In this collection contributors consider films, music, and picturebooks relating to Lindgren in addition to the author's reception internationally. English Translations of Korczak's Children's Fiction Michał Borodo, 2020-02-22 This book investigates major linguistic transformations in the translation of children's literature focusing on the English language translations of Janusz Korczak, a Polish Jewish children's writer known for his innovative pedagogical methods as the head of a Warsaw orphanage for Jewish children in pre-war Poland. The author outlines fourteen tendencies in translated children's literature including mitigation, simplification, stylization, hyperbolization, cultural assimilation, and fairy-talization in order to analyse various translations of *King Matt the First*, *Big Business Billy*, and *Kaytek the Wizard*. The author then addresses the translators' treatment of racial issues based on the socio-cultural context. The book will be of use to students and researchers in the field of translation studies and researchers interested in children's literature or Janusz Korczak. **Fairy-Tale Films Beyond Disney** Jack Zipes, Pauline Greenhill, Kendra Magnus-Johnston, 2015-09-16 The fairy tale has become one of the dominant cultural forms and genres internationally thanks in large part to its many manifestations on screen. Yet the history and relevance of the fairy tale film have largely been neglected. In this follow-up to Jack Zipes's award-winning book *The Enchanted Screen* (2011), *Fairy Tale Films Beyond Disney* offers the first book-length multinational multidisciplinary exploration of fairy tale cinema. Bringing together twenty-three of the world's top fairy tale scholars to analyze the enormous scope of these films, Zipes and colleagues Pauline Greenhill and Kendra Magnus-Johnston present perspectives on film from every part of the globe, from Hayao Miyazaki's *Spirited Away* to Jan van Kesteren's *Alice* to the transnational adaptations of *1001 Nights* and Hans Christian Andersen. Contributors explore filmic traditions in each area not only from their different cultural backgrounds but from a range of academic fields including criminal justice studies, education, film studies, folkloristics, gender studies, and literary studies. *Fairy Tale Films Beyond Disney* offers readers an opportunity to explore the intersections, disparities, historical and national contexts of its subject and to further appreciate what has become an undeniably global phenomenon. *Bodies Inhabiting the World* Niels Henrik Gregersen, Derek R. Nelson, Bengt Kristensson Uggla, 2023-11-20 *Bodies Inhabiting the World: Scandinavian Creation Theology and the Question of Home* offers a multidimensional investigation of how houses, bodies, communities, and the whole universe may be conceived and refigured as places where we belong, where we are at home in God's creation. In this way, revisiting the tradition of Scandinavian creation theology provides profound resources to make theological affirmations of God's omnipresence in the human condition we all share. The emergence here of an exciting new theological program can be recognized beyond the limitations of other

contemporary agendas cul de sacs blind spots and diffidence What it is to have a home is a universal question closely connected to what it means to be human and to live a good flourishing life But the negative experiences of homelessness broken homes statelessness and alienation always lurk in the background of the universal quest to find one's home in the world This book contains fourteen essays exploring the dynamics of the human experience of finding losing and finding again a home
