Travellers in Spain, and Readers at Home ... By Richard Ford. With Travelling Maps, Etc Richard FORD (of Heavitree, near Exeter.),1855 *Small Wars and Insurgencies in Theory and Practice, 1500-1850* Beatrice Heuser,2017-10-02 In early modern times warfare in Europe took on many diverse and overlapping forms Our modern notions of regular and irregular warfare of major war and small war have their roots in much greater diversity than such binary notions allow for While insurgencies go back to time immemorial they have become conceptually fused with small wars This is a term first used to denote special operations often carried out by military companies formed from special ethnic groups and then recruited into larger armies In its Spanish form guerrilla the term small war came to stand for an ideologically motivated insurgency against the state authorities or occupying forces of another power There is much overlap between the phenomena of irregular warfare in the sense of special operations alongside regular operations and irregular warfare of insurgents against the regular forces of a state This book demonstrates how long the two phenomena were in flux and fed on each other from the raiding operations of the 16th century to the small wars or special operations conducted by special units in the 19th century which existed alongside and could merge with a popular insurgency This book is based on a special issue of the journal Small Wars Insurgencies The Conquest Of Granada Washington Irving,1941 In 1830 Irving published his *Chronicles of the Conquest of Granada* one of the most delightful of his works an exact history for such it is admitted to be by those who have searched most carefully the ancient records of Spain yet so full of personal incident so diversified with surprising turns of fortune and these wrought up with such picturesque effect that to use an expression of Pope a young lady might read it by mistake for a romance Chronicle of the Conquest of Granada Washington Irving,2020-05-12 The nineteenth century author of *The Legend of Sleepy Hollow* presents a vivid history of the Granada War which ended Islamic rule in Spain From 1482 to 1492 Catholic monarchs Isabella I of Castile and Ferdinand II of Aragon mounted a series of military campaigns against the Nasrid kingdom of Granada Washington Irving's acclaimed *Chronicles of the Conquest of Granada* describes the struggles and numerous battles of the ten year conflict which culminated with the annexation of Granada by Castile Irving frames the text as a recovered contemporary manuscript written by the fictional Jesuit priest Fray Antonio Agapida lending a sense of immediacy to his narrative *Tales of a traveller ; A chronicle of the conquest of Granada ; The Alhambra* Washington Irving,1840 **The English Cyclopaedia** ,1866 *The English Cyclopaedia: Geography* ,1866 **Don Juan de Las Sierras, Or, El Empecinado.
