Ronsard's Sonnet Cycles Donald Stone,1966 Ronsard's Sonnet Cycles. A Study in Tone and Vision Donald Stone (jr.),1966 **Ronsard's Sonnet Cycles** Donald Adelbert Stone (Jr),1966 *The Sexual Culture of the French Renaissance* Katherine Crawford,2010-04-22 An examination of how Renaissance textual practices and new forms of knowledge transformed notions of sex and sexuality in France *Shakespeare's Sonnets* Katherine Duncan-Jones,2014-05-01 Shakespeare's Sonnets are universally loved and much quoted throughout the world First published in 1997 to much critical acclaim the Sonnets has been a consistent best seller in the Arden Shakespeare series Katherine Duncan Jones tackles the controversies and mysteries surrounding these beautiful poems head on and explores the issues of sexuality to be found in them making this a truly modern edition for today's readers and students This revised edition has been updated and corrected in the light of new scholarship and critical thinking since its first publication Interpreting the Songs of Jacques Leguerney ,Carol Kimball,Patrick Choukroun,2001 Jacques Leguerney heir to the exquisite French m lodie tradition is beautifully served in this carefully researched and practical performance guide The Leguerney melodies are gratifying vehicles for both singers and pianists They reflect the nature of the man himself elegance grace sophistication and an awareness of beauty in all its forms To be in the presence of Monsieur Leguerney no matter how briefly was itself an aesthetic experience This study leads the way to establishing international recognition for a composer who so richly deserves it Richard Miller Wheeler Professor of Performance and Director of the Vocal Arts Center Oberlin Conservatory The songs of the extraordinary composer Jacques Leguerney form a magnum opus of undeniable beauty and originality The various aspects of his musical style are discussed in depth in this book which is a must for performers and enthusiasts of the m lodie Unquestionably it will help achieve the recognition that Jacques Leguerney deserves as one of the twentieth century's great song composers Dalton Baldwin internationally acclaimed pianist Just when we thought there wasn't a major song composer left to explore the trio of Dibbern Kimball and Choukroun have written this invaluable much needed study of the songs of Jacques Leguerney Nothing is left out and all is treated with precision and detail My hat is off to these remarkable scholars and performers who have provided us with a wealth of information that is a must in every serious art song enthusiast's library Chapeau Thomas Grubb the Juilliard School Peabody Conservatory of Music Houston Grand Opera New York City Opera author of *Singing in French* **The Classical Heritage in France** Gerald N. Sandy,2002 A study of the reception of Greek and Latin culture in France in the 16th and 17th centuries There are surveys on topics as diverse as the role of French travellers to classical lands in transforming perceptible reality into narrative textuality and the influence of ancient law in France Selected Poems Pierre Ronsard,2002-08-29 Ronsard is considered one of France's greatest love poets yet his poetic achievements are not restricted to his verses of love wine and nature A true Renaissance figure his themes ranged from politics science and philosophy to the bawdy and risqu Using Greco Roman and Italian poetic models and drawing on the

rich images of classical mythology Ronsard revolutionised the tradition of French poetry In the 20th century Ronsard's poetry was influential for W B Yeats translated by Sylvia Plath and illustrated by Henri Matisse He stands as one of the most innovative and diverse voices in the history of European poetry

Love Poetry in Sixteenth-century France Stephen Minta, 1977 *Selected Poems* Du Bellay, Ronsard, 2023-07-11 Live now and listen do not wait in vain Until tomorrow pluck life's rose today Joachim du Bellay and Pierre de Ronsard are two of the major sixteenth century French poets and leaders of the extraordinary group known as La Pléiade Determined to create a national vernacular literature the Pléiade poets profited from an intense study of Greek and Roman models and from a creative use of classical mythology to produce a body of verse that reflects the vigour and variety of European Renaissance culture Du Bellay broke new ground with the gritty realism and resentment of the *Regrets* and with his meditation in the *Antiquities* on the rise and fall of the Roman Empire In a series of sonnet sequences *Cassandre* Marie Astruc Heline Ronsard developed the Petrarchan tradition of love poetry with a wider range of situations a richer imagery and more robust sensuality His reputation as France's greatest love poet should not however obscure his excellence in an astonishing variety of forms and genres such as elegies odes philosophical hymns and religious controversy Anthony Mortimer's verse translations cover this many faceted achievement in a version that functions as English poetry in its own right without departing from the letter and spirit of the original The French text is given on facing pages and a useful appendix contains extracts from seminal manifestos by the two poets A critical introduction a glossary of names and places and abundant notes encourage the reader to place the poems in their social and cultural context

The Gallo-Roman Muse Dorothy Gabe Coleman, 1979-09-20 In this 1979 book the author examines the Roman values that influenced sixteenth century French literature

Ronsard's Ordered Chaos Malcolm Quainton, 1980 *The Labyrinth of Love* Pierre de Ronsard, 2021-01-23 Hailed as the Prince of Poets of the French Renaissance Pierre de Ronsard composed a rich body of love poetry that has captivated audiences and challenged scholars for many centuries through its undulating liquid forms and powerful metamorphic imagination Blending oneiric fantasy and mythological profusion this poetry appeals to readers steeped in the classical tradition and receptive to an esthetic of vitality and abundance rather than the brooding self pity more characteristic of Petrarchism This new translation captures the essence of a poetic legacy whose exuberance and emotion can still be deeply felt today Eric MacPhail author of *Religious Tolerance from Renaissance to Enlightenment* *Atheist's Progress* Ronsard is a towering figure in the history of European

poetry but his work is little read these days other than in the form of single line quotations Henry Weinfield has made a substantial selection that reflects different aspects of Ronsard's immense output from his earliest love sonnets to his death bed meditations Translating sixteenth century French poetry into English verse while remaining close to the original is a formidable task but Weinfield's sensitivity and ingenuity are equal to the challenge he has found an idiom which both retains the flavor of the Renaissance and remains fluent and transparent to modern ears The French text is provided on facing pages so that even those unfamiliar with early modern French will be able to explore the original This is an important act of cultural transference that will give Ronsard's extraordinary poetic imagination a new lease of life for readers of the twenty first century Terence Cave Emeritus Professor of French Literature University of Oxford and Emeritus Research Fellow St John's College First came Henry Weinfield's irreplaceable versions of Mallarmé in 1994 and now comes a second masterpiece of translation with this new selection of Ronsard Weinfield has a supernatural talent for rendering the most difficult poets into clear cadenced and beautiful English The man is a wizard Paul Auster Editor The Random House Book of Twentieth Century French Poetry *Yale French Studies*, 1948 Carpe Corpus Cathy Yandell, 2000-11 Carpe Corpus investigates time as it was theorized imagined and lived in early modern France Despite the current flourishing of critical attention to women poets works critical assessments of Renaissance temporality remain almost exclusively shaped by early modern male writers A reading uninformed by female poets has deprived us of a more multifaceted vision of the temporal concordia discors at work in all these poets In Carpe Corpus Cathy Yandell offers original interpretations of such literary giants as Ronsard and Louise Labe as well as lesser known but increasingly studied poets of the sixteenth century notably Anne de Marquets Nicole Estienne and Catherine des Roches Through readings of poetry conduct manuals and moral treatises this volume seeks to reconstruct the temporal landscape of early modern France BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Myth of Sisyphus Elliott M. Simon, 2007 The myth of Sisyphus symbolizes the archetypal process of becoming without the consolation of absolute achievement It is both a poignant reflection of the human condition and a prominent framing text for classical medieval and renaissance theories of human perfectibility In this unique reading of the myth through classical philosophies pagan and Christian religious doctrines and medieval and renaissance literature we see Sisyphus the most cunning of human beings attempting to transcend his imperfections empowered by his imagination to renew his faith in the infinite potentialities of human excellence BOOK JACKET **Hybrid Genres / L'Hybridité des genres**, 2018-02-12 The essays collected in this volume explore the ways in which hybridity functions in a wide variety of visual musical and written texts from France the Francophone world and beyond Hybridity is defined here as an unexpected interaction or combination between two or more forms whether literary filmic ethnic generic or gendered The volume covers works ranging from the 16th to the 20th centuries from Pierre de Ronsard to Woody Allen The essays demonstrate that rather than being a uniquely postmodern or postcolonial phenomenon hybridity may be integral to

creativity itself leading to the conclusion that hybrid forms tend to challenge authority by proposing alternatives to existing power structures or questioning conventional ways of thinking and viewing the world
