of two people along with Lewis Carroll who most affected his life Since 1995 Searle has plied his sardonic trade on the coveted op ed pages of the French daily newspaper Le Monde This book presents more than a hundred of the best of these cartoons ranging across politics the new Europe the nature of the contemporary economy social games and various angels both benign and mischievous Whether skewering the greed of the rich with images of men in suits padding each other's pockets with cash or conducting business under the table or making a poignant comment about how much harder peace has to work than war to stay in the same place Searle displays the same pungent incisive yet infinitely humane wit The deceptive simplicity of his lines and shadings combine with meticulously observed details of dress background and facial expression to produce arresting images that convey his messages powerfully and beautifully By turns delightful amusing and disturbing but always deeply thought provoking Searle's work reaches well beyond the specific occasion that inspired a given cartoon to illuminate key aspects of public life in the West at the end of the millennium This book contains twenty five illustrations not found in the French edition together with a new preface for English speaking readers written by Searle himself *Ronald Searle In Perspective* ,

Robert Graves and the Classical Tradition A. G. G. Gibson, 2015-07-09 The poet Robert Graves use of material from classical sources has been contentious to scholars for many years with a number of classicists baulking at his interpretation of myth and his novelization of history and questioning its academic value This collection of essays provides the latest scholarship on Graves historical fiction for example in *I Claudius* and *Count Belisarius* and his use of mythical figures in his poetry as well as an examination of his controversial retelling of the Greek Myths The essays explore Graves unique perspective and expand our understanding of his works within their original context while at the same time considering their relevance in how we comprehend the ancient world **The Comics Journal** , 2005 **Ronald Searle dans "Le Monde"** Ronald Searle, 1998 S'il est un trait reconnaissable entre tous et irr ductible tout autre c'est bien celui de Ronald Searle le plus anglais et le plus cosmopolite des grands dessinateurs Son humour aussi est ais ment identifiable Il repose sur quelques principes essentiels comme le choc des cultures les contrastes entre le graphisme et le sujet trait la subversion des mythologies Ses dessins tout en ayant une incroyable charge d'humour v hiculent un message qui d' passe leur contenu apparent Ronald Searle a organis son album en sept grands th mes politique Europe Afrique autres pays autres probl mes l' argent jeux de soci t quelques anges Cet ensemble de dessins publi s dans Le Monde entre 1995 et 1998 est une remarquable analyse symbolique de notre univers contemporain People of Today , 2006 All the Art That's Fit to Print (And Some That Wasn't) Jerelle Kraus, 2008-11-06 From the New York Times's former Op Ed art director the true story of the world's

first Op Ed page a public platform that prefigured the blogosphere Jerelle Kraus whose thirteen year tenure as Op Ed art director far exceeds that of any other art director or editor unveils a riveting account of working at the Times Her insider anecdotes include the reasons why artist Saul Steinberg hated the Times why editor Howell Raines stopped the presses to kill a feature by Doonesbury s Garry Trudeau and why reporter Syd Schanburg whose story was told in the movie The Killing Fields stated that he would travel anywhere to see Kissinger hanged as well as Kraus s tale of surviving two and a half hours alone with the dethroned outlaw Richard Nixon All the Art features a satiric portrayal of John McCain a classic cartoon of Barack Obama by Jules Feiffer and a drawing of Hillary Clinton and Obama by Barry Blitt But when Frank Rich wrote a column discussing Hillary Clinton exclusively the Times refused to allow Blitt to portray her Nearly any notion is palatable in prose yet editors perceive pictures as a far greater threat Confucius underestimated the number of words an image is worth the thousand fold power of a picture is also its curse Features 142 artists from thirty nations and five continents and 324 pictures gleaned from a total of 30 000 that stir our cultural political pot To discover what really goes on inside the belly of the media beast read this book Bill Maher In this overflowing treasure chest of ideas politics and cultural critiques Kraus proves that art is dangerous and sometimes necessarily so Publishers Weekly

Gommers,2001 Europe is a word that is almost daily on our lips But how far do we have to go back in order to find the origins of its name The first part of this beautifully

illustrated book traces the geographical and mythological basis of Europe's name Who came up with the idea to distinguish the world in continents with proper names The search will bring the reader back to the early history of mankind How did the ancient Egyptians see the world and populations around them Where did the Hebrews get the idea to split the world in three And what was the world picture in ancient Greece laid down in geographic treatises and fragments Where did the name Europe originate from Could it be from a person either mortal or divine In ancient Greek literature the name Europa appears quite frequently for Greek goddesses and Greek women Strangely enough the best known Europa myth concerns a Phoenician princess loved by the Greek god Zeus Many mythographs doubt the Asian descent of the Phoenician Europa Is her real origin to be located on mainland Greece How can the contradicting Greek myths be interpreted and was the name universally accepted as the name for the continent In the second part of this book the author tells the amazing story of how the Arts have treated the Europa myths for almost three millennia He shows the extraordinary influence of the personification of the geographic continent Europe on literature music sculpture painting tapestry and other applied arts All this clearly demonstrates the vivid interest in Europe for the subject throughout the ages and illustrates according to Karel van Miert in his Foreword our common European culture

Slightly Foxed - But Still Desirable Ronald Searle, 1989 As any even vaguely addicted book collector will have swiftly learned most booksellers catalogues are written in a parallel language that can fool anyone but the cognoscenti and which makes the mysteries of the Rosetta stone or Linear B look like something out of Enid Blythton Without a smattering of inside information the baffled but hopelessly bitten book buyer is drifting unarmed and unprepared into a minefield whose perilous complexities will usually only be made plain when an eagerly awaited parcel of dream volumes arrives and mangled contents are revealed in all their deceptive glory But all is not lost Help is at hand After a lifetime of avidly scanning the frequently poisonously tinted pages of innumerable book catalogues Ronald Searle has become expert in the art of decoding those esoteric poetic and usually approximate descriptions of literary come ons Now licking his wounds he publishes his hard earned findings in this fully illustrated pioneer guide designed to foil the devious machinations of scheming and wicked booksellers for ever more No longer will the innocent book collector need to puzzle over the finer meaning of old half road good working copy blind tooled or tail edged shaved The unvarnished truth is here exposed at last both in the shocking explicit drawings and in the devastatingly frank glossary whose revelations will startle even the most battle scarred of bibliophiles The result is one of the funniest most entertaining books to have emerged from the brilliantly perceptive pen of the master No book collector and certainly no bookseller can afford to be without it even the wicked ones [The Spectator](#), 2005
